

## Faculty Guidelines for Proctoring in Distance Learning Courses

## **Purpose of Guidelines and Existing Policy**

To address new regulations stemming from the federal reauthorization of the Higher Education Act in 2008, the Southern Association of Colleges and Schools (SACS) has requested its member institutions to address student authentication for all distance and correspondence courses. The regulation requires an institution accredited by an accrediting body that is recognized by the U.S. Secretary of Education to "demonstrate that the student who registers in a distance or correspondence education course or program is the same student who participates in and completes the course or program and receives the credit by verifying the identity of a student who participates in class or coursework." Thus, the University has instituted the following policies to address student authentication:

- **Step 1:** All students enrolled in UL Lafayette courses will receive individual secure login and pass codes to the learning management system (LMS).
- **Step 2:** Additionally, student identity will be verified through use of the latest technology. Those additional measures are discussed in the proceeding section.

#### **Additional Measures**

UL Lafayette has adopted additional student authentication measures based on a course-by-course philosophy for hybrid and online courses to be implemented by its trained faculty members:

- The syllabus prepared for hybrid and online courses will identify additional student authentication measures. Note: Some faculty may choose to place this information in other course documents. The objective is to make sure this information is clear and easy to find for students.
- 2. At least one additional authentication measure may be implemented by course instructors and professors. The Office of Distance Learning will be active in providing assistance in establishing these and other measures in collaboration with College and Departments.
- 3. College and Departments are ultimately charged with enforcement of additional measures.
- 4. Additional measures should be consistent among multiple sections of the same course with different course instructors.

#### **Important Clarification**

The remaining portion of this document provides a <u>set of guidelines</u>, <u>not policies</u>, for use by faculty members in determining the best strategy to deliver tests / exams in a secure environment to students enrolled in distance learning courses, namely online. Proctored examinations are only one of the additional measures at a faculty members' use to authenticate identity. While additional authentication measures must be implemented by course instructors and professors, proctoring is not required; however, some measure/strategy to address student authentication and protect the academic integrity of the course is required.

## **Proctored Exam Options:**

At UL Lafayette faculty members have four choices for delivering proctored exams to students:

- 1. Require Students *to* come to campus
- 2. Utilize the UL Lafayette Testing Center
- 3. Use a virtual proctoring service
- 4. Require students to find an approved proctor

## Faculty Guidelines for Proctoring in Distance Learning Courses

## **Proctoring On Campus:**

A faculty member may establish a specific campus classroom, date and time for distance students to come to UL Lafayette and complete their exam with their instructor. This information should be conveyed to students clearly and well before the exam date or before registration.

## **UL Lafayette Testing Center:**

Additionally, the instructor may approve the use of the <u>UL Lafayette Testing Center</u>. The UL Lafayette Testing Center will proctor paper-based and computer-based correspondence and/or distance learning exams. These exams are proctored by appointment only and a fee of \$25.00 per examination will be incurred. Payment options for the proctoring fee include cash or check. All examinees must present a photo-ID before being allowed to test in our office. For more information about these exams, please contact the UL Lafayette Testing Center.

UL Lafayette, Testing Center: Saucier Wellness Center – OK Allen Hall Phone (337) 482-6480 Fax (337) 482-1720 Email: <u>testing@louisiana.edu</u>

## **Virtual Proctoring:**

Examity and ProctorU are two services that UL Lafayette faculty may use for proctoring online exams. Faculty electing to use virtual proctoring should contact the Office of Distance Learning.

#### Examity

Examity is integrated into Moodle, the University's learning management system (LMS), and gives instructors the ability to self-manage the scheduling of proctored events. Examity offers different levels of proctoring service depending on the needs of the instructor and the type of exam being given. Costs for each level vary. All five levels encompass authentication for the student with varying degrees of proctoring.

- AA automated authentication only
- Level 0 authentication by a live person
- Level 1 recording and random review of tests
- Level 2 recording and review of all tests
- Level 3 live continuous proctoring

Students are able to schedule exam appointments with Examity 24 hours per day / 7 days per week. Students are responsible for the proctoring fees. Faculty should notify students of any additional costs at the beginning of the semester. Students will need to schedule exams at least 24 hours in advance to avoid a \$5 late fee.

Requirements

- desktop or laptop (no tablets or smartphones)
- internal or external webcam and microphone
- You will be asked to rotate the camera to allow the proctor to see the testing room so if the camera is built in be prepared to move it if asked
- The network speed needs to be at least 3 Mbps (you can test your speed at speedtest)
- Browser Pop-Up Blockers need to be disabled.

24-hour tech support provides help over the phone, through email, or via live chat. To see what a proctoring session may look like <u>watch</u> this video.

## Faculty Guidelines for Proctoring in Distance Learning Courses

#### ProctorU

ProctorU allows students to conveniently and securely complete assigned exams using almost any web cam. With a computer and approved web cam, students can take online exams at home, at work, or almost anywhere they have Internet access. ProctorU connects students directly to their proctor via web cam so they can both see and talk to one another. ProctorU can also monitor the student's computer while they complete the exam. Watch <u>this video</u> for an introduction to ProctorU. Students pay ProctorU for a 2-hour testing time at the time they schedule their appointment for an exam. Students should be advised to schedule an appointment time at least 3 days in advance of their test date to avoid late charges or availability.

To be successfully proctored by ProctorU, you will need the following:

PC Users: A well-working computer running Windows XP or higher with 1024 MB of RAM or higher.

Mac Users: A well-working computer running Mac OS X or higher

A web cam with 640x480 video pixel resolution (web cams built into laptops or monitors are acceptable)

Headphones or working speakers connected to the computer

A microphone connected to the computer (your web cam or laptop may already have one built into it.)

A reliable high speed internet connection (minimum 768 Kbps/384 Kbps Download/Upload)

🖉 А

A web browser, preferably Firefox, with Adobe Flash Player installed

Authority to allow remote access to your computer and screen by one of our proctors

## **Require Students to Find an Approved Proctor**

Faculty may choose to require students to submit a completed UL Lafayette Proctor Approval Application (PDF) by the end of the second week of the semester/term or as directed by the course instructor with the information of the individual who is willing to act as the proctor. The faculty member will contact the proctor to determine their eligibility as a proctor. See "Who can be approved to serve as a Proctor" in the "Student Guidelines for Finding an Approved Proctor" below.

*Note:* Exams or exam passwords should not be distributed to a proctor unless the Proctor Approval Application is on file with the instructor's department.

A proctored exam is one that is overseen by an impartial individual (called a *proctor*) who monitors or supervises a student while he or she is taking an exam. The proctor ensures the security and integrity of the exam process.

#### **Proctor Approval Process:**

- a. Find an appropriate proctor within the first two weeks of the semester.
- b. Complete and submit the UL Lafayette Proctor Approval Application.
- c. Provide your exam schedule to your approved proctor.
- d. Comply with any payment schedule that *may* be required by your approved proctor or testing center.
- e. Schedule your exam date and time with the proctor well in advance of the testing window provided by your instructor.
- f. Take your exam within the timeframe outlined in your course syllabus.

#### Who can be approved to serve as a proctor?

An acceptable proctor is someone with no conflict of interest in upholding UL Lafayette's <u>Academic Code of Conduct</u>. **Relatives, friends, spouses, neighbors, employer/supervisor/boss, pastor/clergy, and/or co-workers are not acceptable proctors.** A proctor candidate may be from one of the following categories:

- Educational administrator or librarian at a community college, university, or high school
- Librarian at a public library
- Learning Center, ESO or an officer of higher rank than the student, if in the military
- College, university, or private testing center

#### How to find an approved proctor?

Students can check the <u>National College Testing Association (NCTA)</u>, a national testing information site. If there is no available option nearby, please read on for instructions on identifying and getting approval for a proctor. A student can start the process by contacting your local public library, community college or university or, if the student is in the military, the student should contact their education officer. Many of these facilities have experience in proctoring exams from various institutions. The proctor will fill out the bottom half of the Proctor Approval Application.

#### What are the requirements for proctor approval?

Submit a completed UL Lafayette Proctor Approval Application (PDF) by the end of the second week of the semester/term (or as directed by the course instructor) with the information of the individual who is willing to act as the proctor. The faculty member will contact the proctor to determine their eligibility as a proctor.

*Note:* Exams or exam passwords should not be distributed to a proctor unless the Proctor Approval Application is on file with the instructor's department.

#### What is the fee for a proctor's services?

Fees vary for the use of a testing facility and the proctor's time to receive, monitor, and return your exam. Please be sure to determine if there is a fee, what it is, and when it must be paid. Testing centers often require prepayment, and a receipt for payment may serve as your ticket to the proctored exam session. These practices vary among libraries, schools, colleges, universities, and private testing centers.

# How to access, complete, and submit the proctor approval application?

To complete and submit this application:

- 1. Print out and complete the Student portion (Section 1) of the application.
- 2. Have your proposed proctor or testing center director complete the Proctor portion (Section 2) of the application.
- 3. Scan the completed document and submit to your instructor.

### What technology must the proctor have?

At a minimum, the proctor must have a valid, working e-mail address and telephone number so that the department may communicate with them. Depending on whether the exam is offered via the Internet or paper-based, the proctor should also have:

- A computer with Internet access for the proctor and student
- And if necessary, a Printer
- And if necessary, a FAX machine

### How do I schedule my exam(s)?

- a. Check your course site for all exam dates and times. (Do this as soon as you can access your course site and the course syllabus.)
- b. Contact your approved proctor with the entire exam schedule as it appears on your course site as soon as possible. Note: Be sure that fees are paid in advance of the actual exam date if required by the proctoring service.
- c. Schedule a day and a time within the testing window to take the exam with the proctor. Note: Failure on the part of the student to assume these responsibilities will be a matter to resolve with the instructor and could result in a failing grade on the exam in question.

#### What are the proctor's responsibilities?

- The proctor must ensure that all necessary technologies are available and working.
- Only the proctor may handle the actual exam prior to and following its completion.
- No copies of the exam other than the copy used for test-taking are to be made at any time.
- No person other than the proctor and student may view the exam. (The student may have access to the exam only during the time period allowed by the instructor.)
- The proctor must follow the instructor's requirements for administering the exam. These may include a time limit, specific allowable equipment, such as a calculator and inclusion or exclusion of books, notes, etc.
- If paper-based, the proctor must prepare the exam (and any relevant materials, e.g., scratch paper) for return by sealing it in an appropriate envelope, provided by the UL Lafayette department, immediately after the student completes it.

*Note:* Full instructions for return and necessary postage will be supplied by UL Lafayette to the proctor prior to availability of the exam.
