

Your Success is Our Mission

The Academic Success Center is here to help you find your footing in academia—and the world.

We're not just here to help you choose a major that fits your skills and interests, find the right classes, and connect you with the academic support needed to stay ahead of the curve—we can help you create a gameplan to get you into the career you always wanted.

Helping You Succeed

The Academic Success Center (ASC) counselors and staff assist you in making a successful transition into the University of Louisiana at Lafayette. We're also a great resource for students who are looking for tutoring, advising, and information about changing majors.

Located at the heart of the campus in Lee Hall, the Academic Success Center is your best resource for academic support services. Appointments are not necessary to see an academic counselor. If you have a question and do not know where to find the answer, start with a counselor in the Academic Success Center.
