66	The topics addressed were great. It was topics I would not have thought of prior to reading them.	5/1/2018 11:02 AM
67	I like the concept and general information. It is useful tool to keep parents up to date and current.	5/1/2018 11:01 AM
68	This is not regarding the newsletter, but my daughter and her roommate both said that a lot of the information given to students during the first day of Freshman orientation was information that had already been given to students. And time was spent telling them about SOUL camp, which was already full. Time was spent telling them about dorm options, when most already had housing selected. The tour also needs to stop giving lectures in the Quadrangle by the Fleur de Lis in the hot sun. (That was fine when there were trees out there, but no longer.)	5/1/2018 11:00 AM
69	Ideas on some safe and fun things to do on and off campus that go on throughout the year.	5/1/2018 10:51 AM
70	Where and how to fight tickets	5/1/2018 10:37 AM
71	Very informative!	5/1/2018 10:01 AM
72	Everything was very well presented !! Thank you for everything you have worked so hard to present to us ... parents!! Never knew anything about parent orientation ... must have overlooked that one.	5/1/2018 9:53 AM
73	?	5/1/2018 9:52 AM
74	not sure a lot was covered.	5/1/2018 9:49 AM
75	Be more in detail on everything	5/1/2018 9:48 AM
76	Please keep up the good work of sharing with parents. We are not helicopter parents but having the information keep us informed without being in his business, if that makes sense. It allowed us to be prepared and have meaningful conversations with our son.	5/1/2018 9:48 AM
77	More on how to help students being away from home	5/1/2018 9:42 AM
78	The lunches. At the end of the first semester, the cafeteria ran out of bread. My son couldn't get a sandwich because they ran out of bread. I paid a lot of money for meals and for them to run out of bread the last week is a problem. The meal plan is way to expensive for what we got.	5/1/2018 9:42 AM
79	I thought the newsletter did a great job in keeping parents informed and up to date.	5/1/2018 9:41 AM
80	Discussion was great	5/1/2018 9:36 AM
81	I THINK YOU DID A GOOD JOB TELLING US THE THINGS THAT WERE GOING ON.	5/1/2018 9:28 AM
82	Stress relief. She is considering medical school and has placed so much pressure on herself. Also, tutoring has been something that my boys who are in engineering have needed and there is not really a good setup to help them with this. It took multiple phone calls to find one for calculus and I was never able to find one for physics and engineering classes. The free assistance at Lee Hall has been used by all 4 of my children and they did not find it helpful at all. It would be so helpful if the school had a list of tutors for each subject. I think LSU has this.	5/1/2018 9:26 AM
83	Information about services that's offered on campus for students	5/1/2018 9:23 AM
84	Initially, where to go for medical help and how to get off to a fast start. Roommates from northern states seemed to have an easier time transitioning. Later in semester a review of dining options, specifically for declining balance. Dining room got repetitive.	5/1/2018 9:19 AM
85	how to address the liberal slant that our students will face on campuses	5/1/2018 9:12 AM
86	mental health support available at times of stress/ feeling overwhelmed / depression	5/1/2018 9:11 AM
87	Encouraging parents to ask lots of questions about when tests and major assignments are due. Follow up with their students, and encourage them to seek resources with things do go poorly before they get out of hand. Kids are still looking for advice from their parents.	5/1/2018 9:08 AM
88	It was all spelled out. Just continue what you are doing. Students/parents need to be mindful of absenteeism and tutoring services that are available.	5/1/2018 9:06 AM
89	The newsletter was great as-is!	5/1/2018 9:04 AM
90	Parent newsletter was informative	5/1/2018 9:00 AM
91	The parent newsletter was full of information that helped us stay on top of our planning.	5/1/2018 8:55 AM

2	STAY ON TOP OF YOUR CHILD'S GRADES AND WORK	6/7/2018 8:00 AM
3	Soul camp is not worth the time or money.	6/3/2018 1:37 PM

5	I didn't attend the parent orientation because it was my 3rd child going through ULL but I would tell new parents to attend and to read their newsletter from you. Great information!	5/28/2018 8:44 AM

19	Every thing is not as it seems it was scary for me as a parent because my child had the roommate from hell	5/21/2018 3:45 PM
20	Giving your child space when they first start college will be difficult but also necessary as they navigate their new world. Let them come to you with issues they need help solving, but allow them space to solve problems on their own first. It will be beneficial to you both in the long run.	5/21/2018 3:41 PM

OFYE Parent Survey 2018

27	Let them learn on their own as much as possible— minimize your “parental advice” to issues of a serious nature. Kids need to learn how to navigate life’s challenges— not be led by the hand at every “bump’ in the road. They can also learn things from experiencing negative outcomes.	5/21/2018 12:16 PM
28	Stay involved	5/21/2018 12:12 PM
29	Use the newsletter to be informed and then use the content to make sure your student is on track.	5/21/2018 11:48 AM
30	Let your child experience on there own	5/21/2018 11:45 AM
31	Talk to your young adult, mentor them, don't judge	5/21/2018 10:57 AM
32	Don't be discouraged if your son/daughter fails a class because they will be successful no matter what life throws at them.	5/21/2018 10:44 AM
33	I hate the school would never recommend people to go here	5/21/2018 10:31 AM
34	be supportive	5/21/2018 10:31 AM
35	don't believe much about how great the cafeteria is or how accommodating the housing staff is (except for RA's- they were great)	5/21/2018 10:19 AM

38	Block Dana Bekurs from emails.	5/21/2018 10:05 AM
39	Stay involved	5/21/2018 10:03 AM
40	I love the orientation...needed more people out there after session...especially financial aid. My advise to parents .. Is to help guide the children in the right direction...it doesn't hurt. Even though they are considered adults they still need guidance and assistance at time.	5/21/2018 10:01 AM
41	Attend another learning institution, it was THAT BAD.	5/21/2018 9:53 AM
42	Let them have the responsibility to take care of business affairs. College is a great opportunity for them to grow more independent and become self reliant.	5/21/2018 9:52 AM
43	read the newsletters; they have a wealth of information!	5/21/2018 9:49 AM
44	Your advice to let them make decisions on their own was very helpful.	5/21/2018 9:48 AM
45	Review what classes academic advisors recommend to your freshman student. My son was advised to take a fail out accounting class	5/21/2018 9:48 AM
46	Don't worry everything will be ok	5/12/2018 8:15 AM
47	1. Look up the degree plan and course descriptions. 2. Make sure you keep up with whether scholarships have been paid and posted to accounts.	5/9/2018 8:59 PM
48	Comment to # 5: We live out of state. At the time my child was given the opportunity to attend orientation and register for classes in April, we had just been their in March for a visit as a family and it was a financial burden to all attend again.	5/9/2018 9:26 AM
49	Communicate with your student.	5/8/2018 10:09 PM
50	Encourage your student to get involved in some extracurricular activities. There is much offered, but sometimes the student may need encouragement to get involved. Consider enrolling in SOUL camp. My son absolutely enjoyed it and made the transition to college life much easier.	5/8/2018 1:30 PM
51	E prepared for a long orientation day which is filled with a lot of repetitive info which a lot of is of no use to you or your student at all	5/4/2018 11:15 AM
52	Hang in there, don't hover, respect them and their new space and pray a lot. #neverquit	5/3/2018 5:34 PM
53	Give them space but check on them occasionally by going into Grades First. Eye opening for me and my "investment" there.	5/3/2018 3:41 PM
54	make time for visits...the year flies by!	5/3/2018 11:59 AM
55	Have your child add you to all accounts and email so you can help when needed.	5/3/2018 11:31 AM
56	Go to ULL --- your child will love it--	5/3/2018 10:39 AM

OFYE Parent Survey 2018

57	Positive reinforcement to your student. They may stumble and have to drop a class, don't berate them, this is how we learn.	5/3/2018 7:10 AM
58	I would advise they consider another school.	5/2/2018 8:11 PM
59	Be engaged in all of the opportunities offered by the university for parents. Great info and great university!	5/2/2018 2:47 PM
60	1. bring a "thick Winter Jacket" to Orientation. 2. Don't expect the financial aspect to go smoothly...it is slow. 3. encourage your student too take advantage of some of the many opportunities for socialization available but.....make sure they don't try to do everything. 4. The amount of homework and self study is double if not more than it was in high school. Talk to your student about this. 5. deadlines are just that..deadlines for getting reports/tests/etc submitted. Most Professors do not bend on this unlike many high school teachers.	5/2/2018 12:35 PM
61	Its hard to let go but let them make the mistakes so they can grow. Thank you for the newsletters-- they were all very helpful.	5/2/2018 12:29 PM
62	Growth does happen; let them do everything themselves to learn.	5/2/2018 12:12 PM
63	Actively participate in everything the OFYE sends out. It is a fantastic source of information and resource to a successful 1st Yr. Thank you!	5/2/2018 8:15 AM
64	Maintain communication with your child and be supportive. Don't expect perfection or be surprised when there are bumps in the road.	5/2/2018 1:10 AM
65	attend the parent orientation	5/1/2018 11:58 PM
66	Keep Freshman in a dorm for first year, stay in tuned with the student's successes and failures and speak up about cafeteria food if it continues to miss the mark	5/1/2018 10:43 PM
67	First of all, inform your child to go into the situation with a positive mindset, and know that everyday want be a good day but there is something good in everyday! Tell them to always encourage themselves through the highs and lows, and no matter what, always put God first in all that they do because with him, all things are possible! Parents, be your child support system because it's not high school, they're in the big world now, and they'll need you more now than ever!! Good luck future "Cajuns"....☐	5/1/2018 9:44 PM
68	Go to the parent orientation and read the emails!!	5/1/2018 9:32 PM
69	Read the office of the 1st yr newsletters, encourage their child to get involved, join an LLC	5/1/2018 9:20 PM
70	Encourage your child to use non-classroom time wisely, studying is just as important as classroom time.	5/1/2018 9:01 PM
71	Not to the parents but to the housing department- the dorms are not as secure as portrayed to parents. There were boys in my daughters room (suite mates) during the hours when they weren't suppose to be there.(during the night and early in the morning) We visited several times through out the year and never once did my daughter have to swipe her card at the desk. All you have to do is walk in with someone that lives in the dorm and you can get passed the door. Not really a safety feature.	5/1/2018 7:40 PM
72	LET GO!	5/1/2018 7:39 PM
73	Definitely read the newsletters, don't assume your student knows the information in them	5/1/2018 7:09 PM
74	Trust ULL staff - your child will be okay!	5/1/2018 6:24 PM
75	Attend the orientation tour. I told my son things he should have learned in his tour. Know the website.	5/1/2018 5:58 PM
76	Attend parent and student orientation. It didn't exist when I went to college and let your child go to Soul Camp. They get to meet friends before school starts and I think that it takes away the early nervousness of first semester.	5/1/2018 4:57 PM
77	Read the freshman newsletters :-)	5/1/2018 4:31 PM
78	Go to the orientation and encourage your child to join a group that interests them.	5/1/2018 3:40 PM

OFYE Parent Survey 2018

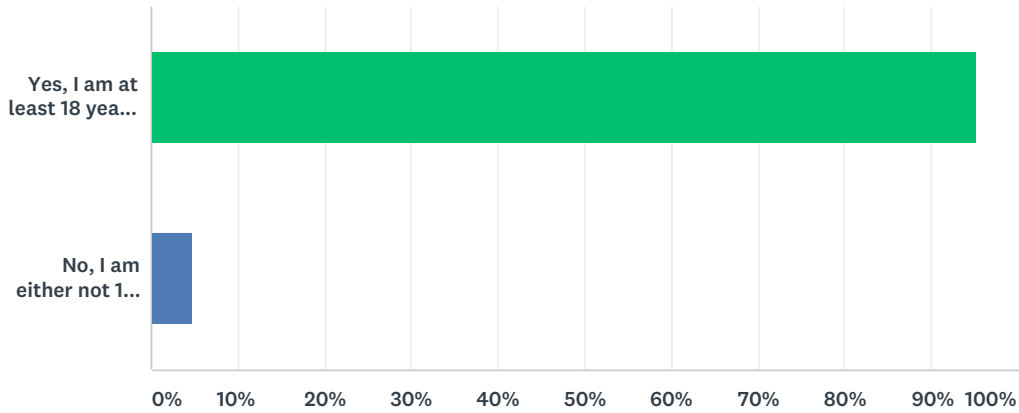

79	1. The school should provide an idea of what their portion of the bill will be at least a month or two before school starts 2. The university and profs should post grades throughout year. 3. Student should see counselors or receive warning before midterms especially for freshmen. 4. Freshmen should be required to have regular consults with advisors especially if any grade drops below a C. Profs. Can report them.	5/1/2018 2:44 PM
80	Plan ahead, look at online calendar for key dates. Make a list of things that need to be purchased, i.e. parking pass, fees, books, etc.	5/1/2018 2:10 PM
81	I had to monitor my child's grades to ensure that he was communicating the appropriate information to us. He needed a lot of motivation after the freeze days because he became relaxed. My advice is to ask detailed questions frequently in order to stay involved.	5/1/2018 12:16 PM
82	I would advise all parents to read your newsletters!	5/1/2018 12:11 PM
83	Be involved in their college experience, it's new for them and even if they won't admit it they need the parents to fall back on.	5/1/2018 11:54 AM
84	pay close attention to scheduling and do not allow new students to over load themselves with difficult classes	5/1/2018 11:50 AM
85	Be supportive but not controlling. It was hard stepping back and letting her stumble a little bit...in the long run the amount of personal and academic growth she achieved in one year was unbelievable!!	5/1/2018 11:49 AM
86	Let your student figure things out. Don't hover and let the college experience be THEIRS (not yours)	5/1/2018 11:05 AM
87	Let your young adult do things on their own but assure them that you are there to help if needed. Also, check on them and share what you are learning as the parent of a young adult. I would ask and reeducate my freshman college son on things such as alcohol, ask how his grades were, ask if he was struggling with anything or whatever may have been suggested in the parent newsletter. The answer was usually, "mom I'm fine," or "yes, I know," but it helped assure him we were there if he needed while still letting him grow up and make his own choices.	5/1/2018 11:02 AM
88	Remain involved, but not overly involved. Let your child make decisions that affect them so they learn to adapt and grow.	5/1/2018 11:01 AM
89	This is my third child to attend, so I didn't have as many questions as other parents might have. But I did suggest to parents on FB that they help their student learn how to read the curriculum for their assumed major and how to choose classes using the catalog. Most kids just do what the advisor tells them which is the herding cattle approach. Kids who have done their own research can request and get better scheduling.	5/1/2018 11:00 AM
90	Read parent newsletter. Stay in contact with your student... ask a lot of questions, but let them make their own decisions	5/1/2018 10:52 AM
91	Keep an open communication with your child and loosen up on the bind that ties you together. They have to make decisions and choices they feel are right for them. Support them but also guide them. They have a lot on their plate.	5/1/2018 10:51 AM
92	LISTEN try not to give advise. They are learning on a new level and need to do it on their own. Let them fall but be there to support them with just listening	5/1/2018 10:37 AM
93	The first few weeks of class as a freshman are tough. Its not high school. There is an adjustment period where the student learns how to schedule, how to study for a particular class, etc.	5/1/2018 10:01 AM
94	Have a campus staff person that can direct you to the correct department for questions	5/1/2018 9:58 AM
95	Stay updated with these newsletters .	5/1/2018 9:53 AM
96	I would tell them to loosen the leash a bit. Allow them to experience life without all the coddling.	5/1/2018 9:52 AM
97	Stay on top of your student. Talk to them as they get antiquated with living on there own and going to class. There are not parent teacher nights or conferences so talk to your child.	5/1/2018 9:49 AM
98	Learn as much as you can, before the kids start. You not going to find out much after	5/1/2018 9:48 AM
99	Read the information provided in the parent newsletter to help navigate your child's first year of college.	5/1/2018 9:48 AM
100	Learn all you can about student aide and resources	5/1/2018 9:42 AM

OFYE Parent Survey 2018

101	The biggest challenge as a parent is advising your freshman, but not solving every problem. I tried to help my daughter look for the solutions to her problems, but not fixing everything for her. I told her that my job is to help guide her, but that she needs to find the way herself. Also, encourage your freshman to get involved. Lastly - SOUL camp was an awesome experience for my daughter. I highly recommend it!	5/1/2018 9:41 AM
102	Save your money	5/1/2018 9:36 AM
103	THE FIRST YEAR MY BE SCARY BUT IT GIVES YOUR CHILD TIME TO GROW AND LEARN MORE ABOUT THEMSELF	5/1/2018 9:28 AM
104	Be informed but allow your student to be the responsible party. Let them learn how to handle problems they encounter but always be there to support them.	5/1/2018 9:26 AM
105	Be patient and supportive, it is a big life change from High School to College.	5/1/2018 9:25 AM
106	Guide them to use the services that the university offers.	5/1/2018 9:23 AM
107	Your perfect little angel is going to drink so talk to them about responsible drinking and give them an Uber/Lift allowance.	5/1/2018 9:19 AM
108	Be prepared for the "new" person your student becomes. Consider it an exciting chance to re-discover the things that make your child unique.	5/1/2018 9:18 AM
109	Stay close to your student Be there for them Yet, allow them room to grow	5/1/2018 9:12 AM
110	way more additional fees than I anticipated	5/1/2018 9:11 AM
111	Ask questions and encourage them to persevere. Nag them to see the professors. If they are in a class of 200, the professor should still know their name.	5/1/2018 9:08 AM
112	The orientation is extremely long and cold auditorium.	5/1/2018 9:08 AM
113	Make sure you stay on top of their grades and attendance. Be as involved as possible.	5/1/2018 9:06 AM
114	No matter how much you prepare your children, bad things happen. Know which resources you have available to help your student cope with incidents, attacks, stress.	5/1/2018 9:04 AM
115	Give their child room to grow but stay involved	5/1/2018 9:00 AM
116	Utilize the tools the OFYE provides, attend campus events, communicate with UL staff especially OFYE. Let it come to you.	5/1/2018 8:55 AM

If a student doesn't want to be there he won't learn and listen to what they tell him. So you could have also covered all the information in a pamphlet and sent that out. Not saying it was bad, but it was wasted time, after 4 hours we learned everything we needed to so all the instructors could do is repeat themselves...	8/24/2017 8:47 AM

108	Change nothing.	8/30/2017 12:26 PM
109	1.) Re-evaluate the way check in was done. 2.) Establish more things to discuss with your peer mentor/activities to do with your peer mentor.	8/30/2017 12:26 PM

123	Fit everything into a shorter amount of time	8/30/2017 11:58 AM
124	Make sure univ 100 classes were filled with things to do	8/30/2017 11:55 AM
125	Make it about 2 hours long	8/30/2017 11:48 AM

127	Drop how many activities were required	8/30/2017 11:45 AM

132	take the picture in the morning because it got hot.	8/30/2017 11:40 AM

135	have lunch outside so we are able to mingle with more people	8/30/2017 11:36 AM
136	Not	8/30/2017 11:35 AM
137	Not change anything. I enjoyed the set up and how everything was planned out.	8/30/2017 11:35 AM
138	More things to do, not just sit in a class room with your class	8/30/2017 11:35 AM
139	Make it shorter and focus on necessities to help start my college years.	8/30/2017 11:26 AM
140	I would put all the info in orientation because that's basically what it was	8/30/2017 11:24 AM
141	Do the same things	8/30/2017 11:20 AM
142	divide up check in my times and last names	8/30/2017 11:20 AM
143	check-in in the classroom	8/30/2017 11:19 AM

145	Make sure there was a food option for people who cannot eat pizza.	8/30/2017 11:18 AM

152	Make Check-In more efficient	8/30/2017 11:13 AM
153	do nothing different	8/30/2017 11:12 AM
154	Not include peer mentors. They had a false sense of wisdom and seemed condescending because they had learned so much about life in their freshman year.	8/30/2017 11:12 AM
155	not do much differently.	8/30/2017 11:10 AM
156	Make it more organized	8/30/2017 11:08 AM
157	I would probably keep it the same even with the 2 hours in the heat because there's no escaping the Louisiana heat.	8/30/2017 11:08 AM
158	make check in easier and faster, make sure the professors show up,	8/30/2017 11:08 AM
159	force more engagement	8/30/2017 11:07 AM

167	Make it shorter	8/30/2017 11:01 AM

169	give everyone their stuff all at oncd	8/30/2017 10:59 AM
170	Make the check in much more organized	8/30/2017 10:57 AM
171	Do it the exact same way	8/30/2017 10:57 AM
172	make it shorter. we sat in our classroom doing nothing for hours	8/30/2017 10:56 AM
173	Keep it the same	8/30/2017 10:56 AM
174	Have added a bit more to getting to know people better	8/30/2017 10:56 AM
175	do more indoors due to heat	8/30/2017 10:56 AM
176	Keep it the same. It was resourceful.	8/30/2017 10:56 AM
177	The same thing	8/30/2017 10:55 AM
178	Make check-in at the UNIV classroom	8/29/2017 9:16 PM
179	Make it a lot shorter. We took an entire day for something that could have been done in a few hours.	8/29/2017 7:42 PM
180	I would have a smoothier Chec in	8/29/2017 6:56 PM
181	make check in more organized, have students check in at their classroom; have all the goodies given out there so that no one is late for their class	8/29/2017 6:41 PM
182	i like how it is	8/29/2017 6:01 PM
183	Do it the same, but for a shorter time	8/29/2017 5:21 PM

Cajun Connection - Fall 2017 - Students

184	Redo the set up for check-in. Rather than having one long line, there would be multiple lines.	8/29/2017 5:01 PM
185	i would make check-in go at a smoother place in multiple areas of campus to allow students time to get to class in a timely manner instead of standing in line for an hour to get a planner and t-shirt. also i would choose better food to feed the students even if that means sandwiches because the pizza was extremely cold when served.	8/29/2017 4:51 PM
186	Get better food and shorten the day.	8/29/2017 4:26 PM
187	make it shorter and get everything done quicker	8/28/2017 10:01 PM
188	switch around the groups more so we could get to know more people	8/28/2017 8:05 PM
189	I'm not sure	8/28/2017 7:14 PM
190	I would end it earlier than 4:00pm	8/28/2017 6:18 PM
191	plan the picture earlier in the morning, it was way too hot later in the day	8/28/2017 4:15 PM
192	Let students eat in the union	8/28/2017 4:00 PM
193	Make it shorter	8/28/2017 3:31 PM
194	I would not have CC because I feel like it is a wasted day. What was said in the classroom, was almost a repeat of what was said at orientation. Orientation is an entire 2 days of talking and then part of scheduling classes. If CC stays a thing then I would make it about half of the time and not just sitting in the classroom, more of walking in and out of buildings and letting students find all of the buildings and then meeting back up. I feel like a lot of time was wasted and teachers and peer mentors were just rambling on to make the time pass.	8/28/2017 2:11 PM
195	keep the majority the same but decrease the time	8/28/2017 12:30 PM
196	add a few more things to keep the day fun and interesting.	8/28/2017 10:35 AM
197	Make the day shorter, or have more breaks. Also better food for lunch	8/28/2017 10:34 AM
198	Make it a half day	8/27/2017 8:34 PM
199	Have gotten better food, let people converse and meet one another. Not treated students so childish.	8/27/2017 5:50 PM
200	not go over stuff that was taught during orientation	8/27/2017 4:34 PM
201	Make it shorter	8/27/2017 2:27 PM
202	explain where different services were more, have a few more activities during the cool off and have it inside.	8/27/2017 10:37 AM
203	Do it similarly	8/27/2017 9:51 AM
204	not do it and wait to give the syllabus and intro to UNIV 100 at the first class	8/26/2017 7:55 PM
205	Have found a more efficient way of doing check-in. I was waiting in the line for more than an hour and was almost late to class.	8/26/2017 5:46 PM
206	make it a lot shorter	8/26/2017 4:55 PM
207	Plan the check in differently. Make it go by faster. I would have different tables with different shirt sizes and the other necessary items (agenda and folder) by each table in different locations of the campus and students just find their shirt sizes and get their stuff and go. It was hectic and most people didnt get to eat breakfast which had me very hangry and not in the mood to talk to others. besides that, everything was very well done.	8/26/2017 4:16 PM
208	shorten it, necessary information could have been compressed into half the time frame it took	8/26/2017 4:04 PM
209	make it shorter because some of the information became repetitive.	8/26/2017 2:51 PM
210	I'm not sure	8/26/2017 2:36 PM
211	Make it way shorter and take out the parts that cover things we've heard a thousand times before	8/26/2017 2:04 PM
212	Keep everything the same except make check-in a little more sufficient	8/26/2017 2:04 PM
213	Picked a better lunch	8/26/2017 1:17 PM
214	I don't know	8/26/2017 1:12 PM

Cajun Connection - Fall 2017 - Students

215	ldk. Not my job, and not planning to be my job. Sry.	8/26/2017 1:09 PM
216	make it shorter, distribute tshirt and planner in univ class	8/26/2017 12:19 PM
217	Make it quicker to get through.	8/26/2017 11:53 AM
218	Nothing would change but the time	8/26/2017 9:27 AM
219	get rid of extra time spent doing nothing when that time for most people could be spent working	8/26/2017 8:17 AM
220	make the day shorter, and make lunch an hour not two	8/26/2017 12:08 AM
221	I would make it shorter and the check in would be faster.	8/25/2017 11:59 PM
222	I wouldn't be able to plan it better, the way it works is great	8/25/2017 9:41 PM
223	N/A	8/25/2017 9:31 PM
224	gear it more towards giving valuable information or experiences	8/25/2017 8:51 PM
225	ensure that everyone had a good time	8/25/2017 4:35 PM
226	make it shorter	8/25/2017 3:55 PM
227	redo the check in!!!! have everyone get their items from their univ room	8/25/2017 3:45 PM
228	Work making Check-in orderly and quicker	8/25/2017 1:28 PM
229	Work in more creative games to play.	8/25/2017 12:42 PM
230	Make it shorter because half of the time there's not really anything happening	8/25/2017 12:26 PM
231	Make the check-in process more streamline.	8/25/2017 11:49 AM
232	Have incorporated more hands-on/ physical activities for students to participated in, but overall is was nice,especially the ice cream truck.	8/25/2017 10:25 AM
233	Make it shorter and less outside activities	8/25/2017 9:46 AM
234	not change a thing	8/25/2017 9:05 AM
235	HAVE BETTER FOOD! The pizza was cold, sticky and the epitome of awful. Worst pizza I ever had in my life. Most people ate it because we had to be up so early and we didn't have time to get breakfast and other people threw it away. Disgusting.	8/25/2017 9:01 AM
236	I would already have the folder, planner, and tee shirt (using the sizes from orientation) already in the UNIV classroom, so we did not have to wait in a long line in the heat.	8/25/2017 8:53 AM
237	make it not as long.	8/25/2017 8:33 AM
238	Provide better lunch and make it shorter/more efficient	8/25/2017 8:09 AM
239	Hold games in a much cooler area like the Student Union.	8/25/2017 7:45 AM
240	Try to come up with a way to make the check in portion shorter and more efficient.	8/25/2017 7:28 AM
241	Consult experienced Cajun Connection planners	8/25/2017 12:45 AM
242	Did not attend	8/25/2017 12:39 AM
243	Maybe	8/25/2017 12:34 AM
244	Make it shorter and have less stuff outside	8/25/2017 12:26 AM
245	Keep it the way it is but a shorter time	8/24/2017 11:57 PM
246	Include tips on studying and time management	8/24/2017 11:49 PM
247	Check in would be inside.	8/24/2017 11:35 PM
248	I would have more ice breaker games to make everyone feel comfortable and get to know each other!	8/24/2017 10:48 PM
249	Had a little more to do other then listen to talking	8/24/2017 10:23 PM
250	less time in the heat	8/24/2017 9:57 PM
251	Cut it in half.	8/24/2017 9:51 PM

Cajun Connection - Fall 2017 - Students

252	Keep it how it is	8/24/2017 9:22 PM
253	plan it around orientation and make it shorter	8/24/2017 9:05 PM
254	make it shorter	8/24/2017 9:03 PM
255	Not	8/24/2017 8:39 PM
256	Give more time for check in. I would not keep the students in the classroom for so long	8/24/2017 8:22 PM
257	shorten the times given for each activity	8/24/2017 8:13 PM
258	Shorten the time. All of the information we received could have been condensed. I understand that it counted for class hours but a majority of the time we just sat there twiddling our thumbs or having a peer mentor all but yell at the full lecture hall to be quiet.	8/24/2017 7:47 PM
259	have at least an hour of time where freshmen could meet other students and teachers in their major and get to know them better.	8/24/2017 7:45 PM
260	Not have it at all. Everything that was said was already taught at the 2 day orientation. Too long and a waste of time	8/24/2017 7:29 PM
261	Make the day shorter!	8/24/2017 7:26 PM
262	make it shorter	8/24/2017 7:20 PM
263	do more interactive things with the freshman to relieve their first day of college jitters.	8/24/2017 7:11 PM
264	keep it the same except for the check in and cool off in the quad	8/24/2017 6:56 PM
265	Make it shorter	8/24/2017 6:40 PM
266	Better the check in	8/24/2017 6:19 PM
267	Change the times to be a little more convenient, but everything else went decent	8/24/2017 6:17 PM
268	With this being said, if it were to focus more on the required content and a little bit on getting to know my classmates the time spent on campus could have been extremely decreased. Also, making the Cool Off in the Quad a more hands on experience or having more things to do than just stand and talk. For example, I think making a scavenger hunt where students have to find certain departments and buildings. Students could pick up slips that will lead them all over campus. Which will make students more aware of campus and where we can find things that are offered free on campus like the IT Department, printing for honors students, tutoring, computer labs, writing labs, etc.	8/24/2017 6:02 PM
269	Shorten it to improve student participation and attention	8/24/2017 6:01 PM
270	not make it so long	8/24/2017 6:01 PM
271	let kids walk around more and provide better food	8/24/2017 6:00 PM
272	Change nothing	8/24/2017 5:52 PM
273	give the univ teachers the supplies for the class	8/24/2017 5:44 PM
274	I would have made it shorter. By 4:00, everyone is agitated and tired.	8/24/2017 5:44 PM
275	I would have the students sign in, go to class and learn about the many resources, and be able to leave right after they are done explaining the resources.	8/24/2017 5:29 PM
276	Make it shorter and have more activities	8/24/2017 5:28 PM
277	Make the entire day shorter (3-4 hours); add the TOPS talk into Cajun Connection instead of making commuters come all the way to UL on another day for the 15 min talk.	8/24/2017 5:18 PM
278	Not repeat things from orientation	8/24/2017 5:17 PM
279	Include another tour	8/24/2017 5:15 PM
280	Give a better tour	8/24/2017 5:13 PM
281	Make it half a day	8/24/2017 5:12 PM
282	make the check in process more organized and make the whole day shorter.	8/24/2017 4:57 PM
283	Do nothing.	8/24/2017 4:50 PM

Cajun Connection - Fall 2017 - Students

284	Find a more effecient way of checking students in.	8/24/2017 4:33 PM
285	make it shorter	8/24/2017 4:27 PM
286	Order food from a different place.	8/24/2017 4:27 PM
287	I would have better food.	8/24/2017 4:27 PM
288	not make it an all day event	8/24/2017 4:19 PM
289	But the check in process in a different and bigger space.	8/24/2017 4:18 PM
290	provide more places to cool off	8/24/2017 4:16 PM
291	Spend less time sitting in the classroom and get out more	8/24/2017 4:14 PM
292	Maybe get food that was hot or at least warm	8/24/2017 4:06 PM
293	have more fun activities in the classroom, an all day lecture didn't keep my attention that well	8/24/2017 3:55 PM
294	Have the teacher and mentor hand out shirts in the classroom and folders	8/24/2017 3:48 PM
295	Make check in flow easier because half of the freshman class was almost late because of the set up	8/24/2017 3:45 PM
296	Add more events to help people meet new people.	8/24/2017 3:45 PM
297	Allow us to go on field trips	8/24/2017 3:45 PM

304	Take out the acorn bit	8/24/2017 3:32 PM
305	combine it with orientation	8/24/2017 3:27 PM
306	Organize check-in better	8/24/2017 3:10 PM
307	make check in faster and easier instead of waiting in line just to get 3 things	8/24/2017 3:09 PM
308	Make it a little shorter	8/24/2017 3:07 PM
309	not make it mandatory	8/24/2017 3:05 PM
310	make it shorter	8/24/2017 3:05 PM
311	Make it shorter	8/24/2017 2:50 PM
312	Do the last part in the Cajun dome	8/24/2017 2:49 PM
313	E-mail all students using their UL account, and sending the list of each location, as well as sending the materials that were handed out at check-in to the peer mentors after asking what shirt size from each person.	8/24/2017 2:42 PM
314	Have more fun things to engage students and would have less outside in the heat	8/24/2017 2:42 PM
315	Have a tent somewhere in the quad	8/24/2017 2:40 PM
316	make it more adult like, not so much little kids doing icebreakers	8/24/2017 2:33 PM
317	not sure	8/24/2017 2:25 PM
318	Make it shorter with better food options besides cold pizza	8/24/2017 2:21 PM
319	Have it not as long	8/24/2017 2:20 PM
320	Make the Cool Off in the Quad shorter and not mandatory.	8/24/2017 2:18 PM
321	Do the same thing as ULL.	8/24/2017 2:17 PM
322	Make it shorter. No one really liked how long it was.	8/24/2017 2:09 PM

Cajun Connection - Fall 2017 - Students

323	shorten the length of time spent at Cajun Connection and allow more interaction between students.	8/24/2017 2:05 PM
324	come up with a better check-in system	8/24/2017 2:04 PM
325	send the materials that we received at Check-in to our UNIV 100 classes instead of handing them out at tables	8/24/2017 2:04 PM
326	Place more tents in the quad and for the cool off	8/24/2017 2:03 PM
327	Do.it more efficently and have more volunteers and	8/24/2017 2:03 PM
328	Have the items passed out in the classrooms instead of the line in the Union Quad.	8/24/2017 2:03 PM
329	Make "Cool Off in the Quad" in a better area because it was one of the hottest parts of the day and there were A LOT of bodies in the quad; The check-in at the Union was very disorganized.	8/24/2017 2:03 PM
330	shorten it, but still keep the information provided	8/24/2017 2:02 PM
331	I would incorporate fun jumps and other activities.	8/24/2017 2:02 PM
332	Change the check in routine	8/24/2017 2:02 PM
333	do the same thing	8/24/2017 2:02 PM
334	Make "cool off in the quad" and "exploring UL" in the mornings or later in the afternoon when it wasn't so hot	8/24/2017 2:02 PM
335	Not have everyone pick up their shirt and planner and calendar in the same place	8/24/2017 2:02 PM
336	Find a better solution to check in and lunch	8/24/2017 2:02 PM
337	not force people to stand in the blazing sun	8/24/2017 2:02 PM
338	Change how check in was done	8/24/2017 2:02 PM
339	Make it more interactive. Desk work isn't as effective in helping us remember important information.	8/24/2017 2:02 PM
340	Redo check in entirely and make it shorter	8/24/2017 2:01 PM
341	Have more pizA	8/24/2017 2:01 PM
342	Make it optional	8/24/2017 2:01 PM
343	Not have it lol	8/24/2017 2:00 PM
344	not do a check in like they had it was very odd and took way to long	8/24/2017 1:57 PM
345	I dont know	8/24/2017 1:49 PM
346	Do the same thing as before	8/24/2017 1:40 PM
347	Cut out the long lunch hour	8/24/2017 1:31 PM
348	Cut down the time. Plenty of my classmates were on their phone or asleep during it. Maybe if we went to more classes than the UNIV it wouldn't be bad.	8/24/2017 1:27 PM
349	Make it shorter	8/24/2017 1:22 PM
350	Change nothing	8/24/2017 1:22 PM
351	make the transition smoother	8/24/2017 1:20 PM
352	Make sure check in was a little more organized	8/24/2017 1:17 PM
353	have check in process smoother.. a-l last names at one time.. (ex. 7-7:45) l-z last names (ex. 8-8:45) would be smoother	8/24/2017 1:16 PM
354	make it it different locations rather than 1 room	8/24/2017 1:15 PM
355	I would change it so that the classes dont spend so much time in one classroom. It got boring sitting in the same room for 10 hours	8/24/2017 1:12 PM
356	Shorten it	8/24/2017 1:02 PM
357	Do a sports time. Like basketball or dodgeball	8/24/2017 1:01 PM
358	have check-in inside	8/24/2017 12:59 PM

Cajun Connection - Fall 2017 - Students

359	Keep it the way it was in fall 2017	8/24/2017 12:52 PM
360	Do the same thing	8/24/2017 12:51 PM
361	Have a better check in system	8/24/2017 12:46 PM
362	Make the class shorter and have materials laid out differently	8/24/2017 12:45 PM
363	I wouldn't change anything besides like having some type of water game because of the heat.	8/24/2017 12:44 PM
364	Not change a thing	8/24/2017 12:36 PM
365	Not make everyone get up at 7am	8/24/2017 12:35 PM
366	Do it exactly as it was	8/24/2017 12:34 PM
367	Make the check in more efficient	8/24/2017 12:31 PM
368	make it shorter	8/24/2017 12:29 PM
369	Come up with new, different things to talk about/do while you're with your classmates. Be more prepared for the thousands of freshmen coming to get there supplies. Try giving the UNIV 100 instructors the shirt and planner so that they can give it to the class instead of having a hot mess in the Union. That was the worst part.	8/24/2017 12:29 PM
370	Make the check in take place in the classes to reduce traffic in the union courtyard	8/24/2017 12:23 PM
371	Change the check-in and have other food available	8/24/2017 12:13 PM
372	Make it more interesting and shorter.	8/24/2017 12:07 PM
373	n/a	8/24/2017 12:05 PM
374	Make it shorter	8/24/2017 12:05 PM
375	Look into getting one additional vendor for Cool Off in the Quad (maybe someone with a big fan)	8/24/2017 12:04 PM
376	Make check-in less stressful. Waiting in line for an hour added a lot of anxiety about getting to a freshman's first ever class on time	8/24/2017 12:02 PM
377	Make the check in process go a lot smoother	8/24/2017 11:59 AM
378	Make the check in process go a little quicker.	8/24/2017 11:57 AM
379	Would make it last until noon instead of all day. Also I would make the TOPS meeting earlier as lots of students had to wait almost 3 hours for a 10 minute briefing.	8/24/2017 11:56 AM
380	just have the univ 100 class and then we can leave before lunch	8/24/2017 11:54 AM
381	Try to improve check in.	8/24/2017 11:45 AM
382	cancel it	8/24/2017 11:43 AM
383	show them the campus	8/24/2017 11:41 AM
384	I would get pictures of each class and make a huge collage because it was very hot in the quad and difficult for me specifically to walk all the way back to my cajun connection site in a timely manner.	8/24/2017 11:41 AM
385	Not plan it so early	8/24/2017 11:40 AM
386	Not start so early	8/24/2017 11:34 AM
387	Do nothing different	8/24/2017 11:33 AM
388	Organize the check in better	8/24/2017 11:27 AM
389	Leave it like it is	8/24/2017 11:26 AM
390	make check in a lot easier	8/24/2017 11:21 AM
391	make it start later, end earlier, and not make the tour at the hottest part of the day, or just cancel it	8/24/2017 11:21 AM
392	Plan it the same way	8/24/2017 11:18 AM
393	do the whole sign in thing better, actually have free slushies and maybe better food than hungry howie's pizza because that was kinda gross, make the class time not as long	8/24/2017 11:17 AM
394	Involve more games and tents	8/24/2017 11:16 AM

Cajun Connection - Fall 2017 - Students

395	Definitely warm food and somehow move lines quicker.	8/24/2017 11:14 AM
396	Change check in strategy	8/24/2017 11:13 AM
397	Get better food, and change the way to check in.	8/24/2017 11:13 AM
398	Let them explor there classes during lunch and let them find their own lunch	8/24/2017 11:12 AM
399	Feed a better lunch, dont go outside	8/24/2017 11:12 AM
400	Change the check-in to where the t-shirts, planners, and folders were given to the UNIV instructors to hand out to the students rather than the students having to wait in line.	8/24/2017 11:12 AM
401	Not make it as long & hotter food	8/24/2017 11:11 AM
402	make the day a little shorter and allow student a break to go to lunch because the pizza was nasty.	8/24/2017 11:11 AM
403	Eliminate check-in in the union and just have in in the univ 100 where materials can be passed out	8/24/2017 11:11 AM
404	Better food	8/24/2017 11:10 AM
405	make the check in process more efficient, I stood in line for an hour	8/24/2017 11:10 AM
406	It could be a little shorter.	8/24/2017 11:10 AM
407	make it a little shorter	8/24/2017 11:10 AM
408	Make the class shorter	8/24/2017 11:09 AM
409	make it shorter	8/24/2017 11:09 AM
410	make it a lot shorter	8/24/2017 11:09 AM
411	Make it completely shorter	8/24/2017 11:09 AM
412	CHANGE CHECK IN METHOD	8/24/2017 11:09 AM
413	Not require it	8/24/2017 11:09 AM
414	Make it shorter	8/24/2017 11:09 AM
415	Make it more organized	8/24/2017 11:08 AM
416	Change nothing	8/24/2017 11:08 AM
417	make it shorter	8/24/2017 11:08 AM
418	N/A	8/24/2017 11:08 AM
419	Made the check in process better	8/24/2017 11:07 AM
420	Make the day shorter-felt like there was a lot of wasted time	8/24/2017 11:07 AM
421	keep it the same	8/24/2017 11:07 AM
422	Not make it mandatory to "check in" only to receive a folder and a calendar, or at the very least find a way to streamline things.	8/24/2017 11:02 AM
423	make it shorter	8/24/2017 10:58 AM
424	Yes	8/24/2017 10:55 AM
425	would not make it until 4 because we had extra time	8/24/2017 10:53 AM
426	shortenit or add more activities	8/24/2017 10:50 AM
427	Do nothing different besides eliminate the second TOPS workshop!	8/24/2017 10:50 AM
428	Make it a little more exciting, give people the time to explore different things and get out of a classroom setting for a while.	8/24/2017 10:50 AM
429	Better lunch, but other than that everything was fun, oh besides waking up early.	8/24/2017 10:48 AM
430	Do nothing different than the original plan	8/24/2017 10:47 AM
431	I would leave out any details explained prior at orientation.	8/24/2017 10:46 AM
432	Make it optional	8/24/2017 10:45 AM

Cajun Connection - Fall 2017 - Students

433	make sure people had enough time to check in and that everyone was able to fully participate in cajun connection	8/24/2017 10:44 AM
434	make it more useful... no one I talked to said that it actually helped in any way	8/24/2017 10:44 AM
435	Try to make it more interesting	8/24/2017 10:44 AM
436	have the the students interact more with one another.	8/24/2017 10:37 AM
437	Make a better system for check in	8/24/2017 10:37 AM
438	Make it shorter. The cool off in the quad was very hot. Maybe more ice cream trucks	8/24/2017 10:36 AM
439	I wouldn't make it so long	8/24/2017 10:33 AM
440	Do check-in at the lobby of each dorm	8/24/2017 10:28 AM
441	Make it shorter.	8/24/2017 10:24 AM
442	not make the students take the group picture during the hottest part of the day. I would also give all of the check-in materials to the RA's to hand out as the students leave the building so they don't need to check in the courtyard. (commuter students would be the only ones checking in the courtyard then)	8/24/2017 10:17 AM
443	Make everything more organized.	8/24/2017 10:17 AM
444	Not change anything	8/24/2017 10:13 AM
445	Make it shorter	8/24/2017 10:12 AM
446	Do the same	8/24/2017 10:09 AM
447	change cool off in the quad to something in the union	8/24/2017 10:09 AM
448	make it shorter	8/24/2017 10:08 AM
449	Make it shorter in time	8/24/2017 10:06 AM
450	have competitive games with the group	8/24/2017 10:05 AM
451	Change the food	8/24/2017 9:57 AM
452	Get a better lunch (pizza hut pizza)	8/24/2017 9:55 AM
453	I would summarize it. Also completely changed check in, the line would hardly move. I stood in a line that went all through the union when there was a second line that cut directly into the courtyard that halted my line.	8/24/2017 9:55 AM
454	Icees , ice cream or something It was hot	8/24/2017 9:53 AM
455	make it shorter	8/24/2017 9:49 AM
456	do it during a cooler time.	8/24/2017 9:49 AM
457	Filter out some of the off time and shorten it a bit.	8/24/2017 9:47 AM
458	Include more info on the things above	8/24/2017 9:47 AM
459	condense the material, more brief	8/24/2017 9:47 AM
460	Have better activities and new ever ever buy that pizza again	8/24/2017 9:45 AM
461	Make lunch and check in better.	8/24/2017 9:42 AM
462	make it 2 hours long. It was way to long it was ridiculous.	8/24/2017 9:42 AM
463	Distribute T-shirts and planners at an earlier orientation and just have students attend their UNIV 100 classes on thr day of Cajun Connection.	8/24/2017 9:42 AM
464	Make it shorter. I would start as early in the morning.	8/24/2017 9:40 AM
465	Make check in a little smoother	8/24/2017 9:40 AM
466	Get better pizza	8/24/2017 9:37 AM
467	Not make it as long because I feel like we don't necessarily need 9 hours to talk about the school and info about campus when that has been discussed with us through orientation.	8/24/2017 9:36 AM

Cajun Connection - Fall 2017 - Students

468	COMPLETELY CHANGE THE CHECK IN PROCESS; the planners, folders, and t shirts could have been in the lobbies of the dorm buildings and commuters only could have gone to the courtyard. it would have made it much easier to be on time for class. i waited in line for over an hour	8/24/2017 9:36 AM
469	Make it shorter	8/24/2017 9:32 AM
470	Make it shorter and the check in more efficient	8/24/2017 9:32 AM
471	Make sure the students had everything they need to know about their college experience.	8/24/2017 9:32 AM
472	Make it way shorter. 4 hours maximum if possible.	8/24/2017 9:31 AM
473	Make the class more about the class itself rather than freshman do's and don'ts for so long.	8/24/2017 9:28 AM
474	keep it like it is, everything was great!	8/24/2017 9:28 AM
475	Replan the lines for check in not to take an hour.	8/24/2017 9:27 AM
476	Do it just about the same as it was this year.	8/24/2017 9:25 AM
477	Give the check in materials to each residence hall and only have commuter students check in at the student union	8/24/2017 9:21 AM
478	Not make it as long. There was a lot of down time where we didn't do anything productive	8/24/2017 9:18 AM
479	Condensed it to about a couple hours	8/24/2017 9:17 AM
480	Make it a shorter length of time.	8/24/2017 9:16 AM
481	Not plan Cajun Connection because I consider it a waste of time	8/24/2017 9:16 AM
482	Assign more time to check-in. It went just a bit over.	8/24/2017 9:14 AM
483	fix the check in process	8/24/2017 9:13 AM
484	Start it a little bit later. It was quite the struggle waking up so early in the morning	8/24/2017 9:13 AM
485	Have more stuff to hand out	8/24/2017 9:11 AM
486	more student bonding activities	8/24/2017 9:11 AM
487	Check in when we get to class so we don't have to wait in the heat. Skip the tour, we've seen the campus a lot at this point.	8/24/2017 9:11 AM
488	have students collect shirts and folders from univ teacher	8/24/2017 9:10 AM
489	made us go to our actual UNIV 100 classroom to at least get one class out of the way	8/24/2017 9:09 AM
490	Plan for better check-in; have booths giving out the three materials for last names (a-g, h-m, etc.) to break up the line. At least two hundred students were still in line at 8:30, when classes were starting.	8/24/2017 9:09 AM
491	Change not a thing	8/24/2017 9:07 AM
492	Maybe not have something that is suppose to last 2 hours be in the direct heat.	8/24/2017 9:06 AM
493	Make it shorthter.	8/24/2017 9:06 AM
494	Make it optional	8/24/2017 9:02 AM
495	not waste as much time dancing and singing	8/24/2017 9:02 AM
496	Unsure	8/24/2017 9:02 AM
497	Change how check in worked because it wasn't going as smoothly as anticipated; some people where late to UNIV.	8/24/2017 8:58 AM
498	Organize check-in better	8/24/2017 8:57 AM
499	make checkin go faster	8/24/2017 8:56 AM
500	Have check in in the room where my UNIV class was to make it go faster and less stressful.	8/24/2017 8:55 AM
501	Improve check in	8/24/2017 8:55 AM
502	Make the check in process easier and smoother	8/24/2017 8:52 AM

Cajun Connection - Fall 2017 - Students

503	Better plan how to give students the packet, t shirt, and planner. && Would have made it optional to go to the Quad. No mandatory.	8/24/2017 8:51 AM
504	plan less ice breakers	8/24/2017 8:50 AM
505	Add more time so the students get to know everyone slower	8/24/2017 8:50 AM
506	If I had to plan cajun connection I would have the students who handed out the t-shirts, planners, and folders make boxes that went to each classroom with the amount of t-shirts, planners, and folders needed for each class as to make sure students were able to get to class on time. If there was no way to make that happen, I would have people stationed at the doors across from the swamp to keep people from joining the line there, which was slowing the line down.	8/24/2017 8:48 AM
507	Make it shorter and in the afternoon so it isn't as hot	8/24/2017 8:47 AM
508	Make the tshirts and books be delivered to the classes to save tomega and confusion. You can get everyone's shirt size 2 weeks before so you even order the right amount. Second I would have made it 4 hours then took the students on a campus tour, after that let them go. This even becomes redundant because most of the information you learn from orientation.	8/24/2017 8:47 AM
509	Change how we check in	8/24/2017 8:41 AM
510	Add more group socializing	8/24/2017 8:40 AM
511	Do away with the whole thing	8/24/2017 8:39 AM
512	make it shorter	8/24/2017 8:32 AM
513	Make things more efficient and condensed	8/24/2017 8:32 AM
514	Allow students to find classes first thing in the morning that way they're more inclined to do it because it isn't as hot	8/24/2017 8:30 AM
515	not make it so long	8/24/2017 8:30 AM
516	Do everything the same. It was great!	8/24/2017 8:27 AM
517	put more dogs and popsicles in the pups and popsicles event	8/24/2017 8:26 AM
518	Try to make it more time efficient and go on more tours around campus	8/24/2017 8:25 AM
519	Keep it the way it is	8/24/2017 8:22 AM
520	Not make it so long.	8/24/2017 8:21 AM
521	Not make so many things outside or have more tents set up for shade	8/24/2017 8:21 AM
522	drop check in. give the t-shirts and planners out in UNIV classroom	8/24/2017 8:19 AM
523	have had residents get their shirt, planner, and folder from their RA	8/24/2017 8:15 AM
524	Make it shorter.	8/24/2017 8:13 AM
525	change nothing	8/24/2017 8:12 AM
526	I would give all of the material on the first day of classes. The Monday where everyone starts. Or, you can mail out the information. I find that it is unnecessary to have two all day orientation days and not give all of the needed info in those two days. A whole other day was unnecessary.	8/24/2017 8:10 AM
527	would not change anything	8/24/2017 8:07 AM
528	make it 1/2 a day. i felt like we were wasting time.	8/24/2017 8:07 AM
529	Instead of having check-in outside with thousands of students getting the same thing at once, the students who live on campus should receive their things from their RA & commuter students should be the only ones to check-in. That way, things will go by quicker.	8/24/2017 8:07 AM
530	Make it more adventurous by planning more fun events to last all day	8/24/2017 8:06 AM
531	Make it a few hours shorter	8/24/2017 8:04 AM
532	Do less ice breakers	8/24/2017 8:03 AM
533	fix checkin	8/24/2017 8:00 AM
534	Make it quicker moving	8/24/2017 7:56 AM

Cajun Connection - Fall 2017 - Students

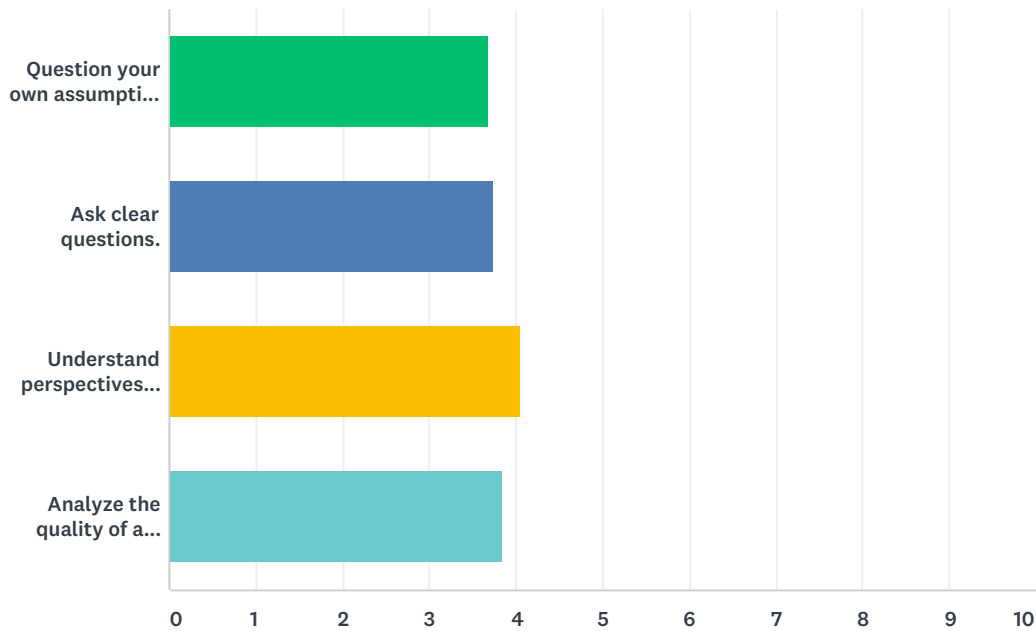

535	Eliminate most of it.	8/24/2017 7:54 AM
536	require the peer mentor to mention more traditions & actually walk with group to rub the acorn	8/24/2017 7:54 AM
537	make class time slightly shorter	8/24/2017 7:51 AM
538	Make it shorter	8/24/2017 7:50 AM
539	Make check-in more efficient	8/24/2017 7:50 AM
540	Put the cool off in the union; the quad was too hot	8/24/2017 7:45 AM
541	Have better communication with the peer mentors.	8/24/2017 7:45 AM
542	Give the planners folders and tshirt to the teachers to make it easier!	8/24/2017 7:44 AM
543	Abolish as much as possible of the extraneous nonsense, or at least make it optional.	8/24/2017 7:40 AM

Cajun Connection - Fall 2017 - Students

574	For check in, do not make students wait in the line in order to get the planner, the folder, and the t shirt. It was very inefficient and slow. Instead, give these things to each UNIV instructor and let them hand it out in the class room. You can get students shirt sizes in advance or just keep a couple of each in the classroom, and have extras available in the event they run out of a particular size.	8/24/2017 6:40 AM
575	Get better food	8/24/2017 6:37 AM
576	Change check-in, a line wrapping the entire student union in the heat just to get a T-shirt, folder, and planner was horrible	8/24/2017 5:52 AM
577	Be lost	8/24/2017 3:56 AM

Cajun Connection - Fall 2017 - Students

184	Overall I Cajun Connection was great. I think that the time could have been used a little better in that we were listening to other people give basic facts about themselves a majority of the time. I made two good friends during Cajun Connection but that only happened when we were allowed to sit and talk to each other for a few short minutes. Friendships are critical the first year of college because they boost confidence and inspire growth.	8/24/2017 7:55 PM

1	There was a lot of time we just sat there doing nothing because we were done whatever was assigned, it didn't need to be as long as it was. And I don't think they got much from it, many said it was a repeat of orientation	9/4/2017 3:25 PM
2	I believe that Cajun connection still has room to improve much like the peer mentors program in general. It has greatly improved since last year; however, small changes such as scheduling certain times for classes to go to the acorn rather than a mass panic to run by and touch the acorn for a split second. I strongly believe that 3,000+ freshman and peer mentors is hard to control and that we can make effort to crowd control better by adding micro scheduling to any event that has to do with all the freshmen going to the same place at one time.	8/29/2017 1:11 PM
3	The schedule was very well put together, and I enjoy the information we learned. But I think the training shouldn't take such a large amount of time.	8/29/2017 12:36 PM
4	I still felt like personally, the amount of time allotted for everything was extended and there was still quite a lot of down time on our hands and I ended up playing many ice breakers to pass the time.	8/29/2017 11:52 AM
5	For the class photo, I believe it would be better to start off with it as soon as possible. The heat was still excessive but not as bad as previous years.	8/29/2017 11:00 AM
6	It was too rushed, plus it was way too hot to be outside.	8/28/2017 7:30 PM
7	Although I believe that majority of the schedule was put together, some things were unorganized and could have been better put together.	8/28/2017 7:16 PM
8	The schedule was very well timed and put together.	8/27/2017 4:51 PM
9	It wasn't super great, but it was approximated well enough.	8/25/2017 11:33 AM
10	The room situation was too hectic	8/25/2017 10:00 AM
11	I think it was well put together I liked how they had a cool zone after the Cajun connection. The being in class part was still too long only because there was a lot of time and we were finished early	8/25/2017 9:50 AM

Peer Mentor Cajun Connection and Training Survey 2017

12	I think it worked out really well. For some of the sections that students wanted to talk about more, it was easy to transfer a little bit of time from a different section with less interest.	8/25/2017 9:44 AM
13	Cajun connection went very well and smooth for me!	8/25/2017 9:42 AM
14	I didn't like having multiple sections in my classroom because it was difficult for my class to get to know each other on a personal level. There was more than 100 of us in the room and it was hard to keep everyone under control, even with 4 peer mentors trying.	8/24/2017 8:58 AM
15	Maybe the time student find their class should be before the final dismissal time so they don't just leave early	8/22/2017 3:47 PM
16	Everything was very organized and there was very little time just sitting around. It was very enjoyable!	8/22/2017 2:46 PM
17	Overall the schedule worked I just think a lot of the freshman didn't utilize the last two hours to look for their classes. Maybe next year we can bring our classes around as a group to the buildings they have classes in just so we know they're seeing the class at least once before the semester begins.	8/22/2017 1:58 PM
18	This was probably out of your control, but the morning was extremely hectic. My classroom door was locked and when I called OFYE, they told me my classroom changed rooms and it wasn't changed on the poster for the freshman to find their classes. The first hour was wasted and spent making sure everyone was in the right class. I know another peer mentor also had an issue like this.	8/22/2017 12:58 PM
19	I think there could've been given more time for questions and answers and less time for the teacher to go over packets in folders. My instructor had to drag out the packets because he planned on teaching/talking to them about that in his actual class.	8/22/2017 12:55 PM
20	The last part of the day (2-4) was a little crazy. The students just left, even as much as we told them they had to stay. Everyone was cleared out by 3.	8/22/2017 12:21 PM
#	COMMENTS FOR "THE CAJUN CONNECTION REQUIREMENTS WERE APPROPRIATE."	DATE
1	I think that the requirements are reasonable; however, at Cajun connection we drill things in their heads that they heard once before at orientation (or twice at soul camp). Because of this, they automatically don't respect the Cajun connection process and have bad attitudes coming into it. Not only do we repeat information, we also are trained to treat them like they are incapable and this practice is enabling for them to not grow at adults. Personally any time I'm treated this way, I tend to not connect or listen as well.	8/29/2017 1:11 PM
2	The requirements were appropriate because the things we had the freshman learn/do were things they needed to know.	8/29/2017 12:36 PM
3	I think the information is much needed for the freshman but I think they get very bored with it because a lot of it like my students said they've heard over and over again, from both orientation and soul camp. It's like the message was very redundant and they got tired of hearing it all.	8/29/2017 11:52 AM
4	The requirements for well for the day	8/27/2017 4:51 PM
5	We were here before the teachers and we had to set up classrooms on our own.	8/25/2017 11:33 AM
6	Showing up to Cajun connection is a vital part of the semester	8/25/2017 10:00 AM
7	I would agree these requirements were fair and appropriate.	8/25/2017 9:42 AM
8	I think it's necessary for Cajun Connection to happen because I think that they need to be exposed to campus and to people that have already been on campus before they're just thrown into their first day.	8/24/2017 8:58 AM
9	None of my students wanted to stay after 2 for the cool off in the quad because they were so done with the day already. Maybe if we did like a movie in the union or something with concessions they would like that better since it is always so hot when we do Cajun Connection.	8/22/2017 4:02 PM
10	They are sweet and simple. Very easy to accomplish.	8/22/2017 2:46 PM
11	I agree that the requirements were necessary.	8/22/2017 1:58 PM

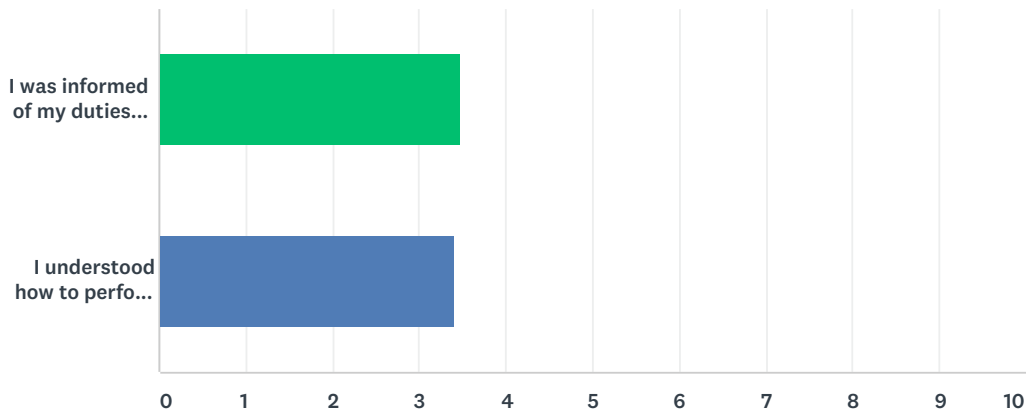

Peer Mentor Cajun Connection and Training Survey 2017

12 I think that the morning and afternoon was a tad bit repetitive, what the instructors did in the morning I found was needed. However, after lunch when we were with the students alone, the things we had to go over they had already heard it and didn't want to hear it again. I enjoyed the Q&A section and the Let's Explore was informative. Also, I feel like if the peer mentors were alone with the students in the beginning of the day, then the instructor came it would allow for the students and peer mentors form a closer bond. I felt like I didn't have enough time with them to do different things that I had in mind. It would also not make the freshman as antsy to leave after lunch because the professor is in the room and is explaining the course to them. Another thing that I think would help with spending more time with them is if the instructors purpose was if all they did was explain the course and have a Q&A geared more toward professor based questions that the students might have. All and all, compared to my Cajun Connection (2015), this was way more productive and it is continuing to get better and better!

#	HOW BETTER COULD WE HAVE PREPARED YOU FOR CAJUN CONNECTION?	DATE
1	I feel very strongly that Cajun connection is going more and more toward high school-esque practices every year and in the future we should come up with better ways to relay information rather than treating them like they can't write an email. I think that we should be prepared to talk to growing adults, not children.	8/29/2017 1:11 PM
2	Made the Cajun connection preparation more interactive (like a mock Cajun Connection).	8/29/2017 12:36 PM
3	The preparation for Cajun connection was flawless and I wouldn't necessarily change a thing!	8/29/2017 11:52 AM
4	There was confusion on the pass/fail if the students did or didn't do xyz.	8/29/2017 11:00 AM
5	I think more real life scenarios would have helped, instead of just hearing the dos and don'ts.	8/28/2017 7:16 PM
6	There should have been less about how to be a good peer mentor and more on how to do Cajun connection. Peer mentors with classes picked up their materials for class on Thursday morning and sat in their classroom from 7:30 to 8:30am. That is such a waste of time to be lost!! Peer mentors should have set up their classroom and then been told to go outside or inside their buildings/floors and help direct freshmen to their classes. This would have been a friendlier, more helpful way to begin the morning for freshmen than having to sit awkwardly with a peer mentor not doing anything for an hour. Also, peer mentors should have all been given information on the same way to respond to freshmen questions. We all should have known that if we gave them free reign to walk around the quad and campus at 2pm they would try to and ask to leave Cajun Connection. Instead of some peer mentors threatening to take attendance again at 4pm, or saying they could leave at 2pm, a steadfast cohesive response should have been ready to respond with by all peer mentors. Everyone saying different things made peer mentors look disorganized, ineffective, and not as prominent as we should be.	8/27/2017 1:06 PM

Peer Mentor Cajun Connection and Training Survey 2017

10	Some aspects of Cajun Connection were confusing. Up until the day before, I was unaware that I was going to be in a classroom with more than one class and peer mentor. Even though it wasn't that big of a deal during actual CC, it kind of threw me for a loop because I had been planning to have a class to myself up until literally the day before. Finding out I was actually going to be in a class with 3 other peer mentors and over 100 students was overwhelming.	8/24/2017 8:58 AM
11	More thorough instructions on what to do at chosen area; actual assignments/tasks should have been assigned	8/22/2017 8:24 PM
12	More information about the TOPS program the students were supposed to attend.	8/22/2017 2:46 PM
13	I thought the little seminars were great and definitely prepared me before approaching my Cajun Connection class.	8/22/2017 1:58 PM
14	I cannot think of anything to add.	8/22/2017 1:12 PM
15	I think y'all did a great job of preparing us for cajun connection. I found the luncheon helpful and I enjoyed meeting my teacher before hand.	8/22/2017 12:58 PM
16	Longer training for cajun connection itself. I felt that most of it was rushed on the 2nd day of training.	8/22/2017 12:55 PM
17	Maybe a little more time for training so we can go slower	8/22/2017 12:21 PM
18	I feel like performing our duties was easy said than done. I didn't have any problems but it's totally different from seeing it in paper than actually doing it .	8/22/2017 12:19 PM

1	More time with our teachers	9/4/2017 3:25 PM
2	I believe that we should be told less how to act by the peer mentors program and told more how to act based on what our professor wants/ needs. I understand there is a baseline that is professional and appropriate, but I think that we are pushed toward one thing when our professors want another.	8/29/2017 1:11 PM
3	Teaching us how to get our students more comfortable in the beginning. I feel that often times breaking the ice is the hardest part, but if we spend more time learning about different types of people and ways to make them comfortable it can be made easier.	8/29/2017 12:36 PM

5	I feel like I'm in a slightly different category than most people, but my UNIV instructor did not show up to the instructor luncheon or Cajun Connection. Therefore, I had no idea what to expect. When I showed up to class on the first day and talked to my instructor, he told me I really didn't need to be there. I know it's not anything you could have done to fix this, but I feel as though the UNIV teachers need to be aware that I signed up for this and want a part in the class.	8/29/2017 11:02 AM
6	It was good having those UNIV Instructors come to 2nd day training at Picard center, talking about what they did and didn't like that their PMs did or did not do.	8/27/2017 1:06 PM
7	Instead of having the peer mentors of similar classes in the same room, they should be separate. I was in a room with another peer mentor who didn't have the same professor, but same UNIV topic as me. I didn't get to connect with my class like I did with my other classes.	8/25/2017 10:00 AM

1	I don't really know any of the other peer mentors and don't feel very close with them maybe if we had events throughout the semester for the mentors we could bond more	9/4/2017 3:25 PM
2	I very much do not feel close to my lead at all. My lead personally seemed like she felt that she was better than us and never really emotionally connected with us at all. There were promises of hanging out on the side to become close, but I don't think that she means it. I'm fine with not being close to my lead or peer mentors because realistically we never see them again after Cajun connection and training. Because of this, I can easily see why no one is wanting to connect and become close. The idea of being best friends with my fellow peer mentors sounds a lot like something from SOS or Soul camp that someone decided to throw in for added effect. I respect the idea of making friendships in organizations highly, but mostly I got along with others by the mutual thought that training was very cringey. At some times training really unveiled the flaws of the peer mentors program such as Tori always wanting attention or the stereotype game that basically caused people to dislike each other and lose respect for each other.	8/29/2017 1:11 PM
3	Training allowed everyone to interact with other peers they would not have previously had a chance to. It was very fun and I know so many mentors now.	8/29/2017 12:36 PM
4	Through the activities and my specific group (the most bomb dignity cupcakes), I was able to make strong connections and lifelong friends who are both in my major and not in my major. It has introduced me to more friends and even study groups for nursing!	8/29/2017 11:52 AM

Peer Mentor Cajun Connection and Training Survey 2017

5	Personally, lead did not know who I was, and asked me multiple times if I was supposed to be in that group. This made it hard for me to make a connection and feel comfortable in my group. Although it is a short time period, I believe that if there were maybe more team building that the peer mentor program would be a closer and inviting environment for those peer mentors that do not already know each other.	8/28/2017 7:16 PM
6	Peer mentors were never thanked for their time or devotion to the program, some felt they were not cared about. Still heard rumblings that students were only in the program for the priority scheduling. No individual time with pm group and lead, I wanted to ask questions within just my group but I didn't get a chance to without a game or lecture being held. Needed time to digest and talk amongst our small groups would have been better. And then we are able to see which peer mentors were actually engaged and cared to be there within the smaller atmosphere.	8/27/2017 1:06 PM
7	The roller skating event helped me connect with other peer mentors. We should do something similar every year	8/25/2017 10:00 AM
8	Our group and lead are awesome and we really opened up to one another thought the whole process!	8/25/2017 9:42 AM
9	Dee was my lead and I ADORE her! I'm so grateful that Peer Mentors put her in my life because her light cannot be matched or replaced. My group didn't really get that close as a whole but I have definitely made friends that I probably wouldn't have made without Peer Mentors.	8/24/2017 8:58 AM
10	My lead as well as my fellow peer mentors have created a great connection that I think will outlast our positions in the program. I felt no connection to the program itself being that we barely interacted with other groups besides our own in the break out sessions	8/22/2017 8:24 PM
11	We didn't really do as much with our lead during training as we did at retreat and I still don't feel very connected to my lead.	8/22/2017 4:02 PM
12	My peer mentor lead and group were every close before training and are even closer after	8/22/2017 3:47 PM
13	I felt ready to help mentor my class!	8/22/2017 2:46 PM
14	It was difficult to talk and have conversations with fellow mentors because we were always doing something. (not complaining)	8/22/2017 1:12 PM
15	I got to know more about the program and i enjoyed that!	8/22/2017 12:58 PM
16	Most of my peer mentor group was very talkative and not very respectful when others were talking, so some people just stayed to themselves because there wasn't much time for them to participate. Training as a whole (activities with everyone) made me feel more connected to other people in the organization other than the people in my small group. My lead tends to gravitate towards a few people in the group and didn't seem to connect with everyone.	8/22/2017 12:55 PM

#	IF YES, PLEASE COMMENT ON THE DIFFERENCE BETWEEN THE RELATIONSHIP WITH YOUR STUDENTS IN YOUR CLASS FROM LAST YEAR TO THIS YEAR DURING CAJUN CONNECTION.	DATE
1	The students in my UNIV course this year were not as talkative as last year. I believe by giving the professor an opportunity to lecture at the beginning of Cajun Connection, bored the students and put them to sleep, so when it was time for me to spend time with them and get to know them, they were ready to go home and not participate. With my group last year, they got to begin the day with me and I woke them up with an ice breaker and we were able to speak openly (student to student) and we became close in just those two days.	8/31/2017 7:11 PM
2	This Cajun connection was much better overall. I feel like time was spent more wisely, and I really think cool off in the quad was a big hit	8/29/2017 3:30 PM
3	My relationship with my students is wildly different from last year. I had a very bad experience with peer mentors last year and that fueled me to return and try to make the change I was looking for.	8/29/2017 1:11 PM
4	This year, I was able to be myself more.. from the beginning. Last year, it took a little longer for me to get comfortable with my class. This year, I felt more comfortable in my skin and that allowed me and my students to get more comfortable with one another.	8/29/2017 12:36 PM
5	My students in my class from last year were closer to me than my students in my class this year.	8/28/2017 7:30 PM
6	I didn't have a class lad These	8/27/2017 4:51 PM
7	Since the beginning of the morning was all instructor ran, I was not able to learn my class's names as well and connect to them. My instructor didn't even stop to introduce me or what the peer mentor program is. We also should have a standard one or two sentence explanation all peer mentors should know to be able to describe what peer mentors is so it is cohesive and well put together as an organization. I have three different students ask me to explain what peer mentors is throughout the morning.	8/27/2017 1:06 PM
8	I didn't get to know my class this year like I did last year	8/25/2017 10:00 AM

10	I've been very luck that both of my classes have been easy to engage, good people, and receptive to my experience, without having to be a professor.	8/25/2017 9:44 AM

12	N/A	8/24/2017 8:58 AM
13	As great as having only one day of CC is, I do not feel connected to my students. There wasn't a lot of time for "fun" and just casual conversation. We have so much information to share with the students that we don't have any free time to talk or play games. We didn't have enough time to create a bond with our students, and I think becoming a friend to them is important so they will feel comfortable asking questions.	8/22/2017 1:12 PM
14	Last year I had a soul camp section, so I did not participate in Cajun Connection. The difference for me was we were able to spend time together before class.	8/22/2017 12:55 PM
15	This year was much better thanks to the one day. I just wish it could have seemed more necessary. At times Cajun Connection seemed pointless, but I do understand that it's to help the students get acclimated on campus.	8/22/2017 12:21 PM

1	There was a lot to do, it only seemed like "too much" at times because there weren't a lot of team peer mentors.	8/29/2017 3:30 PM
2	I heard Team PM went 150% from 6:30-8:30am and then had nothing to do for the rest of the day, we should have them more involved and being a part of the program all day.	8/27/2017 1:06 PM
3	As a member of Team Peer Mentor, way too much was expected of us. Many leads that were out "helping" during Cajun Connection of just standing around or barely helping as if they were above the work we needed to get done. They expected those under them to do majority of the work which set a bad example of a Lead who is supposed to lead use, Courtney was not one of them...she was very helpful and cheerful. We also lacked a break in any way shape or form! I saw a fellow peer mentor get fussed at for possibly taking a break after CC when I know the schedule did not say we were to remain in the Lee Hall after CC and until help with lunch.	8/22/2017 8:24 PM
4	However, I don't feel that they showed as much care to us as the other peers that had a class for Cajun Connection. Also post Cajun Connection I feel that most of the other peers left leaving Team Peer Mentor to finish up some of their work.	8/22/2017 12:18 PM

2	Even though I disagree with some things about it, I still understand that good things come from it. I enjoy that I get to establish a relationship with my class very much and I enjoy to help them.	8/29/2017 1:11 PM
3	It was worth while because the students got to interact with one another before classes began.	8/29/2017 12:36 PM
4	I believe that it was worthwhile, but could maybe incorporate shorter time slots so the students don't feel like it is pointless to be there and they all of the information.	8/29/2017 11:52 AM
5	I feel like Cajun Connection is a great resource for the freshman but I don't think they take advantage of it. They sat in the classroom the whole time not really caring about what we were doing. We tried to make it as fun as possible but I still don't think they really took that much out of it.	8/29/2017 11:02 AM
6	The agenda for the day was not really fun things of college. Most students would prefer to have the information in an email, etc. The students really wanted some time to walk around and find there classes with Peer Mentors around to help them find their way.	8/29/2017 11:00 AM
7	It can be a bit repetitive in some aspects of it.	8/28/2017 7:30 PM
8	I think cajun connection is a good experience for freshman to meet people in their class and learn tips for success before becoming too overwhelmed with all of their classes starting.	8/28/2017 7:16 PM
9	It was hot & was not well put together	8/25/2017 10:00 AM
10	I think we gave as much info as we could in a days period. While making it enjoyable by the students!	8/25/2017 9:42 AM
11	Cajun Connection is necessary in my opinion because I think freshmen need to be exposed to campus before they're just thrown into classes on the first day.	8/24/2017 8:58 AM
12	Most freshmen do not see the point because they said it just another day of orientation	8/22/2017 3:47 PM

Peer Mentor Cajun Connection and Training Survey 2017

14	The only reason I didn't respond with strongly agree is because the mood was down in the class for some people, some people were just tired and not happy to be there so they may not have gotten the hype over why Cajun Connection is so important.	8/22/2017 1:58 PM
15	I'm neutral on this answer, because even though I am a Team Peer Mentor I had to help mentor a class during Cajun Connection and I felt the students were bored with the activities and discussions. It was really hard to keep their attention.	8/22/2017 1:13 PM
16	I think that cajun connection is a good transition into college. The first day of school can be hectic for freshman and this allowed them to meet a professor and different freshman and form relationships with different people who they might have not with in high school.	8/22/2017 12:58 PM
17	I think as a freshman they think it is pointless and not worth their time. As an upperclassman I see the point of having it and how helpful it really is.	8/22/2017 12:55 PM
18	I think it was better than the two day Cajun Connection. But kids get bored and tired especially after lunch & if there were more activities for them to do, I feel like it would have kept there interest the entire time. The cool off in the quad was nice, but they waited all day & were burnt out by the time cool off in the quad came. More activities instead of sitting in a room listening to the syllabus & the instructor would be more fun in my opinion.	8/22/2017 12:19 PM

Peer Mentor Cajun Connection and Training Survey 2017

7	Most of the students didn't get everything they needed because the line was so long & they needed to be in class by 8:30	8/25/2017 10:00 AM
8	No matter what you do for this process it will always have some flaws.	8/25/2017 9:42 AM
9	The line seemed to be longer than needed- once we directed students to head straight to their respective tables for their t-shirt size, it moved much faster than the square in the courtyard.	8/25/2017 9:29 AM
10	I went straight to my classroom.	8/24/2017 8:58 AM
11	There should have been more people out there with us! The lack of leadership was beyond present. We should of had assignments as i've previously mentioned above. Being that we had to send people to get things we were handing out when someone could of had that as a designed job because it's hard to stop the flow of things to run get more supplies. This lack of tiny details made the morning harder than it should of been. Also, Taylor and Tori spent majority of the time hidden up in Lee Hall when I think one of them should have been on the floor with us helping give out t-shirts, folders, planners, or making sure we didn't have to stop the flow of things to restock! The presence of either or both would have made things go smoother. I understand they many have been attending to the Peer mentors with a class and their questions but we live in 2017...we have mobile smartphones for a reason. Some peer mentors that were on team peer mentor left after check in and failed to return to help with clean up! The was not cool. We are supposed to be a team that helps each other through all things where it is needed and after the CC madness all available hands were needed Nick was a great help the entire day!	8/22/2017 8:24 PM
12	With so many students there will be some chaos but maybe we could figure out a way to help direct them in a more orderly way so they do get everything they need as well as getting out of the way of people who haven't gotten everything yet.	8/22/2017 1:58 PM
13	The class was confused on where to go because they changed the class without changing the board, then changed the class back to the orginal and changed the board to the other class. The process seemed really easy for the freshman to follow and it was just a trial and error type thing. I have no doubt that next year it will be flawless!	8/22/2017 12:58 PM
14	It went as smooth as it could've with that many freshman.	8/22/2017 12:55 PM
15	Many students didn't get all of the resources they needed on time. It could be somehow more organized, possibly by splitting it up into two sections by last name, and dividing in the middle/	8/22/2017 12:36 PM
#	COMMENTS FOR "INTRODUCTION TO UNIV 100/ICE BREAKERS (THURSDAY MORNING CC CLASSROOM)"	DATE
1	It's hard to make ice breakers fun when everyone usually dislikes them. I think it's important to do good ones that show students their similarities so they can connect.	8/29/2017 1:11 PM
2	Thus really allowed the students to get more comfortable	8/29/2017 12:36 PM
3	My professor gave me a great idea of an ice breaker and my students even gave me an idea for an ice breaker they wanted to play!	8/29/2017 11:52 AM
4	My instructor had 4 sections all in a tight classroom. It was hard to hear, and really get everyone involved.	8/29/2017 11:00 AM
5	Ice breakers are always uncomfortable, but I found it better with the instructors there for it to learn about the students as well.	8/28/2017 7:16 PM
6	My professor took over for the icebreaker	8/25/2017 10:00 AM
7	Both of our sections worked well together and we laughed a lot.	8/25/2017 9:42 AM
8	I think that Peer Mentors should strictly handle the Ice Breaker, instead of having instructor influence.	8/25/2017 9:29 AM
9	My teacher kind of went on a tangent and I don't think my kids are completely sure of what they're going to be doing in Mastering the First Year.	8/24/2017 8:58 AM
10	Students were able to discuss their likes with other students to make new friends. Even my instructor was involved!	8/22/2017 2:46 PM
11	We only had time for one due to the miscommunication with the instructor; however, it was a fun, lighthearted activity everyone was able to participate in.	8/22/2017 1:58 PM
12	They really enjoyed it.	8/22/2017 12:58 PM

Peer Mentor Cajun Connection and Training Survey 2017

1	They liked the time off, but still wanted to leave.	8/29/2017 1:11 PM
2	This was very laid back. The students enjoyed the pizza and time spent with me.	8/29/2017 12:36 PM
3	I knew my professor personally and ahead of time so I don't feel qualified to answer this question to the fullest but it certainly is a great idea to meet with your professor you may not know before jumping right into the semester!	8/29/2017 11:52 AM
4	The pizza was good, but very cold. No one desired for second or to finish the one they had. Leading us to have a lot of extra.	8/29/2017 11:00 AM
5	It was extremely too hot for them to have to be out there for such an extended period of time.	8/26/2017 8:13 PM
6	They were tired & not really engaged	8/25/2017 10:00 AM
7	The pizza was a little cold	8/25/2017 9:50 AM
8	This was a time for individuals to get to know one another! They socialized.	8/25/2017 9:42 AM
9	I felt like I was just lecturing them. There wasn't a lot of time for open discussion.	8/25/2017 9:30 AM
10	I kind of lost my kids after lunch so it was hard to keep them engaged in the things we were expected to do after we ate.	8/24/2017 8:58 AM
11	They became tired and felt the information was repetitive	8/22/2017 3:47 PM
12	A little awkward at first but that was expected.	8/22/2017 2:46 PM
13	There was plenty enough time to eat and mingle, I think the students liked the break but at the same time there were a few who were bored after they ate and just wanted to continue with the planned activities.	8/22/2017 1:58 PM
14	Wish I had more time. I felt rushed.	8/22/2017 1:12 PM
15	This gave you a connection with your teacher, so for cajun connection y'all already knew how to go about the day.	8/22/2017 12:58 PM
16	Lunch was terrible. The pizza was horrible. It was cold & the water was hot. Everyone complained about it & we ended up throwing more pizza away than was consumed.	8/22/2017 12:19 PM
#	COMMENTS FOR "LET'S GEAUX EXPLORE UL AND COOL OFF IN THE QUAD"	DATE
1	Think it was fun and worthwhile! Could have a couple more misting tents	8/29/2017 3:30 PM
2	I love the idea of cool off in the quad, but no matter what you do freshmen will never stay the full amount of time if they don't have to. I feel that we wasted a lot of money just for peer mentors and 100 freshmen to enjoy.	8/29/2017 1:11 PM
3	The weather was not very friendly for these activities. Maybe next year we can have it somewhere that is covered.	8/29/2017 12:36 PM
4	I feel like they were advertising it to be mandatory and not everyone stayed. I think it was a lot of work to set up so it needed to last as long as it did and was a great idea! The students got to just hang it with their new and old friends with free food and drinks!	8/29/2017 11:52 AM
5	I thought it was a great idea and cool to have those free items for students. There weren't any places to sit in the shade except under the walkways.	8/29/2017 11:00 AM
6	It was way too hot even though it was a nice thought, students were drained from the heat within a few minutes out there and were ready to leave.	8/28/2017 7:30 PM
7	It was morbidly hot and lines were too long. Should have done a rotation system, some classes in quad then move to acorn tradition or so on.	8/27/2017 1:06 PM
8	It was extremely too hot for them to have to be out there for such an extended period of time.	8/26/2017 8:13 PM
9	Cool off in the Quad wasn't really a cool off. Most of the students were sitting in the breezeway trying to cool off	8/25/2017 10:00 AM
10	It was just really hot....	8/25/2017 9:42 AM
11	I don't think many students went look for their classes or went to the cool off. I personally didn't want to attend the Cool off in the Quad because it was too hot. I know the students that did stay were miserable.	8/25/2017 9:30 AM

Peer Mentor Cajun Connection and Training Survey 2017

12	Half of my kids said they didn't even go find their classes, but most of them went to Cool Off in the Quad at least for a few minutes. Most of them complained that it was too hot, and said that they may have been more likely to stay if there were tents or more shaded areas to hang out.	8/24/2017 8:58 AM
13	Great idea Ms. Stacy did great with this, wish I had it my year at CC!	8/22/2017 8:24 PM
14	Like I said before, my students were ready to leave at this point. I think a movie in the union would be better since it's always so hot during Cajun Connection.	8/22/2017 4:02 PM
15	The cool off in the quad went great but students never went any further to explore campus	8/22/2017 3:47 PM
16	Too hot!	8/22/2017 2:46 PM
17	By the end of the day a lot of the students only saw these activities as an obligation and didn't really try to enjoy it. The majority of them were complaining about the heat (despite the opportunities to cool off).	8/22/2017 1:58 PM
18	It was too hot and everybody in my class was ready to go and they didn't want to be there.	8/22/2017 12:58 PM
19	Most students left as soon as they realized that no one would stop them.	8/22/2017 12:46 PM
20	The students do not seem to understand that they cannot leave before 4 pm. A good way to remedy this would be a mandatory check in at 4 pm, possibly even by swiping their cajun cards.	8/22/2017 12:36 PM

25	Finding the leaders because we came together as a team	4/23/2018 10:13 AM
26	One thing I liked about the retreat is the Escape room because it allowed us, the members of the small groups, to become comfortable with each other and also work together very well for one purpose.	4/23/2018 9:49 AM
27	The ice breaker. It wasn't the average ice breaker	4/23/2018 9:47 AM

42	The escape room was fun	4/20/2018 3:10 PM
43	I liked the sardine activity because it truly showed us how to work together and compromise.	4/20/2018 2:48 PM
44	I think that the step forward and backward activity was good because it reminds everyone that everyone is different but we are all still Ragin Cajuns that want to make something of ourselves.	4/20/2018 2:31 PM
45	I enjoyed the escape room because it required us to work as a team from the very beginning, which I enjoyed. It also got our brains working and awake at the very beginning of the day, which I think helped us be able to give our all for the rest of the retreat.	4/20/2018 1:23 PM
46	Atmosphere	4/20/2018 1:18 PM
47	I liked that something new was tried. The activities were really well thought out! :)	4/20/2018 1:11 PM

51	I loved the fact of writing positive things on peoples backs	4/20/2018 12:39 PM
52	The interactivness of it and how it wasn't just sitting through people talking.	4/20/2018 12:28 PM
53	I liked that we were split off into small groups because I got to know people on a more personal level than I would have in a large group.	4/20/2018 12:19 PM
54	I enjoyed the escape room because we were able to work together as a team and put our ideas together.	4/20/2018 12:11 PM
55	I enjoyed making friends and feeling as if i was a part of something that would help the university.	4/20/2018 12:07 PM

60	Working together to solve the escape room was a fun and enlightening experience.	4/20/2018 11:46 AM
61	I really enjoyed the escape room! It was very good for team building and for working together.	4/20/2018 11:46 AM
62	The escape room wasn't far the best part	4/20/2018 11:44 AM
63	I liked the sardine game. It really showed a persons true self because you can tell some got aggregated more than others very easily	4/20/2018 11:42 AM

Peer Mentor Retreat 2018

64	I loved the escape room game and playing sardines. Honestly, we could have done without the other games. I feel the day was focused on filling all the time with as much as possible. I feel a successful event is more about quality than quantity. We could have had a shorter retreat with just the two games I mentioned above and it would have been worth my time. Adding all of the extra time filler ice breakers are just that- time fillers. Though kuddos to our leads. They did an incredible job! I dont at all mean for my suggestions to sound harsh, but if wanting to improve, those are my suggestions. :)	4/20/2018 11:42 AM
65	I really enjoyed the this or that activity because it was a really great way to start. We got to know each other a little before actually jumping into all of the retreat activities.	4/20/2018 11:40 AM
66	I liked the new games we played, especially the escape room one. It was super challenging and fun !	4/20/2018 11:38 AM
67	I loved the escape room! It was a creative way to get us working together	4/20/2018 11:32 AM
68	I really liked the escape room. It allowed us to work as a group and see where our strengths and weaknesses are.	4/20/2018 11:28 AM
69	The part when we sign each other's papers and how nice it was to have complete strangers become your friends. LOVED IT.	4/20/2018 11:28 AM
70	I liked the exscape room game. Our group got a little frustrated but we contiuned to work together. It was really fun.	4/20/2018 11:26 AM
71	The escape game because it taught bonding and cooperative thinking.	4/20/2018 11:23 AM
72	I liked the room escape. It forced everyone to work together and it really helped us get to know each other.	4/20/2018 11:20 AM

74	the escape room because it was fun	4/20/2018 11:20 AM
75	I loved the "hand on back" excercise! It was awesome to compliment others and see what others thought about you. It's a confidence booster!	4/20/2018 11:19 AM
76	Having small groups	4/20/2018 11:17 AM
77	I liked the escape room, it made us work together and become effective as a team.	4/20/2018 11:16 AM
78	I liked the team building activity	4/20/2018 11:15 AM

#	RESPONSES	DATE
1	The entire set up.	5/16/2018 11:39 AM
2	I feel like it didn't have to be at 8 AM lol	5/14/2018 12:13 PM
3	It's too early in the morning on a Sunday.	5/3/2018 9:23 PM
4	N/A	4/29/2018 9:10 PM
5	Providing small snacks would be nice	4/26/2018 7:56 PM
6	I wish small groups would be based off of personality more. The people in my small group just did not get along which hurt my experience.	4/25/2018 11:08 AM
7	The Union Activity was not utilized well in my small group because there were people trying to run and rush rather than communicate. Plus it was tightly packed together to have so many groups run around the Union.	4/25/2018 10:31 AM
8	More getting to know Group members.	4/25/2018 9:34 AM
9	The time it started. 8 is early on a Sunday and I know it had to take some time to set up. I would push it back a few hours or make it an evening thing.	4/24/2018 4:42 PM
10	Nothing	4/24/2018 2:54 PM
11	Nothing	4/24/2018 1:16 PM
12	Different day and time lol	4/24/2018 1:16 PM
13	N/A	4/24/2018 12:26 PM
14	Personally, I'm not a group activity person. I like to watch, but that's just me. Plus, it's the purpose of the retreat.	4/24/2018 10:07 AM
15	N/A	4/24/2018 10:03 AM
16	I would may give more information about the upcoming semester and the incoming peer mentors responsibilities and things to expect.	4/24/2018 9:59 AM
17	The time of day.	4/24/2018 9:58 AM
18	More games as a whole group	4/24/2018 9:56 AM
19	I would put something that would benefit us more as peer mentors than just bonding activities. I felt like it was more of a social gathering than a beneficial retreat.	4/23/2018 8:54 PM
20	I would change the part where we wrote things on each others backs. I dont knoe anyone and it was super awkward for me and others who didnt know me. Sure you can "meet new people," but most people stick to who they know and leave it at that.	4/23/2018 1:18 PM
21	The holding-hands fish activity felt irrelevant and only made us get annoyed with each other.	4/23/2018 12:57 PM
22	Maybe provide lunch to us. We were starving and there aren't things open on campus around that time until 4'oclock that evening	4/23/2018 12:13 PM
23	Not so early	4/23/2018 11:56 AM
24	Not running around the union for 30 minutes holding on to each other	4/23/2018 11:14 AM
25	How long it is. I feel like it could've been shorter	4/23/2018 10:15 AM
26	Food I was hungry	4/23/2018 10:13 AM
27	I have nothing I would like to change about the retreat. Everything was great to me.	4/23/2018 9:49 AM
28	Nothing	4/23/2018 9:47 AM
29	I would add stuff where the small group gets to know each other.	4/23/2018 9:46 AM

Peer Mentor Retreat 2018

30	I wouldn't change anything, but my groups attitudes.	4/23/2018 9:45 AM
31	I would change the amount of time that is spent for retreat	4/23/2018 9:45 AM
32	I would continue to do the scavenger hunt because it was fun but I would take out holding hands. Many people did not enjoy it, were grossed out by the germs and sweaty hands, it was such a long time to hold hands, and sicknesses are spreading a lot right now.	4/22/2018 8:38 PM
33	Having to link during sardines. A lot of people wanted to walk faster while others didn't. It caused more fuss than necessary and also led to pulling.	4/22/2018 11:21 AM
34	i would have liked if we could have learned more about class we will be mentoring.	4/22/2018 12:27 AM
35	The activity where we had to hold hands and go right leads around campus was a little stressful because not everyone was listening to each other and some people felt like they were being dragged around by the people who were very competitive.	4/21/2018 7:14 PM
36	If the retreat was to get to know our small group members a little better, the large group activities didnt really do that. But they were great in getting us to work together.	4/21/2018 4:19 PM
37	The linking arms game was honestly horrible. It does not work with groups as big as we had. People were afraid to get hurt and one end of the snake wanted to do one thing while the other did not. I also did not like that the leads changed their hiding spots- it prolonged the whole thing. Also, this activity was very ableist and excludes anyone who cannot hold hands and run around the union.	4/21/2018 2:20 PM
38	I don't feel like the acitivities taught me about my other peer mentors	4/21/2018 8:14 AM
39	i did not like the escape room at all. being a returning mentor, i pesonally like last years set up because it gave our group a better way to get to know each other and bond in different settings which let us see different sides of each other.	4/21/2018 12:38 AM
40	make the groups more diverse	4/20/2018 9:55 PM
41	N/a	4/20/2018 9:03 PM
42	I did not enjoy the sardines activity because it after a while it got boring	4/20/2018 7:48 PM
43	I would change maybe some of the team building games, such as the sardine game. Maybe finding more affective ones will help us work with each other as a whole.	4/20/2018 4:18 PM
44	The sardine activity. Its was very difficult dealing with the pulling and running. I almsf fell many times.	4/20/2018 3:10 PM
45	I would change how much we talked to other groups. I feel like we didn't branch out of our groups enough to meet new people except at the end.	4/20/2018 2:48 PM
46	I think that the search for the leaders was too much. It wore everyone out, especially after the whole escape room thing. Maybe instead do a treasure hunt type thing to combine both the work together and hunt for something in the union and then do a separate activity. Maybe have us find giant puzzle pieces around the union and whoever makes the puzzle first wins. Or even a family feud, but cajun feud where we can meet other people from different groups as well.	4/20/2018 2:31 PM
47	I would've appreciated if breakfast was provided for us only because the cafeteria does not open until 11am on weekends, so for people who do not have kitchens (live in a dorm) it was difficult to find breakfast.	4/20/2018 1:23 PM
48	Getting to know other peer mentors both inside my group and outside my group	4/20/2018 1:18 PM
49	I think the activities were nicely planned, however, there was no discussion after the activities. Many people in my group felt that the overall meaning (teamwork, communication) was lost because there was the lack of discussion after each activity.	4/20/2018 1:11 PM
50	I would definitely choose activities that were less stressful and were actually enjoyable and productive.	4/20/2018 12:52 PM
51	The level of team building the games require doesn't make sense for peer mentors at all. We won't be with these people and it was too stressful/impossible to complete with as many people as we had. The escape room and the sardines game felt very unnecessary. I would put more time into talking about how to actually be a peer mentor.	4/20/2018 12:49 PM
52	The activities were good but we don't need to be as touchy with other people.	4/20/2018 12:46 PM

Peer Mentor Retreat 2018

53	so many things, could have been more efficient I guess? i'm not too sure but it was cool.. just really early and was a little mundane but fun	4/20/2018 12:39 PM
54	the time being that it was so early.	4/20/2018 12:28 PM
55	I would change the way some of the activities were organized because in the sardine activity it was harder to communicate and work as a team.	4/20/2018 12:19 PM
56	It would be nice if we had another small group activity, other than that everything was great.	4/20/2018 12:11 PM
57	1. I would have allotted more time to becoming closer to our group. We were always together and working together, but there was never a time where we could just talk to each other and get to know each other better. 2. This is not because of the retreat I'm sure, but it was extremely hot in the union, which made everyone a little annoyed in the sardines game.	4/20/2018 12:07 PM
58	I wish we would've had more get to know each other activities.	4/20/2018 11:57 AM
59	The fish game	4/20/2018 11:54 AM
60	The timing and activities because Sundays are Holy& the activities were physically exhausting	4/20/2018 11:48 AM
61	I wouldn't make it as long because the games got boring after a while	4/20/2018 11:48 AM
62	The sardines game was very high anxiety for me. Would not repeat.	4/20/2018 11:46 AM
63	It was too early. I just did not like having to wake up at 6:45 on a Sunday.	4/20/2018 11:46 AM
64	Get ride of the Sardine game. It didn't bring about team work and it was just a lot of pulling on each other.	4/20/2018 11:44 AM
65	I would change the length of the retreat I feel as though it was some unneeded and waiting times	4/20/2018 11:42 AM
66	I mentioned my thoughts in the previous question, but to say again in a new way, "less is more."	4/20/2018 11:42 AM
67	The only thing I would change is the sardine game. It was fun but because of the size of the groups it was hard to communicate with each other.	4/20/2018 11:40 AM
68	I would only probably change the sardines game. Running around the Union was tiring and hectic.	4/20/2018 11:38 AM
69	The activity with the fish in the union. It was long!!!	4/20/2018 11:32 AM
70	I didn't really like the sardine game very much. It caused a lot of frustration within the group, and it was difficult to work together because of the length of the line.	4/20/2018 11:28 AM
71	The part when we held each other's hands and had to find each lead. It would have been MUCH easier in smaller groups and if we were able to report those who were not cooperating with the rest of the group.	4/20/2018 11:28 AM
72	I would let everyone get to know each other, and then split into small groups.	4/20/2018 11:26 AM
73	The connect game this year. Generally it is productive to produce a conversation. This time around it was more joking.	4/20/2018 11:23 AM
74	It was an amazing experience, but maybe less time with the small group ice breaker game? Or maybe a different ice breaker?	4/20/2018 11:20 AM
75	Probably that it was at 8am.	4/20/2018 11:20 AM
76	I wish it was more organized	4/20/2018 11:20 AM
77	I would've taken out the "linked arms" sardines. It was lengthy, tiring, aggravating, and frustrating. It honestly put me in a bad mood.	4/20/2018 11:19 AM
78	I didn't like the hand holding snake game. I think there was too many people in each group that made it to be not as fun	4/20/2018 11:17 AM
79	I would not do the sardine game. It was frustrating and everyone was annoyed when people got pulled	4/20/2018 11:16 AM
80	Maybe more interaction and learning about the people in our group. I can't even tell you most of the people in my group names.	4/20/2018 11:15 AM

Q10 Keeping in mind that the training in August is for instruction on being a peer mentor and the retreat is for leadership development, what would you have liked at the retreat that you didn't get?

2	I wish some of the activities were more individualistic.	5/3/2018 9:23 PM
3	I would've liked to get more information on how we will be trained and what we will learn in preparing to be peer mentors.	4/29/2018 9:10 PM

5	To learn more about resources for students on campus so I can give my students more immediate answers rather than having to make them wait for me to ask someone else to find out the answer.	4/25/2018 11:08 AM
6	Well for starters maybe a small amount of food. But however I wish an overall understanding of my duties would have been more conducive.	4/25/2018 10:31 AM
7	more talking to group members	4/25/2018 9:34 AM
8	Maybe more small group talking time instead of activity after activity. We all have an idea of how we work as leaders, but not how we fit in our groups and the different types of leaders there are.	4/24/2018 4:42 PM
9	Nothing	4/24/2018 2:54 PM

17	More activities where the leader position is shared rather than where some must lead and others must follow	4/23/2018 8:54 PM
18	Actual leadership development. The group interviews were more geared towards leadership than the retreat was.	4/23/2018 1:18 PM

22	Nothing	4/23/2018 10:15 AM
23	Food	4/23/2018 10:13 AM

25	More team building activities	4/23/2018 9:47 AM
26	I think I got everything I needed	4/23/2018 9:46 AM
27	How to be an effective peer mentor	4/23/2018 9:45 AM

Peer Mentor Retreat 2018

28	I would have liked more one on one time with my small group	4/23/2018 9:45 AM
29	More about what leadership is and how there are various types, not just activities.	4/22/2018 8:38 PM
30	More time to mingle with people outside of our family.	4/22/2018 11:21 AM
31	I wouldn't have wanted anything else, I found that this event was exactly what I needed to get comfortable with being a peer mentor	4/22/2018 12:27 AM
32	More one on one with people instead of lots of group activities to help people be able to socialize with others.	4/21/2018 7:14 PM
33	More activities where the group just talks to each other, like a discussion platform.	4/21/2018 2:20 PM
34	More leadership development activities.	4/21/2018 8:14 AM
35	i would have liked the different activities instead of an escape room.	4/21/2018 12:38 AM
36	N/A	4/20/2018 9:55 PM
37	More time to get to know my fellow group members	4/20/2018 9:03 PM
38	I would like to mingle with other groups, once we made our group we only really stayed with our own, but I would like to meet other people as well.	4/20/2018 4:18 PM
39	Food	4/20/2018 3:10 PM
40	I thought I received a lot about working together, which wa the point of this retreat.	4/20/2018 2:48 PM
41	Maybe have more activities as a big group.	4/20/2018 2:31 PM
42	Overall, I think the retreat gave each person in the group a chance to step up and show our strengths, which helped with leadership development. I honestly can not think of anything that would have helped us more than the activities we did.	4/20/2018 1:23 PM
43	Getting to know my other peer mentors and group leadership activities. For example like having an activity where only one person can lead a group of about 5-10. This way as a mentor we get experience on how to be a better leader and how to lead a group.	4/20/2018 1:18 PM
44	More group discussion.	4/20/2018 1:11 PM
45	More team-building activities where our lead would participate with us.	4/20/2018 12:52 PM
46	More focused activities that depended less on a functioning group and instead used the group division to help each individual develop necessary skills to be a peer mentor.	4/20/2018 12:49 PM
47	I thought everything at the retreat was well done.	4/20/2018 12:46 PM
48	more leadership opportunities, some people in the small groups overtook the whole group and didn't let small input	4/20/2018 12:39 PM
49	I would liked to have had an introduction on what being a peer mentor is and certain things we are responsible for.	4/20/2018 12:19 PM

66	Maybe that initial small group 30 minute chat could be moved to after a bonding exercise because there wasn't a lot of talking.	4/20/2018 11:23 AM

#	RESPONSES	DATE
1	It was fun but also very frustrating because everyone wanted to be right.	5/3/2018 9:23 PM
2	The Escape Room was interesting but I was confused the whole time and even until the end I didn't know how we figured it out. If the clues and solutions would build on each other it would make more sense.	4/29/2018 9:10 PM
3	It was so amazing. It had me thinking and it helped me build my skills.	4/26/2018 7:56 PM
4	I enjoyed the escape room itself but people in my small group were very rude and kind of ruined the whole experience for me. I feel that maybe people's personalities were clashing. Maybe looking more into people's personalities before putting them in small groups would help with that.	4/25/2018 11:08 AM
5	The Escape Room was very exciting. However there was no starting point and it was very chaotic. The clues went in order but if you start with the second clue and move to the third you would have to backtrack to get to the first. There was no established leader in the group that could have helped facilitate the different areas. Also negative comments were made as the activity went on after constant frustration which came from the lack of structure for the activity.	4/25/2018 10:31 AM
6	I.T was fun, it made us come together to be able to get out of the room.	4/25/2018 9:34 AM
7	The escape room was a lot of fun. My group didn't do it in order so maybe giving a clue at the beginning instead of letting us go crazy would make it flow better.	4/24/2018 4:42 PM
8	I like it, very challenging tho	4/24/2018 2:54 PM
9	I liked it showed that the new peer mentors work together well	4/24/2018 1:16 PM
10	It was a great experience getting to know my new peer family and talking to them so we can escaped .	4/24/2018 1:16 PM
11	It was fun and challenging.	4/24/2018 12:26 PM
12	I am not good at puzzles or riddles so I was no help to my team at all! I was dead weight. It was fun to watch other people do it, but I wouldn't play it again.	4/24/2018 10:07 AM
13	We all worked together really well to try and find clues. Maybe the instructions could have been given better but overall it helped us think	4/24/2018 10:03 AM
14	I LOVED IT!! I have never done something like that, and it was a great idea to get everyone to work together and figure it out.	4/24/2018 9:59 AM
15	I liked the escape room	4/24/2018 9:58 AM
16	Amazing	4/24/2018 9:56 AM
17	It was fun since I had never done one before. Some of it was a little bit too obvious like the hangman acorn.	4/23/2018 8:54 PM
18	Escape room was TERRIBLE. We didnt know what our objectives were, or how to escape. It was mostly our lead mentors fault, he didn't explain that each problem was its own problem to solve. Usually in escape games, one clue leads to another, leading to your escape; this escape game was just solve 5 puzzles and get a key.	4/23/2018 1:18 PM
19	Kind of fun, but it all felt disjointed. There was no solid place to start which threw off the flow of the whole thing, and everytime we completed a puzzle there was no obvious direction to go in. In other words, it felt like a bunch of small puzzles that didn't fit together, rather than one puzzle leading to the next, and so on.	4/23/2018 12:57 PM
20	It was really hard. I was about to give up but luckily with the help of my group buddies, they encouraged me to keep going !	4/23/2018 12:13 PM
21	Really fun, never did this before so I wouldnt know what to compare it with the real thing	4/23/2018 11:56 AM

Peer Mentor Retreat 2018

22	It was well thought out, but maybe catered to what peer mentors will actually do with incoming students	4/23/2018 11:14 AM
23	It was fun but kinda hard to coordinate everyone in one group to doing it all together cause there were so many of us	4/23/2018 10:15 AM
24	I was confused but my team came through	4/23/2018 10:13 AM
25	My experience with the escape room was very good. I liked it because it allowed us to work together and learn more about the school, the lead mentors and also each other.	4/23/2018 9:49 AM
26	It was aggravating bc my group was hard headed	4/23/2018 9:47 AM
27	It was very fun. It helped build a team relationship.	4/23/2018 9:46 AM
28	My experience was great	4/23/2018 9:45 AM
29	I found it very difficult, but teamwork helped my small group accomplish the tasks	4/23/2018 9:45 AM
30	I enjoyed it a lot. We had to work together, and that activity made me the closest with my group.	4/22/2018 8:38 PM
31	Loved it!	4/22/2018 11:21 AM
32	I found it very challenging yet still fun	4/22/2018 12:27 AM
33	It was very cleaver and a smart idea and it made sure that everyone was able to use there strengths individually.	4/21/2018 7:14 PM
34	It was fun!!	4/21/2018 4:19 PM
35	The Escape room was great! It made us learn more about the university and draw from what we already knew. For the size of the groups it was a little harder for everyone's voice to be heard, but it did make us stop and consider everyone else too.	4/21/2018 2:20 PM
36	It was difficult but fun	4/21/2018 8:14 AM
37	yes the escape room was fun but i think i was bias because i went in thinking it was going to be likeladt year.	4/21/2018 12:38 AM
38	It was a cool idea, but it was a little hard and our leader wasn't very helpful. Also my group was real ag.	4/20/2018 9:55 PM
39	Great! I would only suggest maybe giving us a starting point that way it will go a little smoother. That would have also kept us working as a group and not all of us trying to work on something different, which would have made us work together more.	4/20/2018 9:03 PM
40	I really enjoyed the Escape Room with exploring trivia and I think it was a good team building activity.	4/20/2018 4:18 PM
41	Fun never did one before	4/20/2018 3:10 PM
42	I thought the Escape Room was fun. It was challenging, but figuring it out by working together helped us realize how imporatant working together is.	4/20/2018 2:48 PM
43	I liked it, it was just that it could be hard to work together when certain people wanted to overtake the whole group and not compromise.	4/20/2018 2:31 PM
44	The escape room allowed each person in our group to step up and show their strengths, which was really interesting. Overall, I really enjoyed it.	4/20/2018 1:23 PM
45	Loved the idea of it and the overall experience just wish we could've made it more realistic with more challenges. Not like difficult challenges but like more to do so we could escape	4/20/2018 1:18 PM
46	It was really well planned, I just didn't enjoy it because of my group not working together.	4/20/2018 1:11 PM
47	The escape room was not the worst activity we did (sardines, please don't do that again); a lot of people had fun but they aren't really my choice in activities. I just felt my team although we worked together we were still separated, which we needed to do because of the time constraint. I find that even though it was made to have fun UL facts, I didn't really learn that much about the university or get to know anyone on my team. there just wasn't enough bonding as a group before we were thrown in a room and told to go	4/20/2018 12:52 PM
48	The details did not align or have a grander function. There was very little defection or option available for those who did not set out to take an easy approach. I had also never done an escape room before and the 'rules' were very unclear.	4/20/2018 12:49 PM

Peer Mentor Retreat 2018

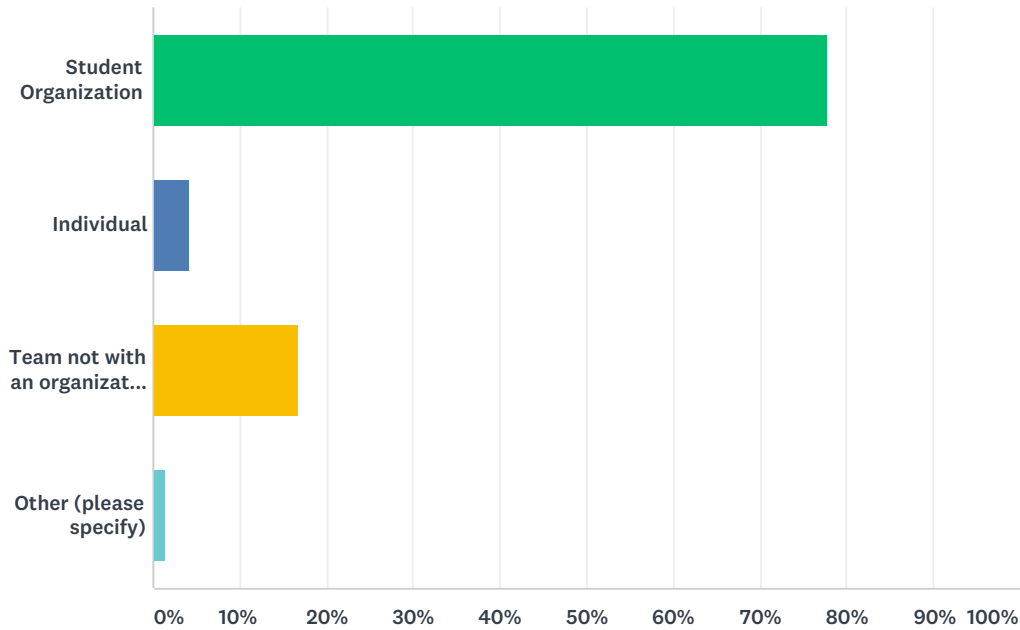

49	The Escape Room was very well organized and it was a great activity.	4/20/2018 12:46 PM
50	it was fun, however it would have been easier with a starting point, some of the clues were vary vague	4/20/2018 12:39 PM
51	It was interesting. We had to work together to figure things out. It tested everyone's leadership abilities because all had to work together instead now if one person spearheading everything.	4/20/2018 12:28 PM
52	I enjoyed the escape room, I think that it was a good way to combine different ways to figure out problems. However, I feel like some parts divided the group instead of combining us, such as people debating whether or not to use hints and people thinking that they know everything and didn't take other ideas into account.	4/20/2018 12:19 PM
53	The escape room was fun but it was hard because we didn't know what the site was asking for. Like the map of the quad was just sitting there and we had to figure out what to do with it. There wasn't any direction for it.	4/20/2018 12:11 PM
54	I absolutely loved the escape room. At the beginning out group was all spread out, and everyone was figuring out something different, and we soon realized that if we wanted to get out, we would have to work together. The only thing I would think to improve would be maybe giving something like a clue, or a piece of the next puzzle, every time a puzzle is completed in order to keep the game moving forward. Sometimes my group had no idea where to go next because wit was almost like we were aimlessly figuring out random puzzles.	4/20/2018 12:07 PM
55	It was a rough time throughout the whole activity. I've never done an escape room so I didn't know if there was like a certain procedure to follow or what to look for. So I was confused a lot of the time.	4/20/2018 11:57 AM
56	I'm not very good at that type of thing but I enjoyed everyone working together.	4/20/2018 11:54 AM
57	It was very hard but fun	4/20/2018 11:48 AM
58	It wasn't well organized	4/20/2018 11:48 AM
59	The idea was excellent, even if small parts were not well executed. Specifically, grammar errors in the riddle on the wall made it more difficult than it should have been.	4/20/2018 11:46 AM
60	I liked it! I had never done one before so I had no idea what to expect when my Lead told us that we wee doing one. I felt that we all worked together very well.	4/20/2018 11:46 AM
61	It was fun we really bonded and working together to figure out the game.	4/20/2018 11:44 AM
62	I liked the escape room it was fun	4/20/2018 11:42 AM
63	The escape room was incredible! 10/10.	4/20/2018 11:42 AM
64	The escape room was really fun. My group divided and conquered but because of this the group had trouble deciding what to use hints on. The communication was kind of cut off between us and we didn't know what each group had already accomplished. I think if we had more time to plan what we were doing we would have been more efficient.	4/20/2018 11:40 AM
65	It was really fun. I have never done anything like that so to get a new challenge was exciting.	4/20/2018 11:38 AM
66	it made us really think and communicate ideas with one another to solve everything. I loved it	4/20/2018 11:32 AM
67	I LOVED the escape room. It allowed us to work together as a group for a common goal.	4/20/2018 11:28 AM
68	The escape room was a culture shock because I've never done one before, but it was really fun to think outside of the box and solve problems in different ways. It's a GREAT group activity. Definitely do it again for future mentors.	4/20/2018 11:28 AM
69	We worked backwards during the escape room, and the tshirts threw all of us off. It was still an amazing game because we worked together. Once we started figuring out who worked best with words, they worked on the abbreviations for the map. It was really cool.	4/20/2018 11:26 AM
70	I enjoyed it. There were a few tweaks (the photo wall for leads) that could be made but overall was productive	4/20/2018 11:23 AM
71	Our group worked together very well and got to know each other.	4/20/2018 11:20 AM
72	LOVEEEEEEDDDDD!!!!	4/20/2018 11:20 AM
73	I liked it but certain members of my group tried to take over even though they were not a lead peer mentor	4/20/2018 11:20 AM

Peer Mentor Retreat 2018

74	I honestly had no idea what an escape room was or what to even do. I was clueless. I wish there were more instructions given, considering I wasn't the only one in my group who didn't know the overall idea behind the exercise. However, I think it was an effective way to break the groups out of their shell & allow them to communicate.	4/20/2018 11:19 AM
75	Loved it!!	4/20/2018 11:17 AM
76	It was a lot of fun, but I wish that the folder would have not been hidden in our leads bag	4/20/2018 11:16 AM
77	I thought it was fun but I didn't get anything from it	4/20/2018 11:15 AM

11	Too much fanfare and there was NO NEED FOR THE PLASTIC BAGS - huge waster	3/27/2018 2:51 PM
12	Well although picking trash up makes a difference, I think we could've had some better volunteer opportunities than this. Painting a school or building something would have been a better use of my time and effort.	3/27/2018 10:21 AM
13	everything went very well and details were conveyed to us effectively and in a timely manner. the organizers of our project were very friendly and helpful and gave very clear instructions for our tasks making the work run smoothly and efficiently	3/26/2018 10:57 PM
14	It's really a great opportunity to give back in such a big way. It's also nice to see all the different organizations come together for one big event.	3/26/2018 10:49 PM
15	My professor was our team leader, and as such I contacted him in class and via email about registering. He wasn't given the registration link by the organizer(s) until two days before the event. I, along with 4 others in my group registered "late" and were not on the roster because we registered the day that our professor sent the aforementioned email with the link. Because we were not on the roster our professor had no way of contacting us. Ironically, every person who was on the roster did not show up except for one person. Finding our leader was a challenge though, because all of the signs were the same and they were very small. Also, there were so many people clumped into one place and the loud music added to our confusion. I'm not sure if our professor was supposed to get his sign in advance, but it didn't even have the team name on it. We also did not understand the relevance of having flamingos on all of the signs, even though they were a little cute. Despite all of that, I really loved picking up trash at Vermilionville because it was a beautiful area. We were also able to interact with the staff and guests at Vermilionville and they showed their appreciation for us. In fact, some of the tour guides were telling the guests at the site who we were and what we were doing there.	3/26/2018 4:40 PM
16	Me, along with some other volunteers were not pleased with the shirts. We felt like that looked basic and rushed. Also tired of getting only red shirts. I think the big even shirt should be a different color and stand out. also each team should be able to make their own sign instead of everyone decorating the same general signs.	3/26/2018 2:04 PM
17	I enjoyed painting with my team members. Getting to help the community in such a direct way was very satisfying to me.	3/26/2018 1:13 PM
18	Our project was painting middle school bathrooms. I feel as if this wasn't necessary bc the bathrooms were in good condition prior to us painting. All we did was make it colorful. it would have been more beneficial to pick up trash which helps our environment.	3/26/2018 12:44 PM

The Big Event Survey 2018 - Students

19	Some of the snack choices were not very ideal for my dietary needs.	3/26/2018 11:55 AM
20	Everything was great. Overall it was an amazing experience and I plan to attend this event in the future! Meeting at Martin Hall was probably my least favorite part, but I realize we need to organize ourselves before starting.	3/26/2018 8:13 AM
21	I felt as if the opening ceremony was extremely long and drawn out. I would of preferred meeting at the worksite and starting on the cleanup. I feel like there was a lot of downtime before the opening ceremony and actually getting to the cleanup site. I also thought someone who was in charge of the event should of picked up our trash versus having our team leader put it in her car and bring it to LMS.	3/26/2018 7:56 AM
22	The snacks were sad. I thought we would be getting lunch. I would rather a sandwich and an apple.	3/25/2018 9:43 PM
23	I have no complaints!	3/25/2018 9:19 PM
24	I had to be up for 6 to stand around and be talked to from 7:30-9. The point is for us to go out and help the community. Big waste of time.	3/25/2018 6:48 PM
25	The opening ceremony was very long and drawn out and after waking up at 6:00am on a Saturday I just wanted to go volunteer.	3/25/2018 6:46 PM
26	I found it dissappointing that we got there for 7:20 and stood around for 40 minutes. This needs to be condensed, as it was a waste of time. As for the tshirt, I liked the color and the back, but the front design was lacking. One line had a period, the other didn't, and it is not a shirt I would want to wear again. The font was less than pleasing, and it will not serve as a good advertising tool like last years shirt did.	3/25/2018 6:34 PM
27	I have participated in the Big Event before, but preferred having the Big Event in the Spring semester! It seemed that we were able to get ore done since everyone there truly wanted to be there.	3/25/2018 4:21 PM
28	It was nice to participate with a group to do things that help make our community a better place for everyone to live.	3/25/2018 1:45 PM
29	The thing that disappointed me was that we were promised lunch and only got a granola bar. I understand it takes money but maybe the DJ wasn't necessary.	3/25/2018 1:20 PM
30	The "lunch" provided by Sodexo could hardly be considered a snack. Glad I had a big breakfast before.	3/25/2018 11:13 AM
31	This is my second big event and I love it!	3/25/2018 12:36 AM
32	Everything was really great, opening cerimonies seemed a bit drawn out.	3/25/2018 12:13 AM
33	It would have been better had there been a supervisor for the groups, specifically those picking up for Project Front Yard. One of the groups left incredibly early without finishing their side of the road, to which my group responded and combed through what they left.	3/24/2018 11:02 PM
34	I enjoyed my time volunteering with my fellow classmates to help make our community a better place.	3/24/2018 9:31 PM
35	The other group assigned to our project left before they were done so we ended up doing double the work.	3/24/2018 9:18 PM
36	Everything was organized pretty well except for a few supplies being missing for our team. The experience was amazing!	3/24/2018 9:04 PM
37	Everything was cool.	3/24/2018 7:50 PM
38		3/24/2018 7:24 PM
39	The water bottles were small. I think it's inappropriate to give adults only 8 oz of water for an entire day of work in the sun.	3/24/2018 5:47 PM
40	Make it mandatory for all team leaders to be on campus a bit earlier than everyone else, so that everyone knows where to find their team leader in a big crowd of people.	3/24/2018 5:36 PM
41	Everything was very well planned out. All of the equipment needed was easily accessible, and nobody in my group went without food or water throughout the entire event.	3/24/2018 5:17 PM
42	Everything was very organized, and I feel like we were able to make an impact.	3/24/2018 5:00 PM

The Big Event Survey 2018 - Students

43	Had a great time today with community service.	3/24/2018 4:42 PM
44	I understand that picking up litter is important and good for the environment, but it's not as satisfying as helping actual people, although I suppose helping the environment indirectly helps people. It was really fun to get together with others and do it though, even if it doesn't offer the same sense of satisfaction or accomplishment that other volunteer activities do. Like one time I helped pack preservable lunches for kids in third world countries. While I never actually left a big room or saw any of the people I was helping, it still felt more satisfying than cleaning up someone's smoke break area which is going to go right back to how it was before we cleaned it in a few days time. Maybe that's pessimistic of me, but overall I did enjoy myself.	3/24/2018 4:35 PM
45	It was a very well prepared event!	3/24/2018 4:18 PM
46	This event, as it was last year, is very organized and leaves me with a a feeling of pride and accomplishment afterwards. If I was not part of a group I would still do this as an individual. Great organization, and I hope we do this for many years to come.	3/24/2018 3:59 PM
47	I feel the speakers and pictures could have taken up less time but beside that it was an overall great experience.	3/24/2018 3:04 PM
48	Picking up trash is so endless it feels as though nothing we do makes an impact especially since it will just be trashed again	3/24/2018 2:52 PM
49	I feel like too many people were designated a spot. Not much trash to pick up.	3/24/2018 2:48 PM
50	I was unsatisfied with the shirts because short sleeve shirts would have have been appreciated with the weather usually in the month of March.	3/24/2018 2:33 PM
51	It was my first time and I enjoyed it	3/24/2018 2:29 PM
52	Great Job	3/24/2018 1:17 PM
53	I understand that donuts are cheap, quick, and easily accessible, but I feel that they may not have been an ideal food for this event. Considering the fact that there were many groups who were working outdoors for a long period of time, it is not a practical snack for a jobs that require a great deal of energy. The apples and granola bars were better and I hope to see similar items next year. The music was great and the energy was amazing. Since it was made up of, mostly, people who genuinely wanted to volunteer and not as a mandate like last year, students were excited and willing to contribute to their communities.	3/24/2018 12:47 PM

27	Being recognized by the guests and staff members at Vermilionville was probably the best part. In addition to that, while we were cleaning up trash, we were able to interact with the sheep and Sophia the donkey that live at Vermilionville. Q8 If you have participated before, do you prefer The Big Event in the spring or fall? Why?

#	RESPONSES	DATE
1	Spring, because the weather was much nicer.	4/25/2018 5:10 PM
2	Neither choice matters if all that is done is pick up litter around lafayette that people are too lazy to throw away one their own.	4/10/2018 1:02 PM
3	Fall, it gets the school year off to a good start.	4/10/2018 11:31 AM
4	Spring because then it wasn't manatory for UNIV 100 classes. Students should participate because they want to help not because they need to for a grade.	4/10/2018 9:05 AM
5	I prefer it in the Fall, it's a way bigger turn out than in the Spring.	4/9/2018 9:15 PM
6	Fall because it has cooler weather and also more people can participate	4/9/2018 6:57 PM

17	Spring because it seems to be the most convenient considering everything planned for students in the Fall.	3/27/2018 10:35 AM
18	I prefer it in the fall because there is better turn out because most freshmen are still in school and haven't dropped out. The fall semester is longer and seems to have more volunteer opportunities.	3/27/2018 10:21 AM
19	I like it better in the spring. Having it during the spring semester gave everyone time to commit to the event and want to do it.	3/26/2018 10:49 PM

21	I feel very strongly that it should be done in the fall. I am a peer mentor and none of my student participated because it was harder for me to convince them to participate after we stop meeting for class. as a peer mentor i feel it would be easier to get more freshman to be involved in the fall also because less events happen in the fall to distract from the BIG EVENT.	3/26/2018 2:04 PM

36	I think that the fall is a better time because during the spring time, things get to be a little hectic.	3/25/2018 12:36 AM

54	I think that it would be nice to have the Big Event in the spring and fall (like maybe a Mini Event in fall and the Big Event in spring). However, as the big event itself, I would prefer it to be in the spring.	3/24/2018 3:59 PM
55	Fall bc it's still warm	3/24/2018 3:37 PM
56	fall,so there are more participants since univ classes usually are involved in it.	3/24/2018 3:04 PM
57	Spring. Nicer weather	3/24/2018 2:48 PM
58	Spring, the weather was cold in the fall	3/24/2018 2:45 PM
59	Fall because it's cooler and you can also have more help in the fall with the university 100 classes	3/24/2018 2:29 PM
60	spring because of the weather	3/24/2018 1:17 PM
61	In the fall, because there would be so many more people involved and the overall experience would be amazing.	3/24/2018 12:51 PM
62	I prefer the Big Event in the spring due to the fact that it isn't as hot and humid so students aren't doing things that require a lot of labor with the threat of damage to their health.	3/24/2018 12:47 PM

66	Fall- univ100 allows for more participation	3/24/2018 12:12 PM
67	The BIG Event in the fall seems to have more participants than it did this year. The weather was also colder which was nice when doing yard work outside.	3/24/2018 12:07 PM

Q9 What can be done to improve The Big Event?

Answered: 74 Skipped: 71

#	RESPONSES	DATE
1	Get rid of the opening ceremony or shorten it to less than 20 minutes. STOP ALLOCATING TUITION FEES TO FUND THIS EVENT. JUST DON'T HAVE IT AT THAT POINT. Also stop displaying the trash in those disgusting sculptures, just throw them away because the rain will wash out the trash anyway and make the whole event pointless. I would never participate in the Big Event if United Way is not associated with it. I would rather help out habitat for humanity, a charity event that actually benefits the community.	4/10/2018 1:02 PM
2	Sites we volunteer at can be guaranteed to have something for us to do.	4/10/2018 12:38 PM
3	It runs smoothly and cleanly.	4/10/2018 11:31 AM
4	Shorter opening ceremony. More meaningful volunteer activities-a rich high school doesn't need that much trash picked up.	4/10/2018 9:05 AM
5	First Aid kits given to each team leader in case of something happening.	4/9/2018 9:15 PM
6	I think baseball tees would be cute for next year!	4/9/2018 9:14 PM
7	Instead of one group in an area it can be two, not only does it help get the job done faster but also it introduces different organizations, more of a social thing can be done	4/9/2018 6:57 PM
8	NA	4/9/2018 6:55 PM
9	Making it mandatory for the Freshman again, since there was a lack of students this semester than the previous semesters.	4/9/2018 6:45 PM
10	Not sure.	4/9/2018 6:19 PM
11	nothin	4/9/2018 6:06 PM
12	Do more activites to get the participants engaged during the opening ceremony.	4/6/2018 7:58 PM
13	Could be larger, could be overseen more	3/28/2018 12:58 PM
14	NO. OPENING. CEREMONY.	3/28/2018 10:22 AM
15	LESS TRASH/WASTE	3/27/2018 2:51 PM
16	shorter opening ceremony, so we can get started on our projects sooner	3/27/2018 1:05 PM
17	Give a preference and consider different projects because I have done the same project both times I have done Big Event. I know it may be out of your control but have the organization give their preference to help pair them with a variety of project selections.	3/27/2018 10:35 AM
18	I think real food should be offered such as hot sausage biscuit sandwiches and chocolate donuts. Also, the goodie bags could have chips, ham or turkey sandwich, and a juice. I was in for a surprise when I found out the little amount of "food" we were supposed to eat for breakfast and a snack.	3/27/2018 10:21 AM
19	N/A	3/26/2018 10:49 PM
20	In the future, I propose these things: 1) When registering online, the website should utilize drop down menus rather than having people type in their answers. 2) Get bigger signs, and don't let the signs all have the same image on top of them! 3) Tell the team leaders to go into a designated area beforehand and have them relay that info to their participants so that the participants know where to go that morning. 4) Inform each team where they will be working prior to the Big Event (because we weren't informed at all). 5) Double check the registration site at least the night before The Big Event so that people can be added to the roster. Or have registration links sent out earlier and impose a deadline so that everyone's contact info can be logged in.	3/26/2018 4:40 PM
21	I think the onlt thing to improve was establishing a good time to have the big event in the sense of having it in the fall or spring.	3/26/2018 2:04 PM
22	A shirt that is not red	3/26/2018 1:47 PM

The Big Event Survey 2018 - Students

23	There needs to be a better way for members to find their team leaders	3/26/2018 1:13 PM
24	Nothing.	3/26/2018 11:12 AM
25	My only suggestion is to have someone (preferably with a truck) pick up our trash bags when we were finished or when the other teams were finished at our worksite. Our team leader only had a car, and she had to cram all of the bags into it to bring to LMS. My only other suggestion too is there is so much downtime at the opening ceremony. It may be better off giving team leaders the equipment and shirts for each team beforehand and doing a quick ceremony versus the waiting around. It just gives teams more time to participate in The Big Event and get to their job sites.	3/26/2018 7:56 AM
26	Better organization of teams	3/25/2018 11:40 PM
27	The lunch was sad and the opening ceremony should be shorter. Let us sleep in the extra half hour and condense that part.	3/25/2018 9:43 PM
28	More trash picker upper things per team, it was okay sharing but I would rather everyone get one. Maybe a staff person at each site to really help volunteers understand what they are doing.	3/25/2018 9:19 PM
29	There is no need for an opening ceremony at all. Say something and leave that's all	3/25/2018 6:48 PM
30	Make introduction shorter.	3/25/2018 6:46 PM
31	Better shirt, condense check in time, don't serve red beans before 8 that was weird. Have some fruit instead	3/25/2018 6:34 PM
32	Yes plan head	3/25/2018 4:59 PM
33	Making it even Bigger! If professors encouraged their students to get involved, we could do more for the community!	3/25/2018 4:21 PM
34	being able to have a preference on what we wanted to do in our groups	3/25/2018 3:18 PM
35	Lunch. Aka pizza	3/25/2018 1:20 PM
36	Just have a better way to identify team leaders	3/25/2018 11:47 AM
37	Give us an actual lunch please!!!!	3/25/2018 11:13 AM
38	When it comes to printing out the areas of where our sites are, maybe create like some kind of route(putting arrows or something) so we won't have to figure out a route to go when cleaning the streets. We can just follow that route and stay on task.	3/25/2018 12:36 AM
39	Possibly Itenerary and better flow of cerimonies.	3/25/2018 12:13 AM
40	More supervision.	3/24/2018 11:02 PM
41	move it back to the fall	3/24/2018 10:20 PM
42	Maybe make it a little easier to find team signs. It took me a while to find my team this morning.	3/24/2018 9:31 PM
43	Put it back in the fall with univ 100 classes.	3/24/2018 9:18 PM
44	If there could be more communication with the participants about what site and supplies would be needed/available, I think it could help alleviate any confusion if the team leaders weren't prepared. Maybe an email with all of the teams and locations on a spreadsheet.	3/24/2018 9:04 PM
45	The line for snack bags was long. Maybe fix that issue by making more lines available.	3/24/2018 7:50 PM
46	We had a wonderful time. If it starts from little earlier I feel we can finish before the sun comes higher in the sky.	3/24/2018 7:24 PM
47	move it back to fall	3/24/2018 6:45 PM
48	Do it in the Fall again so that the UNIV classes can actually work as a team. Also, more interaction as an entire group would be nice. We didn't do much all together outside of Martin hall except listen to speakers instead of getting hype	3/24/2018 5:47 PM
49	Switch up projects for team leaders that have been participating every year.	3/24/2018 5:45 PM
50	This was my first experience and everything went great! So there's no need for any improvement that I can think of.	3/24/2018 5:36 PM
51	More organized	3/24/2018 5:20 PM
52	No improvements are needed. It was a great experience, and I will definitely be back next year! :D	3/24/2018 5:17 PM

53	Providing gloves/ supplies for those teams that pick up trash so we are able to be more efficient	3/24/2018 5:00 PM
54	More signs in the meet up	3/24/2018 4:42 PM
55	More varied volunteer opportunities? Or maybe they were varied and our student organization just got assigned one thing. I don't really know if everyone was doing the same thing once we all left the opening ceremony or not.	3/24/2018 4:35 PM
56	cannot think of anything--it went really smoothly	3/24/2018 4:27 PM
57	A little more organization with the food	3/24/2018 4:18 PM
58	I think the Big Event can be improved by going to different parts of Lafayette. I know this may be hard especially for those who live on campus but that would make this organization even better.	3/24/2018 3:59 PM
59	Coffee. Multiple lines so we're able to get our food faster.	3/24/2018 3:37 PM
60	I think that it would be wise to notify people the intensity of their workload way in advance, maybe before they get assigned to it. I am a person that gets overheated very easily and wasn't notified that we would be laboring outside landscaping until about a week and a half before. It didn't end up causing any problems, but there is definitely a divide in the hardness of certain jobs, with some people getting easy ones with no heavy lifting and others doing major grunt work. I just think there should be some consideration for people who aren't physically able to do these tasks for medical reasons, but still want to help out in their community and participate in this event. Overall, I really enjoyed it, and it was a great first experience!	3/24/2018 3:35 PM
61	have it in the fall and maybe better snakes	3/24/2018 3:04 PM
62	Provide coffee at check in	3/24/2018 3:00 PM
63	Reach out to more companies that need help with special projects that way the volunteers can really get involved with something	3/24/2018 2:52 PM
64	Better coordination for check in/opening ceremony	3/24/2018 2:48 PM
65	I was a little confused on where to go and what to do when I got to Martin hall.	3/24/2018 2:45 PM
66	More choices for the students.	3/24/2018 2:29 PM
67	Its perfect	3/24/2018 1:17 PM
68	Better communication leading up to the event would be helpful. Just so first time student me who have never done the event before won't be overwhelmed	3/24/2018 1:00 PM
69	Make the shirts more eye-catching and better	3/24/2018 12:55 PM
70	More ideal food options as well as consideration to those who are assigned to Project Front Yard and other outdoor activities as the areas should be pedestrian friendly. Overall, these technicalities are mundane ideas that would make for a better experience, but I still left this experience more appreciative and humble than I arrived. One big day. One big thanks. One Big Event.	3/24/2018 12:47 PM
71	Telling people what there assignment is going to be before the the event not the day of.	3/24/2018 12:29 PM
72	Move it an hour later in the day	3/24/2018 12:27 PM
73	Nothing	3/24/2018 12:22 PM
74	During the opening ceremony, a speaker falsey claimed that Sodexo had lunches provided in bags with instructions for how to recycle our lunches. The bags used were plastic, not paper. Also, there were no instructions for how to recycle anything. I wish that at event focused on bettering the community could think about the environment more and push for sustainability.	3/24/2018 12:07 PM

#	PLEASE PROVIDE COMMENTS ABOUT ANY OF THE QUESTIONS ABOVE.	DATE
1	Our site location was not in a very good part of town. I was told at the training meeting that we would have police protection. We did not.	11/1/2016 11:08 AM
2	No additional comments.	11/1/2016 8:03 AM
3	I was ill the day of the big event and could not attend. The information leading up to the event was adequate and clear. Also the registration process was easy. I wish I could have been there but the students Peer Mentor was there. Only a few students showed up. I think they were pleased.	10/31/2016 3:16 PM

2016 UNIV 100 Instructor Survey of The Big Event

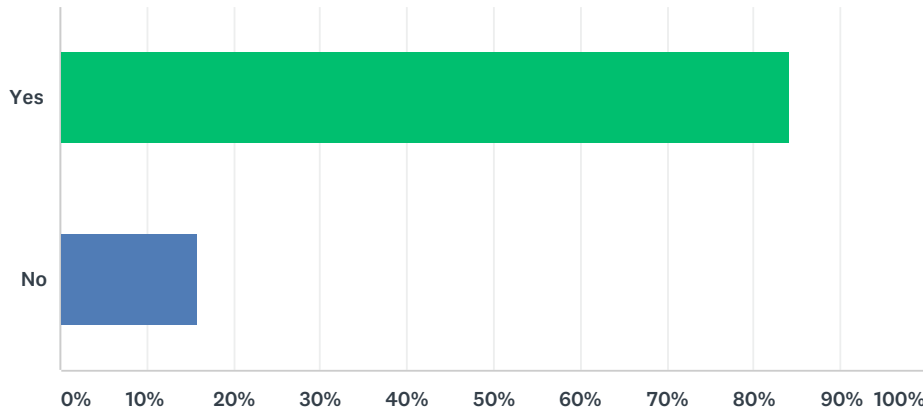

4	Project front yard was too large, with little supervision for most groups. There was NO police presence as had been advertised. The clean up along University was very dangerous. Having a stated way to get more supplies would have been helpful. I drove around looking for people. Also-- that would be a good idea, have someone driving around to pick up the full trash bags that got too heavy to carry easily. The opening ceremony was a little long.	10/31/2016 2:49 PM
5	i wish there were more options provided by OFYE for service learning at The Big Event than Project Backyard.	10/31/2016 12:42 PM
6	Dangerous for students to be on University Ave. I thought there were going to be police. Opening ceremony too long.	10/31/2016 8:56 AM
7	Communication - Details about the project sites were not distributed until the afternoon before the Big Event on Saturday morning. I was unable to discuss with class and unable to check on sites. Parking - At the site locations, both businesses refused us from parking and the gas station that was supposed to be our restroom stated that we were not allowed to use their facilities. Check in - Many students stated that they grabbed there shirt and left, they did not have to or did not sign or get checked off of a list.	10/31/2016 8:39 AM
8	My students tend to be uninterested with Opening Ceremony. Either it's taking too long to start, the lengthy talk, explanation of instructions they've already heard from me, etc.	10/28/2016 12:18 PM
9	As a first time team leader I felt the presentation moved very fast and used terms a new professional to the university may be unfamiliar with. Also, thought providing a one page digital handout to provide students would be helpful. The handout would include safety information and what to bring on the day of. This is something the instructor can simply post or hand out to student prior to the Big Event.	10/28/2016 10:28 AM
10	This was my first year participating in the Big Event and a lot of the information that was given lacked detail - it seemed like organizers assumed I had knowledge about specifics that I did not. In addition, details about our project site and where to park and how to do things were provided a day or two before the event (one bit of information was provided the afternoon before). This was frustrating for me as the instructor because I was not able to give my students adequate notice of what to expect. It is definitely understandable that conveying information to so many volunteers is logistically difficult, however, I think going into future years there needs to be an assumption that participants need more details about what is expected of them.	10/27/2016 9:18 AM
11	I had twenty five students clean 5 blocks in less than an hour. They couldve done WAY more. We were told the outside lanes of University would be closed for safety, and that didnt happen. At the beginning of the semester we were told that it would be followed with free lunch for all the students. They were highly disappointed to find out the week before that it was going to be replaced by expensive food trucks and party games for children. It seems that in many ways Project front yard generates more trash than it cleans (none of those thousands of water bottles given out will be recycled. they were dumped in the trashbags with the litter and Better block decorations to head to one of Louisiana's 111 landfills)	10/27/2016 8:24 AM
12	The way the multiple registrations (instructor, peer mentor, student) were placed on the website (normal font and in paragraph form) made it challenging to find the correct link to click. It was hard to hear the emcee (but I could hear everyone else who spoke) and so the students in the crowd continued to talk. No one knew that Ragin' Jazz was doing a warm up and that they should participate because we did not hear the emcee announce it.	10/27/2016 7:58 AM
13	I think the actual check-in process was fine, but there was no communication that there was a separate place for Project Front Yard volunteers to receive supplies to bring to out areas. I just happened upon the table and figured it out (before any announcements were made). Also, they could use some help handing out the supplies as it backed up due to one person checking groups off.	10/26/2016 4:09 PM
14	Our section had a blast working on the Better Block. Maybe having signs for instructors/team leaders at check-in would help make it smoother. T-shirts were awesome and music to wake everyone up was great! Our section claimed that they did not received emails about the Big Event ahead of the event, not sure if they just weren't checking often enough. Great job overall in my opinion! Thanks for putting this on!	10/26/2016 3:42 PM
15	The only issue is that my students had to be there at 7:30 and our project did not begin until 10 pm so it was alot of just standing around. I wish we were told that.The students felt very upset about that situation	10/26/2016 3:39 PM

2016 UNIV 100 Instructor Survey of The Big Event

16	I do understand the importance of the opening ceremony but a shortened message may work better.	10/26/2016 3:17 PM
17	This was even more unorganized than in years before, and that is an accomplishment. It felt like more time was spent organizing the opening ceremony dance routines than was spent on communicating with team leaders and instructors about site locations and responsibilities. Three days before The Big Event I couldn't tell my students where we would be going for our volunteer work. All of the things my students were guaranteed at the beginning of the semester or even a week before The Big Event were absent come Saturday: breakfast accommodations, cones blocking off lanes along University, police presence along University, and more. To add to it, there were too many groups assigned to our site so my students wrapped up cleaning their section in little more than an hour; because we finished too early, there were no food trucks present for my students who had also been promised lunch options. Add to this that we saw none of the buses that were supposed to take us to Lafayette Middle School for trash deposits, so my students had to carry the trash a half-mile back to their cars to drive it to the site. I'm all for instilling a sense of ownership and responsibility to the local community in my students from an early start, but I will not be requiring them to participate in The Big Event in the future if the University cannot follow through on what was promised. By virtue of the University not delivering on its promises, I look bad as a result, and I will not have my good standing and my relationship with my students damaged by the University's inability to deliver on its word and its disregard for any semblance of planning. It is difficult to teach my students about integrity and to use this as a learning opportunity when I cannot count on the University to lead by example as well.	10/26/2016 3:11 PM
18	great shirt opening ceremony ok-too many speakers i did tree planting along coulee. too many students to get work done effeciently, all i needed was 15-20 and i ended up with 60 or so, they were walking all over each other and some did not get to plant trees, which is what was attractive to many of them, so that was short sighted, -you know give them to ol jim we don't know what to do with them so we will dump them on him, too many to manage! AND the tools were shit! really crappy left overs and has beens! an entire truck load of junk so fewer folks (good attitudes) with good tools would have been a better experience for those students. we ARE trying to develop the volunteer mentality in our college students not a attitude of time wasted, i'm so sorry i was forced to do this! i had fun but it could have been much better jim foret	10/26/2016 3:04 PM
19	We had section 6. Another section ended up on the same streets; therefore, there was not much for us to clean up. The streets were not blocked off. We had to bring trash to Lafayette Middle; however, this was unreasonable because I do not have a truck and had to put large garbage bags in my civic. Trash pickup should have been arranged.	10/26/2016 2:54 PM
20	Great day--- loved having an activity to do. Also was good to have supplies to make support signs.	10/26/2016 2:54 PM
21	At check-in, the sound was much better than last year! As much as I like the idea of the Ragin Jazz crew getting everyone warmed up, it really was a time when the students entirely zoned out. There was a point when the line for getting a T-shirt was very long, so possibly rethink the logistics.	10/26/2016 2:48 PM

#	IF NO, PLEASE EXPLAIN HOW WE COULD HAVE COMMUNICATED BETTER TO YOU.	DATE
1	I was in charge of 2 site locations. There was no site supervisor. There was no communication to the locations that we were going to be arriving. Overall, I made the best out of it and was able to remain effective.	10/31/2016 8:39 AM
2	I included it above, so I'll just copy and paste: "This was my first year participating in the Big Event and a lot of the information that was given lacked detail - it seemed like organizers assumed I had knowledge about specifics that I did not. In addition, details about our project site and where to park and how to do things were provided a day or two before the event (one bit of information was provided the afternoon before). This was frustrating for me as the instructor because I was not able to give my students adequate notice of what to expect. It is definitely understandable that conveying information to so many volunteers is logistically difficult, however, I think going into future years there needs to be an assumption that participants need more details about what is expected of them."	10/27/2016 9:18 AM
3	I found that the communication about what to do with the Project Front Yard trash at the school fairly unlabelled and chaotic. There were no tables to approach people, no clear signs of what to do with supplies, no signs at the perimeter of the school to direct people on foot to the wire trash display so we accidentally dumped it in the dumpster behind the school following two other group's examples.	10/27/2016 8:24 AM
4	It would have been useful to have information about our site location earlier than three days in advance.	10/26/2016 3:11 PM

3	Too dangerous to be on University :Ave. Not nearly enough work for the amount of people.	10/31/2016 8:56 AM
4	I had my students reach out into the surrounding neighborhoods and help out. Some were rewarding and some were challenging , all learned from it. I was able to discuss the following week about all that we learned.	10/31/2016 8:39 AM
5	Class members who are normally very quiet came out of their shell and worked together. They found friendship in their interactions with the other members of the class, rather than simply classmates. It's a great experience this year as it has been in past years.	10/28/2016 12:18 PM
6	I was displeased with our project site because we stood around until 10:00 AM waiting for the race to start. Then over half of my class' job was to be human barricades in the road. The students made the best of it by cheering the runners on, but I really don't think they got anything out of this.	10/27/2016 7:58 AM

22	She arranged the meeting site, got the tools and supplies, and gave instructions.	10/26/2016 2:54 PM

2	The block they were assigned was not that trashy however community neighbors were watching them pick up the trash, some were recording, others did converse with them.	11/1/2016 8:03 AM
3	They did feel a sense of community and pride for the actions they took for the clean up.	10/31/2016 12:42 PM

5	The students seemed to really enjoy working with the kids at the festival and helped to make thier expereince more enjoyable.	10/27/2016 2:35 PM
6	I saw a positive impact. The students, however, felt that they did not do much.	10/27/2016 9:18 AM
7	As always, some students are not that enthused about the event especially if they are picking up trash. Once we were done and walking back to the cite, we had a few people honk horns and tell us thank you, people sitting outside saying thank you. It was at that point I saw faces change and they got the reason why we do this.	10/27/2016 8:40 AM
8	I asked my students what the neighborhood really needed instead of litter clean up, and they suggested cigarette butt holder by the laundrymat/hong kong wigs, public dumpsters/recycling bins, sidewalks, and bike lanes. Smart kids.	10/27/2016 8:24 AM
9	They interacted with the Dreams students and cheered on the runners.	10/27/2016 7:58 AM
10	They did a great job and helped make a noticeable impact on the site. They also helped the community re-envision what this district could be.	10/26/2016 4:34 PM
11	They positively impacted in that there is less trash for public view, but overall, the area was not that bad, so it did not appear much different when finished.	10/26/2016 4:09 PM

1	They were happy to see the amount a trash that they actually picked up. They couldn't believe that people litter as much as they do.	11/1/2016 11:08 AM
2	Yes, however, they were wanting more to complete.	11/1/2016 8:03 AM
3	The students were proud of how well they cleaned up our designated area.	10/31/2016 12:42 PM
4	Students stated that the project felt unorganized and thrown together. I stated that any and all responsibility fell on my shoulders, as their instructor I should have done more to find out information sooner.	10/31/2016 8:39 AM
5	They were all pleased to be able to attend and volunteer at the Boudin Cook Off.	10/27/2016 2:35 PM
6	During class discussion following the Big Event, most students felt "unfulfilled" with what they did. I'm hoping that with a little time, they will gain perspective on what they did and how they did help.	10/27/2016 9:18 AM
7	I felt they did feel a sense of accomplishment while we were the in neighborhoods. We had a few people come outside and tell us thank you or were already sitting outside happy to see us. We also had some honk horns and tell us thank you.	10/27/2016 8:40 AM
8	They felt like they made a difference just by not being sleeping in their dorm still, so that was good.	10/27/2016 8:24 AM
9	At the start they were a little slow and some where hesitant to get really involved. However, by the end they all wanted to pictures together and were smiling.	10/26/2016 4:34 PM

12	All the students remarked that they might be interested in doing further community service because of how fun and rewarding it was to give back to the community.	10/26/2016 3:00 PM
13	It was hard to tell.	10/26/2016 2:54 PM

2	Picking up trash is fine but I believe with the city having more street clean up machines the overall street cleaning is dropping. Maybe reaching out to more service agencies and combing their efforts with our Big Event day. Maybe some students attend St. Joseph's Diner on that Saturday, students set up clothing drives at local stores in preparation for the winter. The last weekend in October is close to Thanksgiving so incorporating canned food drives in certain places. Maybe locating some places that that need paint jobs i.e. elderly homes that receive low funding, recreational events, etc.	11/1/2016 8:03 AM
3	More concrete places to volunteer-- project front yard was not a very satisfactory experience.	10/31/2016 2:49 PM
4	More options for service learning activities provided by the OFYE.	10/31/2016 12:42 PM
5	Better organization	10/31/2016 8:56 AM
6	Increase pertinent info in a timely manner. Have site info and coordinator info distributed so that peer mentors and or instructors can reach out ahead of time.	10/31/2016 8:39 AM
7	opening ceremony- more interactive, more meaningful	10/28/2016 12:18 PM
8	Better communication that takes place well before the actual day of the event.	10/27/2016 9:18 AM
9	Litter cleanup is great, but I think I might ask for a project other than project front yard next time.	10/27/2016 8:24 AM
10	I don't think this project site achieves the goal of The Big Event. I don't feel that we made an big impact on our community.	10/27/2016 7:58 AM
11	I really think we need to consider assigning service sites to classes as they sign up, and ask a representative from the organization to come speak to them before the event if possible. So that way it may feel a bit more like the student group or class has "adopted" the organization.	10/26/2016 4:34 PM
12	I would like to see earlier communication regarding project sites, if possible, and options for parking. I feel like parking instructions for the project site came at the last minute after we had been told they would be received hours earlier.	10/26/2016 4:09 PM
13	Just letting us know how to use the time if the project does not begin until 10	10/26/2016 3:39 PM
14	More preparedness among the organizing committee. Less focus on the ceremonies and more focus on communication with leaders.	10/26/2016 3:11 PM
15	see above	10/26/2016 3:04 PM
16	n/a	10/26/2016 3:00 PM
17	Eliminate the Ragin Jazz segment of the welcome ceremony; fundraising to provide donuts/fruit/breakfast snack; and otherwise, keep doing what you're doing.	10/26/2016 2:48 PM

1	I liked to see that the students actually had fun together while making a difference in our community.	11/1/2016 11:08 AM
2	I continue to enjoy the city wide initiative to perform service in any capacity city wide.	11/1/2016 8:03 AM
3	My two children were able to be involved in a limited capacity due to location.	10/31/2016 2:49 PM
4	I liked the way the students bonded and the positive attitudes of the event planners. The opening ceremony was very good.	10/31/2016 12:42 PM
5	The ability to reach out in direct contact with the community. To help those that needed it.	10/31/2016 8:39 AM
6	the opportunity to get to know my class better and to have them build relationships with one another outside of class	10/28/2016 12:18 PM
7	Getting to know my class more!	10/27/2016 2:35 PM
8	I loved the sense of community - a connection to Lafayette and ULL. I also liked the t-shirt (obviously). The opening ceremony with music was a great way to wake people up.	10/27/2016 9:18 AM
9	The opening ceremonies and reflection after it was over.	10/27/2016 8:40 AM
10	That it dragged these kids out of bed at dawn on a Saturday which really proves to them how much they could do for their community on weekend mornings and still have time to have fun in the evenings and enjoy their weekends. I think the early start shows them how much more they could do to make a difference if they had better time management.	10/27/2016 8:24 AM
11	The feeling of making an impact.	10/27/2016 7:58 AM
12	The long term community building effect of it.	10/26/2016 4:34 PM
13	I liked that many people from the university want to give back to the community that supports them. It was nice to see everyone coming together. I like the concept behind The Big Event.	10/26/2016 4:09 PM
14	the connection students made	10/26/2016 3:39 PM
15	I always enjoy working along side students	10/26/2016 3:17 PM
16	I got to spend valuable time with my students.	10/26/2016 3:11 PM
17	outside bluest sky of year! cool	10/26/2016 3:04 PM
18	I like the t-shirts and the work site/painting job	10/26/2016 3:00 PM
19	all of it--- great event to help our students understand the importance of giving back to the community	10/26/2016 2:54 PM
20	Scenic Lafayette was great to work with. And the executive team did a standout job to pull this off without the help of The United Way. It was better than last year!	10/26/2016 2:48 PM

Q16 The Big Event is considering changing the day from fall to spring. What are your thoughts on having a spring semester The Big Event?

Answered: 20 Skipped: 5

#	RESPONSES	DATE
1	I would prefer the fall. If you change it to the spring then you won't have as many students in UNIV 100 so you won't have as many teachers and peer mentors to suggest their participation.	11/1/2016 11:08 AM
2	I prefer the fall because you can get more participation from UNIV classes to participate. Majority of the UNIV courses are not taught in the spring and keeping it in the fall encourages teachers to put it in their syllabus to have students attend. I believe attendance and participation in it would drop tremendously.	11/1/2016 8:03 AM
3	I think you would have a number of conflicting events, worse weather, not as many classes where it is a mandatory assignment.	10/31/2016 2:49 PM
4	I believe that on in Fall and Spring would be beneficial to the community and the campus' reputation as a whole.	10/31/2016 8:39 AM
5	I like that idea. There's a lot happening in the fall semester. With that said, I like the opportunity for first time freshmen to go out and make a difference through UNIV100 classes.	10/28/2016 12:18 PM
6	I think it would be great. May have weather issues but we seem to fight that all year here. However we won the lottery for weather this year!	10/27/2016 2:35 PM
7	My only hesitation would be the lack of UNIV students during the spring. This group of students makes up a large portion of participants.	10/27/2016 9:18 AM
8	I think it is a great idea.	10/27/2016 8:40 AM
9	You will have less attendance. Period. Many of those kids were forced by UNIV 100 teachers.	10/27/2016 8:24 AM
10	Your numbers may go down as the UNIV 100 class cannot participate.	10/27/2016 7:58 AM
11	Unsure	10/26/2016 4:34 PM
12	I'm fine with either semester.	10/26/2016 4:09 PM
13	I really think it works well that it is tied to the UNIV 100 classes (most of which run in the fall?) It seems to be an easy way to ensure large scale participation in the event. If it is not tied to UNIV 100, the potential for it as a lesson to freshmen to get involved could be lost. If it were up to me, I would not change it to the fall.	10/26/2016 3:42 PM
14	Well we will not have the UNIV students.	10/26/2016 3:39 PM
15	Open to the change	10/26/2016 3:17 PM
16	If it gives the committee more time to organize things, then I'm all for it.	10/26/2016 3:11 PM
17	fall gets my vote this is when we teach univ 100, first time freshmen, not first time freshmen in spring	10/26/2016 3:04 PM
18	No - fall because that is when the most freshmen can participate.	10/26/2016 3:00 PM
19	only issue---- won't have univ classes.	10/26/2016 2:54 PM
20	Most other universities I've been at have done it during the Spring. Obviously that would disassociate it from UNIV 100 classes. I'm not sure how that would impact the overall numbers. It may make planning easier though. I can see the pros and cons of both and could go either way.	10/26/2016 2:48 PM

1	I felt there was no reason to be at Martin as early as we were told to be there. I understand that it allows for people to come late and still participate, but those that were on time just stood around for over an hour.	3/29/2018 10:37 AM
2	First of all, many of my students overlooked the water bottle station. They just went from TShirts to donuts and didn't notice the bottles. Thank god I brought extras! Then we didn't have enough bags or volunteers for the size of our zone (I really wish we could've done more). And some trash was far too big to carry... like car bumpers and car batteries. But most importantly, I was a little unclear on what property was public versus private for cleaning the zone we were given. A lot of [private] parking lots.... a giant drainage culvert overgrown with poison ivy... a church...	3/27/2018 11:10 AM
3	Patience was appreciated when working with getting students to move forward for the opening ceremony! Everything was very well organized.	3/25/2018 10:13 PM

4	The site that we were cleaning for was already very clean. We could only find garbage in deep places of the area. This made the experience feel great because of how clean the area already was. It really felt like we were helping by getting every minor piece of litter in the area.	3/24/2018 7:32 PM
5	I really enjoyed when the UNIV classes participated in the Big Event. It made it feel like I was part of something huge and I felt a greater sense of accomplishment. I also wish that instead of being put on Project Front Yard again, that would could've done something more pertinent to our organization, such as painting the parking lot of Acadiana Cares, which is an organization directly affiliated with GLASS. I feel that if the project sites available were tailored more to the organization participating on the project, there could be a greater sense of pride in our work. Otherwise, we still had a great time regardless.	3/24/2018 4:33 PM
6	Red Beans for Breakfast was a bit odd.	3/24/2018 2:04 PM
7	We weren't able to attend opening ceremony but I am sure it was great!	3/24/2018 1:18 PM
8	The keynote speaker sound system could've been louder people were talking so couldn't hear her. Great event my team wants to do more volunteering with the big brother and big program .	3/24/2018 1:00 PM

1	We were not told during leader training how the end of the day process would go as far as the expectation of the team to all come and help unload the trash. I didn't like that I had to put the trash in my car to bring to the middle school. I came alone to drop off the supplies because there was no communication that we would need to unload as a team in those crate things or that there would be pizza. I had already dismissed my team so I had no help unloading the trash nor were my team members able to eat.	3/25/2018 12:09 PM
2	Had I gotten my assignment earlier I would have felt more prepared to be a team leader.	3/24/2018 7:19 PM

1	It was really reflective and also make you feel rally bright and happy to do it.	4/9/2018 10:41 PM
2	At the beginning we found a wig, which was an icebreaker for everyone.	4/2/2018 10:19 AM
3	As a team leader, I went to drop off some full trash bags. When I returned 20 minutes later, my group had gone full native (bonded like a tribe in the wild). Although they had stopped picking up trash, they had started snap-chatting their interactions with a campus squirrel #ULGETINVOLVED and making costumes out of the pine-cones and leaves. It was delightful!	3/27/2018 11:10 AM
4	We found a duck egg discarded near the side of the road that was cool. The students were able to take a picture of it and we put it back where we found it. We were able to pull alot of trash like cups, wrappers, and grocery bags out of a pond that was very rewarding for the students. We were able to pull alot of cigarette butts out of cracks and parking lots and near children's play areas. It was also cool that we passed a few other teams. One team in particular we were able to yell "Geaux Cajuns" between each other.	3/25/2018 12:09 PM
5	The fact that our site area was already pretty clean was very unusual. It was a pleasant surprise but we still made sure to get any litter we saw.	3/24/2018 7:32 PM
6	On one of the streets of our project, there was an open house going on at a house we were picking up litter nearby. A couple of our members who were looking to rent a house went and toured the house, which I thought was cool.	3/24/2018 4:33 PM

But they had a positive experience nonetheless. Maybe if there was a more specified instruction instead of pick up litter. Like how we took it upon ourselves to pull stuff out of a pond. We also noticed the area we were assigned really didn't have alot of litter. We kinda wanted to pick up more but it seemed like our area was already well maintained by the city.	3/25/2018 12:09 PM

3	No	4/2/2018 10:19 AM
4	Yes	3/29/2018 10:37 AM
5	Yes. Less student involvement. I was able to get most of my UNIV students pumped last year. The move to spring, and so far into the semester, meant most of them lost the can-do spirit and didn't volunteer. A move toward February might be better?	3/27/2018 11:10 AM
6	Yes, as a student. This year was much more fun. Making smaller teams was a very good idea to help the teams enjoy the experience!	3/25/2018 10:13 PM
7	yes. this year was more organized and the opening ceremony didnt take as long as previous years	3/25/2018 4:19 PM
8	Yes	3/25/2018 2:05 PM
9	This year was my first year.	3/25/2018 12:42 PM
10	When I was an undergrad at LA Tech dor TBE I actually was assigned an old lady's house and we dug weeds and planted flowers for her. I think if we got more contacts from residents in the inner and outer lafayette the students would have felt like they contributed more.	3/25/2018 12:09 PM
11	Yes, it was different this year because it occurred during the spring semester. One thing I did like about last year that did not happen this year was when Ragin Jazz came out to pump up the crowd. I felt as though the opening ceremony was not as fun as last years.	3/24/2018 11:08 PM
12	No	3/24/2018 9:44 PM
13	Yes, this year was better because it was in the Spring, however, because it was the day after a huge party, a lot of people that were supposed to be there did not make it.	3/24/2018 9:42 PM
14	Yes, I participated as a student last year. It was different because this year being a leader was a much bigger responsibility and this year the city seems a lot cleaner than I remember.	3/24/2018 7:32 PM
15	Yes. Last year, as part of a class, I got to go to Paul Breaux Middle School and help paint, which was much more enjoyable.	3/24/2018 7:19 PM
16	As a student, twice. There were a lot less people this year. Also, I really loved our project 2 years ago when we got to garden at a local high school. Those projects are really fun.	3/24/2018 4:33 PM
17	Yes Different, less fun at the project site because we picked up trash instead of painting (like we did last year)	3/24/2018 2:32 PM
18	No	3/24/2018 2:24 PM
19	No. A student told me how her team leader last year was unsatisfactory. Apparently, the team felt as though they weren't allowed to take breaks, or get enough water. This year, she enjoyed herself with my group. We implemented short breaks and I provided extra snacks for us to enjoy!	3/24/2018 2:04 PM
20	No	3/24/2018 1:18 PM
21	Yes I this is my third time this time the snacks were better and a lot easier to find with the signs however maybe giving every organization a general spot in the parking lot may make it even easier	3/24/2018 1:00 PM

1	Actually, It was everyone have a reflexion part at the end. And we were feeling good to do something for mother nature.	4/9/2018 10:41 PM
2	Everyone was happy with the work done for the bio-swales on campus.	4/9/2018 10:21 PM
3	They were all super proud once we put the trash in the letters and they seen how much they collected.	4/2/2018 10:19 AM
4	We were surprised at how much they appreciated what seemed like a small amount of work. The coordinator informed us that the area around the school hadn't been cleaned in at least 12 years before we came.	3/29/2018 10:37 AM
5	Once the garden was finished everyone was excited that now when they go to hang out at Girard Park they will get to see the work they have done!	3/25/2018 10:13 PM
6	I feel we are all assigned spots that NEED our help which makes the help we provide more meaningful, so I appreciate everyone for assigning us to those who could use the help.	3/25/2018 12:42 PM
7	They just seemed overall happy!	3/24/2018 9:44 PM
8	The students felt very accomplished while cleaning the area to the best of their ability.	3/24/2018 7:32 PM
9	They felt like they made a difference in the community.	3/24/2018 4:33 PM
10	The excitement of taking pictures around the amount of trash we had gathered and the amount of social media posts I've seen after wards showed me how accomplished they felt.	3/24/2018 2:24 PM
11	I had asked my team how the felt coming into the Big Event verses how they felt after it ended. Their expectations were the same coming in and coming out. They were impressed by the huge #YARDWORK outside Lafayette Middle School. I think mostly today was a success Bc they had a leader that was positive and just happy to be outside bettering their community and hanging out with good people.	3/24/2018 2:04 PM

Q14 What would you like to see changed or improved for next year's event?

Answered: 18 Skipped: 7

#	RESPONSES	DATE
1	Nothing	4/9/2018 10:41 PM
2	Better food choices. Its great that we are helping make the community a better and more beautiful place. However, I think we should be give healthier food choices for the morning and lunch meals. Donuts and muffins aren't exactly nutritious. The only food I had that morning until noon was the apple that was provided.	4/9/2018 10:21 PM
3	The maps need to be easier to understand.	4/2/2018 10:19 AM
4	Allowing students to arrive maybe half an hour before the opening ceremony.	3/29/2018 10:37 AM
5	Instead of just a map for project front yard, it would be helpful if each zone came with some bulleted tips specific to that zone--of what is private/public/too dangerous/etc.	3/27/2018 11:10 AM
6	The open ceremony could be a little more entertaining (during the speeches). The music was great and the organization was executed very well!	3/25/2018 10:13 PM
7	For project front yard, it would be better if the team didnt have to bring the trash that was picked to another site. It would be better if someone came and picked it up. Also it gets kinda boring doing the same exact thing every year, in the same exact location. My team and I have been picking up trash from the same spot for the past 2 years. It would be better if someone could look at what each group did in the previous year and kind of change their location and task.	3/25/2018 4:19 PM
8	Cover a wider area	3/25/2018 2:05 PM
9	Not to have it after Black and White.	3/25/2018 12:42 PM
10	The line to get food bags was very long it should have been split up into more sections.	3/24/2018 11:08 PM
11	Next year I would like to see an improvement in the wakeup part in the morning.	3/24/2018 7:32 PM
12	If there is any way to at least attempt self-selection for projects, that would be great.	3/24/2018 7:19 PM
13	Maybe have a list of project sites that organizations can look at before hand and submit their first or second option to have a more personalized experience.	3/24/2018 4:33 PM
14	More projects not only picking up trash	3/24/2018 2:32 PM
15	N/A	3/24/2018 2:24 PM
16	Snacks are always a good motivator. And encourage implementing short breaks! I could read my teams vibes and knew that we'd be more efficient after a break to eat and drink.	3/24/2018 2:04 PM
17	The gathering of everyone for the opening ceremony and maybe a performance to hype everybody up but dj was great	3/24/2018 1:00 PM
18	Team leader training is unnecessary	3/24/2018 11:54 AM

#	RESPONSES	DATE
1	I don't know	4/9/2018 10:41 PM
2	Spring	4/9/2018 10:21 PM
3	Fall because it attracted more participants.	3/29/2018 10:37 AM
4	fall. UNIV involvement was phenomenal!	3/27/2018 11:10 AM
5	For my first event, my team painted posts around UL campus. This time getting to garden was a big upgrade! I love painting and I think both were enjoyable jobs but if more opportunities are open in the spring to do things like gardening (things that will help volunteers learn valuable skills that they can use in the future, as well as discover that they may enjoy something they never would have expected to enjoy) I think it will be a better experience over all to continue having the Big Event in the Spring.	3/25/2018 10:13 PM

7	spring	3/25/2018 2:05 PM

9	I prefer spring because I remember it being very cold last year during the fall semester and the weather was perfect this year.	3/24/2018 11:08 PM
10	Its hard to pick between the two but I guess I prefer the spring because the weather was nice.	3/24/2018 7:32 PM
11	Fall. Spring is absolutely insane, especially this close to Easter.	3/24/2018 7:19 PM
12	Fall, hands down. It's a lot cooler outside, plus I liked that the UNIV classes got to do it with us.	3/24/2018 4:33 PM
13	Spring! "Spring cleaning" Not missing out on any football tailgating	3/24/2018 2:32 PM
14	I thought this time in the Spring felt great outside. And there's probably more litter during these months than the fall. However, this was my first year.	3/24/2018 2:04 PM
15	Spring comfortable temperature	3/24/2018 1:00 PM
16	Fall, because more students will participate, causing an even greater impact.	3/24/2018 11:56 AM

Q2 What tasks, activities, lessons did your peer mentor assist in?

1	Kennedi assisted in several areas: * She helped coordinate dates with guest speakers, * She assisted with the roll call. * She assisted with the students turning in assignments. * She communicated with the students via moodle and social media and assisted them with questions and advice concerning their first year experience. *She helped students participate in group discussions.	2/28/2018 3:52 PM
2	Attendance, participated in all activities with the students.	2/27/2018 12:12 PM
3	Al assisted me in so many ways, it is almost impossible to list them. In addition to handling the students for Cajun Connection, he also did a well-planned presentation with PPs about a month into class addressing the ins and outs of college (I asked him to do this because I thought it was good for the students to hear again once they were acclimated to school). He was in charge of keeping the students "in the know" of campus activities (He managed the GroupMe texting very well.) He came to every community service activity with the class even though he wasn't required to do this. He helped greatly in the production of the video the students created for the Showcase. There's more, I just can't remember everything he did.	2/27/2018 11:08 AM
4	Mentoring students, maintaining electronic communication, taking roll, peer advising.	2/27/2018 10:11 AM
5	Taking roll, collecting assignments, handing out assignments, verifying that students understood the task, GroupMe updates.	2/27/2018 9:42 AM
6	She assisted in passing our papers, picking up papers, the class discussion, daily reminders.	2/27/2018 9:37 AM
7	I have only amazing things to say about Ann-Marie Stelly. Christy Sue Langley	2/27/2018 9:25 AM
8	Ryan communicated regularly with the students and assisted me with all classroom activities.	2/26/2018 5:25 PM
9	Brya participated in class discussions with the students and she assisted me with all classroom activities.	2/26/2018 5:23 PM
10	Miranda assisted with handing out and picking up papers. Inserted valuable student knowledge during the lessons.	2/23/2018 9:05 AM
11	test	2/23/2018 8:56 AM
12	Daily, she helped with announcements of events and activities on campus and in the community. For each of the campus resources we reviewed every week, she offered personal anecdotes and reflection as a student--who either took advantage or missed out on opportunities. She participated in every discussion of dystopian texts, which was never required, and often posed new discussion questions for the freshmen to consider. Q5 In what ways could your peer mentor improve?

Answered: 27 Skipped: 3

#	RESPONSES	DATE
1	I have a no cell phone usage during class, and I want my mentor to follow that lead. Helping me monitor that rule and ensure it is abided by would be great and help the students get the most of their first year experience.	2/28/2018 3:52 PM
2	None. Loved her support of me and the students.	2/27/2018 12:12 PM
3	I really can't imagine any thing AI would need to do to be a better mentor. He was truly the best. Always saying "yes" to any task I would ask him to do.	2/27/2018 11:08 AM
4	Perhaps in sharing more student feedback. Otherwise, she was very helpful and knowledgeable.	2/27/2018 10:11 AM
5	She could be more interactive with the students, however I also think that falls back on me not providing her with enough opportunities to get involved with the students.	2/27/2018 9:42 AM
6	None	2/27/2018 9:37 AM
7	He was great!	2/26/2018 5:25 PM

9	No ways, Miranda was great!	2/23/2018 9:05 AM
10	test	2/23/2018 8:56 AM
11	No ways really. Maybe if she sat in a different seat every day more students would've gotten to know her well, but some kids are just shy, so maybe it wouldn't have helped.	2/22/2018 12:22 PM
12	"Meetch" is Awesome!!	2/20/2018 4:42 PM
13	it was an unusual class--a bit cold--a few too many rowdy people; she did well and I can't think of any improvements with that particular class.	2/20/2018 11:29 AM
14	Participating in the class with the actual course content and discussions. However, the theme of the course is rather niche (conspiracy theories) and not necessarily everyone's interest, and discussions were typically based around assigned readings.	2/20/2018 9:34 AM
15	N/A	2/19/2018 6:08 PM
16	I'm not sure how.	2/19/2018 4:52 PM
17	Honestly, she was on top of her game 24/7. I do not see where should need improvement in being a peer mentor.	2/19/2018 3:58 PM
18	I can't imagine anything AI could have done to improve because I always saw effort in all he did.	2/19/2018 12:20 PM
19	I think Joseph is willing to do anything I ask and is very focused on making sure students have a good experience. If Joseph is my peer mentor next year, I am going to ask him help me get to know every student by name earlier in the semester. I'm sure he is capable of doing anything expected of him.	2/19/2018 12:17 PM
20	Maybe by asking for opportunities to present or take a larger role in the class. But it was both of our first time with UNIV so we were both figuring it out as we went. And I think she will show a lot more initiative next time around.	2/19/2018 11:58 AM
