## Student Support Services

Student Support Services (SSS) is a program designed to help you maximize your academic potential and achieve your academic and personal goals at UL Lafayette.

Our program provides the structure, information, and positive support that make our offices a "home away from home" for you. We know that college is a big transition time for you, so we want to make sure the changes you experience do not become a barrier to graduation. Trust us, we want you to earn your degree just as bad as you do.

We believe in what we do and the statistics prove it. Students in the SSS Program are more than twice as likely to remain in college than those students from similar backgrounds who did not participate in the program. Our joy comes from student success and we will make sure that through hard work, we end our journey together as students and staff members with a big smile on our face and a degree in your hand.

Take a look at what we have to offer and see which SSS program can help you reach your goals.
