December 11, 2015

Independent Auditor's Report

UNIVERSITY OF LOUISIANA SYSTEM
STATE OF LOUISIANA
Baton Rouge, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component units of the University of Louisiana System (System), a component unit of the state of Louisiana, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the System's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Black and Gold Facilities, Inc.; Innovative Student Facilities, Inc.; Cowboy Facilities, Inc.; Nicholls State University Facilities Corporation; University Facilities, Inc.; Ragin' Cajun Facilities, Inc.; University of Louisiana at Monroe Facilities, Inc.; and University of New Orleans Research and Technology Foundation Inc., which are nonprofit corporations included as blended component units in the basic financial statements representing approximately 34.5% of total assets, 28.5% of total liabilities, and 6.6% of total revenues. We also did not audit the financial statements of the University of Louisiana at Lafayette Foundation, Inc., and the University of New Orleans Foundation, which are discretely presented component units included in the basic financial statements of the System. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts reported for these component units, are based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Black and Gold Facilities, Inc., Nicholls State University Facilities Corporation; University Facilities, Inc.; and University of Louisiana at Monroe Facilities, Inc., which were audited by other auditors, were audited in accordance with auditing standards generally accepted in the United States of America but not in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component units of the System as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As disclosed in note 8 to the financial statements, the net pension liability for the System was \$1,028,690,407 at June 30, 2015, as determined by the Louisiana State Employees' Retirement System (LASERS) and the Teachers' Retirement System of Louisiana (TRSL). The related actuarial valuations were performed by LASERS's and TRSL's actuaries using various assumptions. Because actual experience may differ from the assumptions used, there is a risk that this amount at June 30, 2015, could be under or overstated.

As discussed in notes 1-P and 16 to the financial statements, the System implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, for the year ended June 30, 2015. The adoption of these standards required the System to record its proportionate share of pension amounts related to its participation in the cost-sharing, multiple-employer defined benefit pension plans, restating the previous year. As a result of

the implementation, the System's net position decreased by \$1,067,984,947, net pension liability was recorded in the amount of \$1,178,298,383, and deferred outflow of resources was recorded in the amount of \$110,313,436 as of July 1, 2014.

Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 7 through 13, the Schedule of the System's Proportionate Share of the Net Pension Liability on page 85, the Schedule of System Contributions on page 86, and the Schedule of Funding Progress for the Other Postemployment Benefits Plan on page 87 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the System's basic financial statements. The accompanying supplemental information schedules, including the Combining Schedule of Net Position; the Combining Schedule of Revenues, Expenses, and Changes in Net Position; and the Combining Schedule of Cash Flows, on pages 89 through 102, for the fiscal year ended June 30, 2015, are presented for the purposes of additional analysis and are not required parts of the basic financial statements.

These schedules are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures, in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of other auditors, the schedules for the fiscal year ended June 30, 2015, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole for the year ended June 30, 2015.

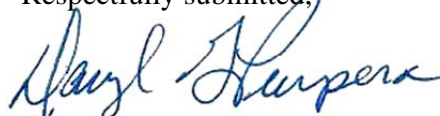

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the University of Louisiana System as of and for

the year ended June 30, 2014 (not presented herein), and have issued our report thereon dated December 11, 2014, which contained unmodified opinions on the respective financial statements of the business-type activities. The Combining Schedule of Net Position; the Combining Schedule of Revenues, Expenses, and Changes in Net Position; and the Combining Schedule of Cash Flows on pages 103 through 116 for the year ended June 30, 2014, are presented for the purposes of additional analysis and are not a required part of the basic financial statements. These schedules are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the 2014 financial statements. The combining schedules for the fiscal year ended June 30, 2014, have been subjected to the auditing procedures applied in the audit of the 2014 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures, in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of other auditors, the schedules for the fiscal year ended June 30, 2014, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole for the year ended June 30, 2014.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2015, on our consideration of the System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the System's internal control over financial reporting and compliance.

Respectfully submitted,

Daryl G. Purpera, CPA, CFE
Legislative Auditor

ULS 2015

MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

This section of the University of Louisiana System's (System) annual financial report presents a discussion and analysis of the System's financial performance during the fiscal year that ended June 30, 2015. Please read this section in conjunction with the System's financial statements, which follows this section. The System is comprised of the following entities:

- Grambling State University
- Louisiana Tech University
- McNeese State University
- Nicholls State University
- Northwestern State University
- Southeastern Louisiana University
- University of Louisiana at Lafayette
- University of Louisiana at Monroe
- University of New Orleans
- Board of Supervisors

FINANCIAL HIGHLIGHTS

The System's net position overall changed from (\$58,699,614), restated, to (\$81,642,579), a 39.0% decrease from June 30, 2014, to June 30, 2015. Total expenses exceeded revenues by \$22,942,965, which represents a \$16,109,176 decrease from the change in net position in fiscal year June 30, 2014. The System continues cost cutting measures to reduce the impact of the ongoing reductions in revenues from state appropriations.

The System's operating revenues increased by approximately 7.3% to \$811,464,751 from June 30, 2014, to June 30, 2015, primarily from increases in revenues from tuition and fees and auxiliary enterprises. Operating expenses decreased by 1.0% to \$1,219,927,052 for the year ended June 30, 2015. The primary reason for this change is a 2.4% increase in instructional depreciation expenses offset by decreases in the remaining educational and general expenses.

Nonoperating revenues (expenses) fluctuate depending upon levels of state operating appropriations, interest earnings/expense, and other nonoperating revenue. The change to

\$360,472,794 in 2015 from \$399,848,343 in 2014 is primarily attributed to reductions in state appropriations, Pell Grant receipts, and investment income.

OVERVIEW OF THE FINANCIAL STATEMENTS

This financial report consists of three parts: Management's Discussion and Analysis (this section), the basic financial statements, and the Notes to the Financial Statements. The basic financial statements present information for the System as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows.

The Statement of Net Position (pages 14-15) presents the current and long-term portions of assets and liabilities separately. The difference between total assets and total liabilities is net position and may provide a useful indicator of whether the financial position of the System is improving or deteriorating.

The Statement of Revenues, Expenses, and Changes in Net Position (pages 17-18) presents information showing how the System's assets changed as a result of current-year operations. Regardless of when cash is affected, all changes in net position are reported when the underlying transactions occur. As a result, transactions are included that will not affect cash until future fiscal periods.

The Statement of Cash Flows (pages 21-22) presents information showing how the System's cash changed as a result of current-year operations. The Statement of Cash Flows is prepared using the direct method and includes the reconciliation of operating income (loss) to net cash provided (used) by operating activities (indirect method) as required by Governmental Accounting Standards Board Statement (GASB) No. 34.

The System's financial statements are prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities. Under this basis of accounting, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, and depreciation of assets is recognized in the Statement of Revenues, Expenses, and Changes in Net Position. All assets and liabilities associated with the operation of the System are included in the Statement of Net Position.

The System has two foundations that are discretely presented in its basic financial statements. The foundations reported are the University of Louisiana at Lafayette Foundation, Inc., and University of New Orleans Foundation. The financial data of each of these foundations are presented separately in the Statement of Financial Position (page 16) and the Statement of Activities (pages 19-20). Additional information about the foundations is contained in the Notes to the Financial Statements.

FINANCIAL ANALYSIS**Net Position**

The System's total net position at June 30, 2015, decreased by approximately \$23 million, a 39.0% decrease from June 30, 2014, as restated (Table A-1). Total assets decreased 0.8% to \$2.35 billion, and total liabilities decreased 4.6% to \$2.4 billion, as restated.

Table A-1

Restricted	406	403	3	0.7%
Unrestricted	<u>(1,407)</u>	<u>(1,391)</u>	<u>(16)</u>	1.2%
Total net position	<u><u>(\$82)</u></u>	<u><u>(\$59)</u></u>	<u><u>(\$23)</u></u>	39.0%

*Net position amounts for 2014 include restatements for GASB Statements No. 68 and 71.

This schedule is prepared from the System's Statement of Net Position as shown on pages 14-15, which is presented on an accrual basis of accounting, whereby assets are capitalized and depreciated.

GASB Statement No. 68 and GASB Statement No. 71 require that governmental entities recognize their respective shares of net pension liabilities of retirement plans in which they participate – the System participates in the Louisiana State Employees' Retirement System (LASERS) and the Teachers' Retirement System of Louisiana (TRSL). The System's implementation of these standards resulted in the recognition of the following in the Statement of Net Position:

- Deferred outflows relating to pensions totaling \$140,063,602 (includes fiscal year 2015 employer contributions totaling \$117,589,352)
- Net pension liability totaling \$1,028,690,407
- Deferred inflows relating to pensions totaling \$150,759,700, resulting primarily from changes in LASERS's and TRSL's plan investments
- A decrease in beginning net position totaling \$1,067,984,947

Other significant statement of net position changes from 2014 include the following:

- Capital assets increased from current year additions and improvements offset by current-year depreciation.

Net investment in capital assets consists of capital assets net of accumulated depreciation and reduced by the amount of outstanding indebtedness attributable to the acquisition, construction, or improvement of those assets. Restricted net position represents those assets that are not available for spending as a result of legislative requirements, donor agreements, debt covenants, or grant requirements. Conversely, unrestricted net position represents assets that do not have any limitations on how these amounts may be spent.

Changes in Net Position

The change in net position at June 30, 2015, is approximately \$23 million, or 39.0% lower than at June 30, 2014, as restated. The changes in net position are detailed in Table A-2; educational and general expenses are detailed in Table A-3.

The System's total operating revenues increased by 7.3% to approximately \$811 million, and total operating expenses decreased 1.0% to approximately \$1.2 billion. These changes are the result of several factors, including the following:

- Increases in net tuition and fees
- Continuation of cost-savings measures

Table A-2
University of Louisiana System

Scholarships and fellowships	77	81	(4)	(4.9%)
Total	\$1,033	\$1,045	(\$12)	(1.1%)

*The restatements to beginning net position for expenses did not impact expenses for the fiscal year ended June 30, 2014; therefore, no restatements were required for the purposes of this comparison.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2015 and 2014, the System's cost of capital assets totaled approximately \$2.94 billion and \$2.84 billion, respectively. Net of accumulated depreciation, the System's capital assets at June 30, 2015, total approximately \$1.5 billion. This amount represents a net increase (including additions and disposals, net of depreciation) of approximately \$36 million, or 2.4%, over June 30, 2014. The increases were primarily in construction of buildings financed through long-term obligations, purchases of equipment, current-year depreciation, and capital assets retired.

Debt Administration

The System had outstanding bonds totaling \$684,651,106, exclusive of bond discounts and premiums at June 30, 2015, compared to \$703,341,326 at June 30, 2014.

Bond activity during the fiscal year ended June 30, 2015, follows:

- The University of Louisiana at Monroe issued refunding bonds totaling \$1,645,000 to refund the Series 2007 student center bonds.
- The University of New Orleans issued refunding bonds totaling, \$2,990,000, \$3,580,000, and \$36,000,000 to refund the wellness center, the Jefferson Center, and the residence facilities bonds, respectively.

CURRENTLY-KNOWN FACTS, DECISIONS, OR CONDITIONS

The following currently-known facts, decisions, or conditions are expected to have a significant effect on financial position or results of operations:

- Changes in the net pension liability and other postemployment benefits liability
- Changes in current enrollment
- Changes in tuition and fees
- Changes in state appropriations

CONTACTING UNIVERSITY OF LOUISIANA SYSTEM'S FINANCIAL MANAGEMENT

This financial report is designed to provide our legislature, state officials, the Louisiana Legislative Auditor's Office, patrons, and other interested parties with a general overview of the System's finances and to demonstrate its accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Vice President for Business and Finance at (225) 342-6950.

NOTES TO THE FINANCIAL STATEMENTS

INTRODUCTION

The University of Louisiana System (System) is a publicly-supported institution of higher education. The System is a component unit of the state of Louisiana, within the executive branch of government. The universities that comprise the System are under the management and supervision of the University of Louisiana System Board of Supervisors; however, the annual budget of the System and changes to the degree programs, departments of instruction, et cetera, of the individual institutions require the approval of the Board of Regents for Higher Education. The Board of Supervisors is comprised of 15 members appointed for staggered six-year terms by the governor, with the consent of the Senate, and one student member appointed for a one-year term by a council composed of the student body presidents of the universities within the System. As state universities, operations of the universities' instructional programs are funded through annual lapsing appropriations made by the Louisiana Legislature. The chief executive officer of the System is the president.

The System is comprised of nine universities in nine cities, which include Grambling State University at Grambling, Louisiana Tech University at Ruston, McNeese State University at Lake Charles, Nicholls State University at Thibodaux, Northwestern State University at Natchitoches, Southeastern Louisiana University at Hammond, University of Louisiana at Lafayette, University of Louisiana at Monroe, and University of New Orleans. The universities had approximately 88,670 students enrolled during the fall semester of the 2014/2015 academic year and employed approximately 9,794 employees.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The Governmental Accounting Standards Board (GASB) promulgates accounting principles generally accepted in the United States of America and reporting standards for state and local governments. These principles are found in the *Codification of Governmental Accounting and Financial Reporting Standards*, published by the GASB. The accompanying financial statements have been prepared in accordance with such principles.

B. REPORTING ENTITY

GASB Codification Section 2100 has defined the governmental reporting entity to be the State of Louisiana. The System is considered a component unit of the state of Louisiana because the state exercises oversight responsibility and has accountability for fiscal matters as follows: (1) the majority of the members of the governing board are appointed by the governor; (2) the state has control and exercises authority over budget matters;

(3) the state issues bonds to finance certain construction; and (4) the universities within the System primarily serve state residents. The accompanying financial statements present information only as to the transactions of the programs of the System as authorized by Louisiana statutes and administrative regulations.

Annually, the state of Louisiana issues basic financial statements, which include the activity contained in the accompanying financial statements. The financial statements are audited by the Louisiana Legislative Auditor.

Blended Component Units

The following are Louisiana nonprofit corporations that are considered blended component units of eight of the universities included in the System:

- Black and Gold Facilities, Inc., at Grambling State University
- Innovative Student Facilities, Inc., at Louisiana Tech University
- Cowboy Facilities, Inc., at McNeese State University
- NSU Facilities Corporation at Nicholls State University
- University Facilities, Inc., at Southeastern Louisiana University
- Ragin' Cajun Facilities, Inc., at the University of Louisiana at Lafayette
- University of Louisiana at Monroe Facilities, Inc., at the University of Louisiana at Monroe
- University of New Orleans Research and Technology Foundation, Inc., at the University of New Orleans

These component units are included in the reporting entity because they are fiscally dependent on the universities. The purpose of these organizations is to promote, assist, and benefit the mission of the universities through the acquisition, construction, development, management, leasing or otherwise assisting in the acquisition, construction, development, management, or leasing of student housing or other facilities on behalf of the universities. Although these facility corporations are legally separate, they are reported as a part of the System because:

- The majority of their revenue comes from the leasing of facilities to the university, and/or
- In accordance with GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and 34*, if a component unit's total outstanding debt,

including leases, is expected to be repaid entirely or almost entirely with the resources of its primary government, then that component unit shall be blended with its primary government.

To obtain the corporations' latest audit reports, write to:

- Black and Gold Facilities, Inc., c/o Mr. Leon Sanders, Grambling State University, P.O. Box 605, Grambling, Louisiana 71245
- Innovative Student Facilities, Inc., c/o Mrs. Lisa Cole, Louisiana Tech University, P.O. Box 7924, Ruston, Louisiana 71272
- Cowboy Facilities, Inc., c/o Mr. Eddie Meche, McNeese State University, 4205 Ryan Street, Lake Charles, Louisiana 70609
- NSU Facilities Corporation, c/o Mr. Ronnie Rodriguez, Nicholls State University, P.O. Box 2003, Thibodaux, Louisiana 70310
- University Facilities, Inc., c/o Mr. Sam Domiano, Southeastern Louisiana University, SLU Box 10709, Hammond, Louisiana 70402
- Ragin' Cajun Facilities, Inc., c/o Mrs. Debbie Calais, University of Louisiana at Lafayette, P.O. Box 42651, Lafayette, Louisiana 70504
- University of Louisiana at Monroe Facilities, Inc., c/o Dr. William Graves, University of Louisiana at Monroe, 700 University Avenue, Monroe, Louisiana 71209
- University of New Orleans Research and Technology Foundation, Inc., c/o Mr. Keith Hemel, University of New Orleans Research and Technology Foundation, 2021 Lakeshore Drive, Suite 420, New Orleans, Louisiana 70122

Discretely Presented Component Units

The following legally-separate, tax-exempt organizations are reported within the System as discrete component units:

- University of Louisiana at Lafayette Foundation, Inc. (ULL Foundation)
- University of New Orleans Foundation (UNO Foundation)

These foundations act primarily as fundraising organizations to supplement the resources that are available to their respective universities in support of their programs. Although the universities do not control the timing or amount of

receipts from their respective foundations, the majority of resources or income that the foundations hold and invest are restricted to the activities of the university by the donors. Because these restricted resources held by the foundations can only be used by or for the benefit of the universities, the foundations are considered component units of their respective universities and are discretely presented in the financial statements.

During the year ended June 30, 2015, the ULL Foundation and the UNO Foundation made distributions of \$14,707,426 and \$6,105,500, respectively, on behalf of their respective universities for unrestricted purposes.

To obtain the foundations' latest audit reports, write to:

- University of Louisiana at Lafayette Foundation, Inc., c/o Mrs. Debbie Calais, University of Louisiana at Lafayette, P.O. Box 42651, Lafayette, Louisiana 70504
- University of New Orleans Foundation, c/o Dr. Gregg Lassen, University of New Orleans, 2000 Lakeshore Drive, New Orleans, Louisiana 70148

The blended and discretely presented component units are private nonprofit organizations that report under Financial Accounting Standards Board (FASB) standards, including FASB Accounting Standards Codification (ASC) §958, *Not-for-Profit Entities*. As such, certain revenue recognition criteria, presentation, and disclosure requirements are different from GASB revenue recognition criteria and presentation features. With the exception of presentation adjustments, no modifications have been made to these component units' financial information in the System's report for these differences. Accordingly, the financial data of the discretely presented component units are shown on a statement of financial position and a statement of activities.

Every three years, in accordance with GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, an amendment of GASB Statement No. 14, the System evaluates whether discretely presented component units reported in prior financial statements continue to meet the Division of Administration, Office of Statewide Reporting and Accounting Policy's guidelines requiring their presentation in the System's financial statements. The University of Louisiana at Lafayette Foundation, Inc., and the University of New Orleans Foundation continue to meet the criteria for presentation in the System's financial statements.

C. BASIS OF ACCOUNTING

For financial reporting purposes, the System is considered a special-purpose government engaged only in business-type activities. All activities of the System are accounted for within a single proprietary (enterprise) fund. Accordingly, the System's financial

statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-system transactions have been eliminated.

Discrete Component Unit

The component units follow the provisions of FASB ASC §958 *Not-for-Profit Entities*, which establishes external financial reporting for not-for-profit organizations, and includes the financial statements and the classifications of resources into three separate classes of net assets as follows:

- *Unrestricted* - resources that are free of donor-imposed restrictions; all revenues, expenses, gains, and losses that are not changes in permanently or temporarily restricted net assets.
- *Temporarily Restricted* - resources whose use by the component units are limited by donor-imposed stipulations that either expire by passage of time or that can be fulfilled or removed by actions of the foundations pursuant to those stipulations.
- *Permanently Restricted* - resources whose use by the component units is limited by donor-imposed stipulations that neither expire with the passage of time nor can be fulfilled or otherwise removed by actions by the component unit.

D. BUDGET PRACTICES

The state of Louisiana's appropriation is an annual lapsing appropriation established by legislative action and by Title 39 of the Louisiana Revised Statutes. The statute requires that the budget be approved by the Board of Regents for Higher Education and certain legislative and executive branches of state government. Budget revisions are granted by the Joint Legislative Committee on the Budget. In compliance with these legal restrictions, budgets are adopted on the accrual basis of accounting, except that (1) depreciation is not recognized; (2) leave costs are treated as budgeted expenditures to the extent that they are expected to be paid; (3) summer school tuition and fees and summer school faculty salaries and related benefits for June are not prorated but are recognized in the succeeding year; and (4) inventories are recorded as expenditures at the time of purchase.

E. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes cash on hand (petty cash), demand deposits, and interest-bearing demand deposits. Cash equivalents include certificates of deposit and all highly liquid investments with a maturity of three months or less when purchased. Under state law, the System may deposit funds within a fiscal agent bank organized under the laws of the state

of Louisiana, the laws of any other state in the Union, or the laws of the United States. Furthermore, the System may invest in certificates of deposit of state banks organized under Louisiana law and national banks having their principal offices in Louisiana. Cash equivalents reported on the Statement of Net Position include all negotiable certificates of deposit, regardless of maturity.

In accordance with Louisiana Revised Statute (R.S.) 49:327, the System is authorized to invest funds in direct U.S. Treasury obligations, U.S. government agency obligations, and money market funds. In addition, funds derived from gifts and grants, endowments, and reserve funds established in accordance with bond issues may be invested as stipulated by the conditions of the gift instrument or bond indenture. Investments are maintained in investment accounts in external foundations as authorized by policies and procedures established by the Board of Regents and are reported at fair value in accordance with GASB Statement No. 31. Changes in the carrying value of investments, resulting from unrealized gains and losses, are reported as a component of investment income in the Statement of Revenues, Expenses, and Changes in Net Position. For purposes of the Statement of Cash Flows, the System considers all highly-liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

F. INVENTORIES

Inventories are valued at the lower of cost or market. The System uses periodic and perpetual inventory systems and values its various other inventories using the first-in, first-out and weighted-average valuation methods. Adjustments are made at fiscal year-end to account for inventories using the consumption method.

G. NONCURRENT RESTRICTED ASSETS

Cash, investments, receivables, and other assets that are externally restricted for grants, endowments, debt service payments, maintenance of sinking or reserve funds or to purchase or construct capital assets are classified as noncurrent restricted assets in the Statement of Net Position.

H. CAPITAL ASSETS

Capital assets are reported at cost at the date of acquisition or their estimated fair value at the date of donation. For movable property, the System's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized if they exceed \$100,000. Any infrastructure exceeding \$3 million must be capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred. Depreciation is computed using the straight-line method over the estimated useful life of the assets, generally 40 years for buildings and infrastructure, 20 years for depreciable land improvements, three to 10 years for most movable property, three years

for software with an acquisition cost of \$1,000,000 or more, and three to 10 years for internally-generated software with development costs of \$1,000,000 or more.

I. UNEARNED REVENUES

Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but are related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

J. COMPENSATED ABSENCES

Employees accrue and accumulate annual and sick leave in accordance with state law and administrative regulations. The leave is accumulated without limitation; however, nine-month faculty members do not accrue annual leave but are granted faculty leave during holiday periods when students are not in classes. Employees who are considered having nonexempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned.

Upon separation of employment, both classified and nonclassified personnel or their heirs are compensated for accumulated annual leave not to exceed 300 hours. In addition, academic and nonclassified personnel or their heirs are compensated for accumulated sick leave not to exceed 25 days upon retirement or death. Act 343 of 1993 allows members of the Louisiana State Employees' Retirement System (LASERS), upon application for retirement, the option of receiving an actuarially-determined lump sum payment for annual and sick leave, which would otherwise have been used to compute years of service for retirement. Unused annual leave in excess of 300 hours plus unused sick leave are used to compute retirement benefits.

Upon termination or transfer, a classified employee will be paid for any one and one-half hour compensatory leave earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the classified employee's hourly rate of pay at termination or transfer.

K. NONCURRENT LIABILITIES

Noncurrent liabilities include principal amounts of revenue bonds payable, notes payable, capital lease obligations with contractual maturities greater than one year, amounts for accrued compensated absences, the System's proportionate shares of the LASERS and Teachers' Retirement System of Louisiana (TRSL) actuarially-accrued net pension liability, the actuarially accrued liability for Other Postemployment Benefits, and other liabilities that will not be paid within the next fiscal year.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension and pension expense, information about the fiduciary net position of LASERS and TRSL, and additions to/deductions from the

retirement systems' fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. NET POSITION

The System's net position is classified as follows:

(1) Net Investment in Capital Assets

This represents the System's total investment in capital assets, net of accumulated depreciation and reduced by outstanding debt obligations related to acquisition, construction, or improvement of those capital assets.

(2) Restricted Net Position - Expendable

Restricted expendable net position includes resources that the System is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

(3) Restricted Net Position - Nonexpendable

Restricted nonexpendable net position consists of endowment and similar type funds that donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

(4) Unrestricted Net Position

Unrestricted net position represents resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the System and may be used at the discretion of the governing board to meet current expenses and for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the System's policy is to first apply the expense toward unrestricted resources, and then toward restricted resources.

M. CLASSIFICATION OF REVENUES AND EXPENSES

The System has classified its revenues as either operating or nonoperating according to the following criteria:

- (a) Operating revenue includes activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances; (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances; and (3) most federal, state, and local grants and contracts and federal appropriations.
- (b) Nonoperating revenue includes activities that have the characteristics of nonexchange transactions, such as gifts and contributions, state appropriations, and investment income.
- (c) Operating expenses generally include transactions resulting from providing goods or services, such as (1) payment to vendors for goods or services; (2) payments to employees for services; and (3) payments for employee benefits.
- (d) Nonoperating expenses include transactions resulting from financing activities, capital acquisitions, and investing activities.

N. SCHOLARSHIP DISCOUNTS AND ALLOWANCES

Student tuition and fee revenues and certain other revenues from students are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances are the difference between the stated charge for services (tuition and fees) provided by the System and the amount that is paid by students and/or third parties making payments on the students' behalf.

O. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

P. ADOPTION OF NEW ACCOUNTING PRINCIPLES

For the year ended June 30, 2015, the System implemented the following accounting Standards:

- GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. These statements changed the accounting and financial reporting for pensions that are provided to the employees of state and local governmental

employers through pension plans that are administered through trusts. The cumulative effect of applying these statements is reported as a restatement of beginning net position for fiscal year 2015 (see note 16). The restatement of all prior year deferred outflows and inflows was not practical, so only deferred outflows related to fiscal year 2014 contributions were recorded at implementation.

- GASB Statement 69, *Government Combinations and Disposals of Government Operations*, establishes accounting and financial reporting standards for government combinations and for disposals of government operations that have been transferred or sold. This statement had no impact the System's financial statements.

2. CASH AND CASH EQUIVALENTS

At June 30, 2015, the System has cash and cash equivalents (book balances) of \$349,721,621, as follows:

Petty cash	\$497,554
Demand deposits	230,844,558
Certificates of deposit	46,488,442
Money market funds	4,402,236
Short-term investments	1,727,841
Blended component unit cash	<u>65,760,630</u>
Total	<u><u>\$349,721,261</u></u>

Custodial credit risk is the risk that in the event of a bank failure, the System's deposits may not be returned to it. Under state law, the System's deposits (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The fair market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the System or the pledging bank by a holding or custodial bank that is mutually acceptable to both parties.

As of June 30, 2015, \$3,656 of the System's bank balance totaling \$361,274,074 was uninsured and uncollateralized and, therefore, exposed to custodial credit risk.

Cash and cash equivalents of the component units totaling \$11,355,800, as shown on the Statement of Financial Position, are reported under FASB ASC §958, which does not require the disclosures of GASB Statement No. 40, *Deposit and Investment Risk Disclosures*.

3. INVESTMENTS

At June 30, 2015, the System has investments totaling \$303,453,721, which includes \$1,727,841 of short-term investments reported on the Statement of Net Position as restricted cash equivalents. Each university within the System follows state law (R.S. 49:327) as applicable to institutions of higher education in establishing investment policy. State law authorizes the System universities to invest funds in direct U.S. Treasury obligations, U.S. government agency obligations, direct security repurchase agreements, reverse direct repurchase agreements, investment grade commercial paper, investment grade corporate notes and bonds, and money market funds. A summary of the System's investments follows:

<u>Type of Investment</u>	<u>Percentage of Investments</u>	<u>Credit Quality Rating</u>	<u>Fair Value</u>
U.S. government securities:			
U.S. Treasury Notes ⁵	0.21%		\$650,693
Federal Home Loan Mortgage Corporation ¹	0.05%	AAA	150,464
Federal National Mortgage Association ¹	0.03%	AA+	99,937
Federal Home Loan Bank ¹	0.12%	AA+	360,814
Federal Farm Credit Bank ¹	0.08%	AA+	240,625
Certificates of deposit	1.31%		3,984,728
Common and preferred stock ⁵	2.32%		7,026,424
Corporate bonds and bond funds ²	0.17%	A1	501,201
Mutual funds ⁴	4.39%		13,328,978
Louisiana Asset Management Pool ¹	0.57%	AAAm	1,727,841
Investments held by foundations ³	72.61%		220,347,066
Held by blended component units ³	18.13%		55,026,711
Other ⁵	0.00%		8,239
	<u>100.0%</u>		<u>\$303,453,721</u>

¹Credit quality ratings obtained from Standard and Poor's.

²Credit quality ratings obtained from Moody's Investor Service.

³Credit quality ratings not required for these investments.

⁴Credit quality ratings not available.

⁵Not rated

Type of Investment	Investment Maturities in Years			
	Fair Value	Less Than 1 Year	1-5 Years	6-10 Years
U.S. government securities:				
U.S. Treasury Notes/U.S. Government Obligations	\$650,693	\$101,071	\$500,165	\$49,457
Federal Home Loan Mortgage Corporation	150,464	150,464		
Federal National Mortgage Association	99,937		99,937	
Federal Home Loan Bank	360,814		303,805	57,009
Federal Farm Credit Bank	240,625		240,625	
Mutual funds	13,317,163	13,317,163		
Corporate bonds	501,201		501,201	
Total	<u>\$15,320,897</u>	<u>\$13,568,698</u>	<u>\$1,645,733</u>	<u>\$106,466</u>

Investments held by private foundations in external investment pools are managed in accordance with the terms outlined in management agreements executed between the System universities and their respective foundations. The System universities are voluntary participants. This investment totaling \$220,347,066 has no credit quality rating. The foundations hold and manage funds received by the university as state matching funds for the Endowed Chairs and Endowed Professorship programs. Of the \$220,347,066 reported as investments held by foundations, the amounts held by its discretely presented component units total \$106,041,503.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits the System's investments to U.S. Treasury obligations, U.S. government agency obligations, direct security repurchase agreements, reverse direct repurchase agreements, investment grade commercial paper, investment grade corporate notes and bonds, and money market funds. Individual System universities do not have policies to further limit credit risk.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the System will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. For U.S. Treasury obligations and U.S. government agency obligations, the System universities' investment policies generally require that issuers must provide the universities with safekeeping receipts, collateral agreements, and custodial agreements.

Concentration of credit risk is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. State law requires that at no time shall the funds invested in U.S. government agency obligations exceed 60% of all monies invested with maturities of 30 days or longer. In addition, state law limits the investment in commercial paper and corporate notes and bonds to 20% of all investments. Individual System universities do not have policies to further limit concentration of credit risk.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State law as applicable to institutions of higher education does not address interest rate risk. In addition, individual System universities do not have policies to limit interest rate risk.

INVESTMENTS - COMPONENT UNITS

The component units' investments totaling \$232,668,677, as shown on the Statement of Financial Position, are reported under FASB ASC §958, which does not require the disclosures of GASB Statement No. 40, *Deposit and Investment Risk Disclosures*. The fair values of investments held by the component units at June 30, 2015, follow:

<u>Type of Investment</u>	University of Louisiana at Lafayette Foundation	University of New Orleans Foundation	Total Investments
Certificates of deposit	\$1,943,213		\$1,943,213
U.S. Treasury and agency bonds	202,435		202,435

Stocks and equities	8,136,546	1,463,077	9,599,623
International stocks		1,529,855	1,529,855
Mutual and exchange traded funds	95,702,250	70,296,552	165,998,802
Hedge funds and alternative investments	48,848,959		48,848,959
Unit investment funds	307,130		307,130
Other		3,288,855	3,288,855
Total	<u>\$156,079,258</u>	<u>\$76,589,419</u>	<u>\$232,668,677</u>

4. RECEIVABLES

Receivables are shown on the Statement of Net Position, net of an allowance for doubtful accounts, at June 30, 2015. These receivables are composed of the following:

<u>Type</u>	Accounts Receivable	Allowance for Doubtful Accounts	Net Accounts Receivable	Restricted Portion
Student tuition and fees	\$44,902,121	(\$12,963,726)	\$31,938,395	\$841,968
Auxiliary enterprises	10,932,634	(1,734,994)	9,197,640	284,138
Contributions and gifts	6,374,044		6,374,044	480,000
Federal, state, and private grants and contracts	26,187,395	(357,928)	25,829,467	
Insurance recoveries	2,825,403		2,825,403	
Other	7,085,143	(343,774)	6,741,369	
Total	<u>\$98,306,740</u>	<u>(\$15,400,422)</u>	<u>\$82,906,318</u>	<u>\$1,606,106</u>

5. CHANGES IN CAPITAL ASSETS

A summary of changes in capital assets for the fiscal year ended June 30, 2015, follows:

University of Louisiana System

	Balance July 1, 2014	Prior Period Adjustment	Restated Balance July 1, 2014	Additions	Transfers	Retirements	Balance June 30, 2015
Capital assets not being depreciated:

The capital asset disclosure for the discretely presented component units has been adjusted to reflect the classifications of the assets as presented in the audited financial statements of the

discretely presented component units. Their financial statements have been prepared in accordance with FASB ASC §958. The disclosure requirements of FASB ASC §958 differ from those required for financial statements prepared in accordance with GASB requirements.

Southeastern Louisiana University is the only university within the System that capitalizes its collections, which include various works of art and historical items, including sculptures, statues, portraits, murals, book collections, war artifacts, and maps.

Although not capitalized, the University of Louisiana at Lafayette maintains the Louisiana Room, the Rare Book Room, the University Archives and Acadiana Manuscripts Collection, the Creole and Cajun Music Collection, the University Records Management Program, the Microforms Room, and the Ernest J. Gaines Center. In addition, the University of Louisiana at Monroe maintains the Thomas Gilhula War Collection, the Friends of the Library of Louisiana Collection of parish histories, the James A. Noe Collection, the Otto E. Pressman Collection, an African Artifacts collection, a geosciences collection, an herbarium collection, and various artifacts in the Natural History Museum.

The System universities generally do not capitalize collections of works of art or historical treasures either because they do not have any or because they meet the following criteria for exclusion from capitalization in accordance with the requirements of GASB Statement No. 34: (1) held for public exhibition, education, or research in furtherance of public service rather than financial gain; (2) protected, kept unencumbered, cared for, or preserved; and (3) subject to an organizational policy that requires the proceeds from sales of the items to be used to acquire other items for the collection.

6. PAYABLES

The following is a summary of payables and accrued expenses at June 30, 2015:

<u>Account Name</u>	
Vendor payables	\$21,993,032
Accrued salaries and payroll deductions	28,985,187
Accrued interest	2,397,342
Other	3,169,302
	<u>3,169,302</u>
Total payables	<u><u>\$56,544,863</u></u>

7. COMPENSATED ABSENCES

At June 30, 2015, employees of the System have accumulated and vested annual, sick, and compensatory leave of \$25,356,539; \$19,955,404; and \$960,956, respectively. These balances were computed in accordance with GASB Codification Section C60. The leave payable is recorded in the accompanying financial statements.

8. PENSION LIABILITY

The System is a participating employer in two statewide, public employee retirement systems, the Louisiana State Employees' Retirement System (LASERS) and the Teachers' Retirement System of Louisiana (TRSL). Both systems have separate boards of trustees and administer cost-sharing, multiple-employer defined benefit pension plans, including classes of employees with different benefits and contribution rates (sub-plans). Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of all sub-plans administered by these systems to the state Legislature. Each system issues a public report that includes financial statements and required supplementary information. Copies of these reports for LASERS and TRSL may be obtained at www.lasersonline.org and www.trsl.org, respectively.

TRSL also administers an optional retirement plan (ORP), which was created by Louisiana Revised Statute (R.S.) 11:921-931 for academic and administrative employees of public institutions of higher education and is considered a defined contribution plan (see note 9 below). A portion of the employer contributions for ORP plan members is dedicated to the unfunded accrued liability of the TRSL defined benefit plan.

General Information About the Pension Plans

Plan Descriptions/Benefits Provided

Louisiana State Employees' Retirement System

LASERS administers a plan to provide retirement, disability, and survivor's benefits to eligible state employees and their beneficiaries as defined in R.S. 11:411-414. The age and years of creditable service (service) required in order for a member to receive retirement benefits are established by R.S. 11:441 and vary depending on the member's hire date, employer, and job classification. Act 992 of the 2010 Regular Session of the Louisiana Legislature closed existing sub-plans for members hired before January 1, 2011, and created new sub-plans for regular members, hazardous duty members, and judges.

The substantial majority of members may retire with full benefits at any age upon completing 30 years of service and at age 60 upon completing 5-10 years of service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially-reduced benefit. Eligibility for retirement benefits and the computation of retirement benefits are provided for in R.S. 11:444. The basic annual retirement benefit for members is equal to a percentage (between 2.5% and 3.5%) of average compensation multiplied by the number of years of service, generally not to exceed 100% of average compensation. Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006, or highest 60 consecutive months of employment for members employed after that date. A member leaving service before attaining minimum retirement but after completing certain minimum service requirements, generally 10 years, becomes eligible for a benefit provided the member lives to the minimum service retirement age and does not withdraw the accumulated contributions.

Eligibility requirements and benefit computations for disability benefits are provided for in R.S. 11:461. All members with 10 or more years of service or members aged 60 or older regardless of date of hire who become disabled may receive a maximum disability benefit equivalent to the regular retirement formula without reduction by reason of age.

Provisions for survivor's benefits are provided for in R.S. 11:471-478. Under these statutes, the deceased member who was in state service at the time of death must have a minimum of five years of service, at least two which were earned immediately prior to death, or who had a minimum of 20 years of service regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until 18 or age 23 if the child remains a full-time student. The minimum service requirement is 10 years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

LASERS has established a Deferred Retirement Option Plan (DROP). When members enter DROP, their status changes from active member to retiree even though they continue to work and draw their salaries for a period up to three years. The election is irrevocable once participation begins. During participation, benefits otherwise payable are fixed and deposited in an individual DROP account. Upon leaving DROP, members must choose among available alternatives for the distribution of benefits that have accumulated in their DROP accounts.

Teacher's Retirement System of Louisiana

TRSL administers a plan to provide retirement, disability, and survivor benefits to employees who meet the legal definition of a "teacher" as provided for in R.S. 11:701. Eligibility for retirement benefits and the calculation of retirement benefits are provided for in R.S. 11:761. Statutory changes closed sub-plans for members hired on or after January 1, 2011.

Members are eligible to receive retirement benefits 1) at the age of 60 with 5 years of service, 2) at the age of 55 with at least 25 years of service, or 3) at any age with at least 30 years of service. Retirement benefits are calculated by applying a percentage ranging from 2% to 3% of final average salary multiplied by years of service. Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2011, or highest 60 consecutive months of employment for members employed after that date.

Under R.S. 11:778 and 11:779, members who have suffered a qualified disability are eligible for disability benefits if employed prior to January 1, 2011, and attained at least 5 years of service or if employed on or after January 1, 2011, and attained at least 10 years of service. Members employed prior to January 1, 2011, receive disability benefits equal to 2.5% of average compensation multiplied by the years of service, but not more than 50% of average compensation subject to statutory minimums. Members employed on or after January 1, 2011, receive disability benefits equivalent to the regular retirement formula without reduction by reason of age.

Survivor benefits are provided for in R.S. 11:762. In order for survivor benefits to be paid, the deceased member must have been in state service at the time of death and must have a minimum of five years of service, at least two of which were earned immediately prior to death, or must have had a minimum of 20 years of service regardless of when earned in order for a benefit to be paid to a minor or handicapped child.

Survivor benefits are equal to 50% of the benefit to which the member would have been entitled if retired on the date of death using a factor of 2.5% regardless of years of service or age, or \$600 per month, whichever is greater. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The minimum service credit requirement is 10 years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or a qualified handicapped child.

TRSL has established a DROP plan. When members enter DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period up to three years. The election is irrevocable once participation begins. During participation, benefits otherwise payable are fixed and deposited in an individual DROP account. Upon leaving DROP, members must choose among available alternatives for the distribution of benefits that have accumulated in their DROP accounts.

Cost of Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, LASERS and TRSL allow for the payment of cost of living adjustments, or COLAs, that are funded through investment earnings when recommended by the board of trustees and approved by the Louisiana Legislature. These ad hoc COLAs are not considered to be substantively automatic.

Contributions

Article X, Section 29(E) (2) (a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee. For those members participating in the TRSL defined contribution ORP, a portion of the employer contributions is used to fund the TRSL defined benefit plans' unfunded accrual liability.

Employer contributions to LASERS for fiscal year 2015 were \$29,253,345, with active member contributions ranging from 7.5% to 8%, and System (employer) contributions of 37%. Employer defined benefit plan contributions to TRSL for fiscal year 2015 were \$88,336,007, with active member contributions of 8%, and employer contributions of 22.7% and 26.4% to 28% for ORP and defined benefit plan employees, respectively. Non-employer contributing entity contributions to TRSL, which are comprised of ad valorem tax revenues, totaled \$2,668,390 for fiscal year 2015, and were recognized as revenue by the System.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2015, the System reported liabilities of \$269,536,389 and \$759,154,018 under LASERS and TRSL, respectively, for its proportionate share of the net pension liability (NPL). The NPL for LASERS and TRSL was measured as of June 30, 2014, and the total pension liability used to calculate the NPL was determined based on an actuarial valuation as of that date. The System's proportion of the NPL was based on projections of the System's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

As of June 30, 2014, the most recent measurement date, the System's proportion and the change in proportion from the prior measurement date were 4.31059% and an increase of 0.04266%, respectively, for LASERS and 7.24707% and an increase of 0.16442%, respectively, for TRSL.

For the year ended June 30, 2015, the System recognized pension expense of \$21,715,498 for LASERS and \$69,943,802 for TRSL for a total of \$91,659,300. The System reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	LASERS		TRSL		Totals	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience		\$4,802,808		\$7,188,935		\$11,991,743
Net difference between projected and actual earnings on pension plan investments		34,098,932		104,138,020		138,236,952
Changes in proportion and differences between employer contributions and proportionate share of contributions	\$2,071,699	531,005	\$20,402,551		\$22,474,250	531,005
Employer contributions subsequent to the measurement date	29,253,345		88,336,007		117,589,352	
Total	<u>\$31,325,044</u>	<u>\$39,432,745</u>	<u>\$108,738,558</u>	<u>\$111,326,955</u>	<u>\$140,063,602</u>	<u>\$150,759,700</u>

Deferred outflows of resources related to pensions resulting from the System's contributions subsequent to the measurement date will be recognized as a reduction of the LASERS and TRSL NPL in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	<u>LASERS</u>	<u>TRSL</u>	<u>Total</u>
<u>Fiscal year ended June 30,</u>			
2016	(\$10,155,790)	(\$22,731,100)	(\$32,886,890)
2017	(10,155,790)	(22,731,100)	(32,886,890)
2018	(8,524,733)	(22,731,100)	(31,255,833)
2019	(8,524,733)	(22,731,100)	(31,255,833)

Actuarial Assumptions

The total pension liability for LASERS and TRSL in the June 30, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurements:

	LASERS	TRSL
Valuation Date	June 30, 2014	June 30, 2014
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Expected Remaining Service Lives	3 years	5 years
Investment Rate of Return	7.75% per annum	7.75% per annum
Inflation Rate	3% per annum	2.5% per annum
Mortality - Non-disabled	RP-2000, improvement to 2015	RP-2000, scale AA to 2025
Mortality - Disabled	RP-2000	RP-2000, scale AA to 2025
Termination, Disability, Retirement	2009-2013 experience study	2008-2012 experience study
Salary Increases	2009-2013 experience study, ranging from 3.0% to 14.5%	3.5% to 10.0%
Cost of Living Adjustments	Not substantively automatic	Not substantively automatic

For LASERS and TRSL, the long-term expected rate of return was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification. The target allocation and best estimates of arithmetic/geometric real rates of return for each major asset class are summarized in the following table:

	LASERS (Geometric)		TRSL (Arithmetic)	
	Target Allocation	Long-term Expected Real Rate of Return	Target Allocation	Long-term Expected Real Rate of Return
Cash	0.00%	0.50%		
Domestic equity	27.00%	4.69%	31.00%	4.71%
International equity	30.00%	5.83%	19.00%	5.69%
Domestic fixed income	11.00%	2.34%	14.00%	2.04%
International fixed income	2.00%	4.00%	7.00%	2.80%
Alternative investments	23.00%	8.09%	29.00%	5.94%
Global tactical asset allocation	7.00%	3.42%		
Total	100.00%		100.00%	

Discount Rate

The discount rate used to measure the total pension liability was 7.75% for both LASERS and TRSL. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions from participating employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the NPL to Changes in the Discount Rate

The following presents the System's proportionate share of the NPL for LASERS and TRSL using the current discount rate as well as what the System's proportionate share of the NPL would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

	1.0% Decrease	Current Discount Rate	1.0% Increase
LASERS	\$345,702,263	\$269,536,389	\$204,974,966
TRSL	\$966,893,400	\$759,154,018	\$582,357,491

Pension Plan Fiduciary Net Position

Detailed information about LASERS and TRSL fiduciary net position is available in the separately issued financial reports referenced above.

Payables to the Pension Plan

At June 30, 2015, the System had \$2,570,000 and \$8,212,062 payable to LASERS and TRSL for the June 2015 employee and employer legally-required contributions, respectively.

9. OPTIONAL RETIREMENT SYSTEM

TRSL administers an optional retirement plan (ORP), which was created by R.S. 11:921-931 for academic and administrative employees of public institutions of higher education. This program was designed to aid universities in recruiting employees who may not be expected to remain in the TRSL for five or more years. The purpose of the optional retirement plan is to provide retirement and death benefits to the participants while affording the maximum portability of these benefits to the participants.

The optional retirement plan is a defined contribution plan that provides for full and immediate vesting of all contributions remitted to the participating companies on behalf of the participants. Eligible employees make an irrevocable election to participate in the optional retirement plan rather than the TRSL and purchase retirement and death benefits through contracts provided by designated companies. Benefits payable to participants are not the obligation of the state of Louisiana or the TRSL. Such benefits and other rights of the ORP are the liability and responsibility solely of the designated company or companies to whom contributions have been made.

R.S. 11:927 sets the contribution requirements of the ORP plan members and the employer equal to the contribution rates established for the regular retirement plan of TRSL. However, effective July 1, 2014, the employer contribution rate for amounts credited to the ORP participants who are not employed in higher education must be the greater of: (1) the employer normal cost contribution for the TRSL Regular Plan; or (2) 6.2%.

Employer ORP contributions to TRSL for fiscal year 2015 totaled \$51,902,014, which represents pension expense for the System. Employee contributions totaled \$14,839,598. The active member and employer contribution rates were 8% and 5.2%, respectively, with an additional employer contribution of 22.7% made to the TRSL defined benefit plan described in note 8 above.

10. POSTEMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

The System provides certain continuing health care and life insurance benefits for its retired employees. Substantially, all System employees become eligible for these benefits if they reach normal retirement age while working for the System.

The System offers its employees the opportunity to participate in one of two medical coverage plans. One plan is from the state's Office of Group Benefits (OGB), which offers a life insurance plan, and the other plan is with the Louisiana State University (LSU) System Health Plan (Health Plan). The Health Plan is offered only to a limited number of employees at the

University of New Orleans (UNO) who were participating in LSU First at the time UNO was transferred from the LSU System to the University of Louisiana System. GASB Statement No. 45 promulgates the accounting and financial reporting requirement by employers that offer other postemployment benefits (OPEB) besides pensions. Both of the medical coverage plans and the life insurance plan available are subject to the provisions of this statement. Information about these two plans is presented below.

Plan Descriptions

State OGB Plan

Employees of the System voluntarily participate in the state of Louisiana's health insurance plan. OGB provides medical and life insurance benefits to eligible retirees and their beneficiaries. Participants are eligible for retiree benefits if they meet the retirement eligibility as defined in the applicable retirement system, and they must be covered by the active medical plan immediately prior to retirement. The postemployment benefits plan is a cost-sharing, multiple-employer defined benefit plan but is classified as an agent multiple-employer plan for financial reporting purposes since the plan is not administered as a formal trust. R.S. 42:801-883 provide the authority to establish and amend benefit provisions of the plan. OGB does not issue a publicly-available financial report; however, the entity is included in the Louisiana Comprehensive Annual Financial Report (CAFR). You may obtain a copy of the CAFR on the Office of Statewide Reporting and Accounting Policy's website at www.doa.la.gov/osrap.

LSU System Health Plan (Health Plan)

The System offers eligible UNO retirees and their beneficiaries the opportunity to participate in comprehensive health and preventive care coverage under the Health Plan that gives members a unique, consumer-driven health care approach to pay routine health expenses and provides coverage for major healthcare expenses. Within the Health Plan, members have a choice of selecting between two options. The Health Plan is defined as a single-employer defined benefit health care plan that is not administered as a trust or equivalent arrangement.

The LSU System selects claim and pharmaceutical administrators to administer the program through a formal request for proposal process.

The Health Plan does not issue a publicly available financial report, but it is included in the LSU System's audited financial statements.

Funding Policy

State OGB Plan

The contribution requirements of plan members and the System are established and may be amended by R.S. 42:801-883. Employees do not contribute to their postemployment benefit costs until they become retirees and begin receiving those benefits. The retirees contribute to the cost of retiree health care based on a service schedule. Contribution amounts vary depending on

what health care provider is selected from the plan and if the member has Medicare coverage. OGB offers several standard healthcare plans for both active and retired employees. In addition, retired employees who have Medicare Part A and Part B coverage also have access to several OGB Medicare Advantage plans.

The plan is financed on a pay-as-you-go basis. As of June 30, 2015, the state does not use an OPEB trust. A trust was established with an effective date of July 1, 2008, but was not funded, has no assets, and hence has a funded ratio of zero.

Employees who were active plan participants before January 1, 2002, and continue medical participation until retirement, pay approximately 25% of the cost of coverage (except single retirees under age 65 pay approximately 25% of the active employee cost).

Employees who begin participation on or after January 1, 2002, pay a percentage of the total contribution rate upon retirement based on the following schedule:

<u>Service</u>	<u>Employer Contribution Percentage</u>	<u>Employee Contribution Percentage</u>
Under 10 years	19%	81%
10 - 14 years	38%	62%
15 - 19 years	56%	44%
20+ years	75%	25%

All members who retire on or after July 1, 1997, must have Medicare Parts A and B to qualify for reduced premium rates.

In addition to healthcare benefits, retirees may elect to receive life insurance benefits. Basic and supplemental life insurance is available for the individual retiree and spouses of retirees, subject to maximum values. The total monthly premium is approximately \$1 per thousand dollars of coverage, of which the employer pays 50% of the individual retiree's premium. Maximum coverage is capped at \$50,000 with a reduction formula of 25% at age 65 and 50% at age 70, with accidental death and disability coverage ceasing at age 70 for retirees.

LSU System Health Plan

Plan rates are actuarially determined and approved by the LSU First Benefits Oversight Committee. Plan rates are in effect for one year, and members have the opportunity to switch health plans during the annual enrollment period, which usually occurs in October.

The plan is financed on a pay-as-you-go basis. The pay-as-you-go expense is the net expected cost of providing retiree benefits. This expense includes all expected claims and related expenses and is offset by retiree contributions.

Annual OPEB Cost and Net OPEB Obligation - The System's annual required contribution (ARC) is an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, would cover normal cost each year and amortize any unfunded actuarial accrued liabilities (UAAL) over a period of 30 years. A 30-year, open amortization period has been used. The total ARC for fiscal year 2015 is \$69,343,718.

The following schedule presents the System's OPEB obligation for fiscal year 2015:

	State OGB Plan	LSU System Health Plan	Total
Beginning net OPEB obligations at July 1, 2014 (restated)	\$461,790,594	\$12,205,020	\$473,995,614
ARC adjustment	68,558,800	784,918	69,343,718
Interest on net OPEB obligation	18,471,500	493,611	18,965,111
ARC adjustment	(17,645,700)	(471,552)	(18,117,252)
OPEB cost	69,384,600	806,977	70,191,577
Contributions made - current-year retiree premiums	(25,949,456)	(671,743)	(26,621,199)
Increase in net OPEB obligation	43,435,144	135,234	43,570,378
Ending net OPEB obligation at June 30, 2015	\$505,225,738	\$12,340,254	\$517,565,992

The System's annual OPEB cost contributed to the plan using the pay-as-you-go method and the net OPEB obligation for the fiscal year ended June 30, 2015, and the preceding two fiscal years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation*
June 30, 2013	\$64,950,989	40.8%	\$434,743,186
June 30, 2014	\$65,268,089	39.7%	\$473,995,614
June 30, 2015	\$70,191,577	37.9%	\$517,565,992

*Net OPEB obligation at June 30, 2014, was restated.

Funded Status and Funding Progress - The funded status of the plan, as determined by an actuary as of July 1, 2014, was as follows:

	<u>State OGB Plan</u>	<u>LSU System Health Plan</u>	<u>Total</u>
Actuarial accrued liability (AAL)	\$912,892,200	\$19,750,866	\$932,643,066
Actuarial value of plan assets	NONE	NONE	NONE
UAAL	<u>\$912,892,200</u>	<u>\$19,750,866</u>	<u>\$932,643,066</u>
Funded ratio (actuarial value of plan assets/AAL)	0%	0%	0%
Covered payroll	\$323,840,500	\$0	\$323,840,500
UAAL as percentage of covered payroll	282%	0%	288%

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the Notes to the Financial Statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the AAL for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in the AAL consistent with the long-term perspective of the calculations.

The RP 2014 Mortality Table was used in making actuarial assumptions. Retirement rate assumptions differ by employment group and date of plan participation. The state's UAAL is being amortized as a level percentage of projected payroll over an open amortization period of 30 years. Annual per capita medical claims costs were updated to reflect an additional year of actual experience.

A summary of the actuarial assumptions is presented as follows:

	<u>State OGB Plan</u>	<u>LSU System Health Plan</u>
Actuarial valuation date	July 1, 2014	July 1, 2014
Actuarial cost method	Projected Unit Credit	Projected Unit Credit
Amortization method	Level % of payroll	Level % of payroll
Amortization period	30 years, open	30 years, open
Asset valuation method	None	None
Actuarial assumptions:		
Discount rate	4%	4.25%
Projected salary increases	3%	4%
Health care inflation rate	4.5%-8%	8.5%
Health care inflation rate - ultimate	4.5%	4.5%

11. LEASE OBLIGATIONS

Operating Leases

For the year ended June 30, 2015, the total rental expense for all operating leases is \$1,207,113. The following is a schedule, by years, of future minimum annual rental payments required under operating leases:

<u>Fiscal Year Ending June 30,</u>	<u>Office Space</u>	<u>Equipment</u>	<u>Land</u>	<u>Other</u>	<u>Total Minimum Payments Required</u>
2016	\$809,005	\$157,316	\$102,408	\$90,286	\$1,159,015
2017	558,528	61,531	103,874	94,620	818,553
2018	449,107	51,530	79,995	99,171	679,803
2019	415,201	23,779	5,027	75,562	519,569
2020	415,209	23,779	5,032		444,020
2021-2025	2,076,005	69,982	25,237		2,171,224
2026-2030	1,221,005	47,315	25,363		1,293,683
2031-2035	1,176,005	47,315	25,490		1,248,810
2036-2040	1,176,005	47,315	25,617		1,248,937
2041-2045	1,176,005	47,315	25,745		1,249,065
Thereafter	48		78,451		78,499
Total	<u>\$9,472,123</u>	<u>\$577,177</u>	<u>\$502,239</u>	<u>\$359,639</u>	<u>\$10,911,178</u>

Capital Leases

The System records items under capital leases as assets and obligations in the accompanying financial statements. The System's capital leases at June 30, 2015, consist of various leases as follows:

<u>Nature of Lease</u>	<u>Buildings</u>	<u>Equipment</u>	<u>Total</u>
Gross amount of leased assets (historical cost)	\$5,523,464	\$14,508,129	\$20,031,593
Remaining interest to end of lease	280,540	472,227	752,767
Remaining principal to end of lease	3,580,000	3,939,168	7,519,168

The System's component unit foundations have no capital leases at June 30, 2015.

The following is a schedule of future minimum lease payments under these capital leases, together with the present value of minimum lease payments at June 30, 2015:

<u>Fiscal Year Ending June 30,</u>	<u>System</u>
2016	\$1,859,254
2017	1,832,747
2018	1,792,773
2019	1,139,217
2020	549,237
2021-2025	1,098,707
Total minimum lease payments	8,271,935
Less - amount representing executory costs	NONE
Net minimum lease payments	8,271,935
Less - amount representing interest	752,767
Present value of net minimum lease payments	<u><u>\$7,519,168</u></u>

Lessor - Operating Leases

The System's leasing operations consist primarily of leasing property for providing food services to students; bookstore operations; and office space for postal services, banking services, and vending operations.

The following schedule provides an analysis of the System's investment in property on operating leases and property held for lease by major classes as of June 30, 2015:

	Cost	Accumulated Depreciation	Carrying Amount
Office space	\$52,284,892	(\$16,291,072)	\$35,993,820
Buildings	59,510,657	(17,798,210)	41,712,447
Equipment	231,580	(86,030)	145,550
Land	10,661,193		10,661,193
Other	161,821	(131,120)	30,701
Total	<u>\$122,850,143</u>	<u>(\$34,306,432)</u>	<u>\$88,543,711</u>

The following is a schedule by years of minimum future rentals on noncancelable operating leases as of June 30, 2015:

<u>Fiscal Year Ending June 30,</u>	<u>Office Space</u>	<u>Buildings</u>	<u>Land</u>	<u>Other</u>	<u>Total</u>
2016	\$6,826,719	\$450,000	\$114,231	\$2,292,567	\$9,683,517
2017	6,299,600	250,000	106,223	2,299,161	8,954,984
2018	5,880,149	250,000	106,221	2,290,570	8,526,940
2019	5,089,916	250,000	106,221	2,003,550	7,449,687
2020	4,186,135	250,000	103,013	1,737,102	6,276,250
2021-2025	16,833,971	500,000	350,938	7,184,834	24,869,743
2026-2030	4,543,113		105,605	500,000	5,148,718
2031-2035			17,605	500,000	517,605
2036-2040			8,614	500,000	508,614
2041-2045			7,605	500,000	507,605
Thereafter			59,679	237,500	297,179
Total minimum future rentals	<u>\$49,659,603</u>	<u>\$1,950,000</u>	<u>\$1,085,955</u>	<u>\$20,045,284</u>	<u>\$72,740,842</u>

Minimum future rentals do not include contingent rentals that may be received as stipulated in the lease contracts. These contingent rental payments occur as a result of sales volume or customer usage of services provided. Contingent rentals received from operating leases of office space and buildings for the year ended June 30, 2015, were \$5,001,097 and \$477,655, respectively.

12. LONG-TERM LIABILITIES

The following is a summary of bond and other long-term debt transactions of the System for the year ended June 30, 2015:

University of Louisiana System

	Balance June 30, 2014	Adjustments	Balance June 30, 2014 Restated	Additions	Reductions	Balance June 30, 2015	Amounts Due Within One Year

The University of Louisiana at Lafayette has a bond liability totaling \$10,295,000 at June 30, 2015 in its long-term liabilities for Lease Revenue Refunding Bonds, Series 2006-Cajundome Convention Center Project (Convention Center Bonds) based on a lease agreement between the Cajundome Commission and the Cajundome (note 15). At October 31, 2014, the Cajundome reported a debt service reserve requirement of \$485,525 and deposits totaling \$497,508 for the Convention Center Bonds. The reserves are held at BNY Mellon, Baton Rouge, Louisiana, the trustee bank. The debt reserve is not included in the System's financial statements because the reserves are held by the Cajundome Commission, which is not a component unit of the System.

As permitted by the bond resolution for the Ragin' Cajun Facilities, Inc. Project-Series 2012 Refunding Bonds, the Ragin' Cajun Facilities, Inc., obtained a surety bond issued by an insurance company as a substitute for the reserve requirement for the bonds. The surety bond meets the definition as a reserve fund investment and guarantees payment of an amount not to exceed \$1,171,344 to fund the reserve requirements.

As permitted by the bond resolution for the University of New Orleans Research and Technology Foundation, Inc.'s (Foundation) Louisiana Public Facilities Authority Revenue Refunding Bonds Series 2014, the Foundation obtained a surety bond issued by an insurance company as a substitute for the reserve requirement for the bonds. The surety bond meets the definition as a reserve fund investment, and substitutes for the reserve fund requirement in the amount of \$3,037,050.

2016	<u>\$432,888</u>	<u>\$18,450</u>	<u>\$451,338</u>

13. REFUNDING OF BONDS

University of New Orleans

In February 2015, the University of New Orleans issued \$2,990,000 of nontaxable revenue refunding bonds. The purpose of the issue was to refund fiscal years 2029, 2030, and 2031 principal payments for the Housing Revenue Bonds, originally issued to finance the acquisition and construction of the Wellness Center Project, Series 1998. Principal of the bonds on the refunding date totaled \$2,825,000. The refunding resulted in an economic gain totaling \$549,782.

In May 2015, the University of New Orleans issued \$3,580,000 of nontaxable revenue refunding bonds. The purpose of the issue was to refund the Series 2004B revenue bonds, which refunded the Series 1996 and 1997A revenue bonds to purchase the Jefferson Center and for auxiliaries, respectively. The Jefferson Center was sold in May 2015 and proceeds from the sale paid off the

remaining debt associated with the Jefferson Center. Principal of the bonds on the refunding date totaled \$5,690,000. The refunding resulted in an economic gain totaling \$209,759.

Facility Corporations

During the fiscal year ended June 30, 2015, ULM Facilities, Inc., at the University of Louisiana at Monroe and the University of New Orleans Research and Technology Foundation entered into transactions to refund certain bonds as described below. These corporations are reported under FASB accounting standards, the requirements of which differ from the requirements of GASB for disclosures related to advance refunding of bonds.

University of Louisiana at Monroe

On July 9, 2014, the Louisiana Local Government Environmental Facilities and Community Development Authority (the Issuer), University of Louisiana Monroe Facilities, Inc. (the Corporation), issued \$1,645,000 of Refunding Bonds, Series 2014. The purpose of the issue was to refund the Clarke Williams Student Center Renovation Project, Series 2007 bonds and to pay the issuance cost of the bonds. The proceeds of the bonds have been loaned to the Corporation pursuant to a Loan and Assignment Agreement dated as of July 9, 2014, between the Issuer and the Corporation for the foregoing purposes.

The refunding resulted in reducing the interest rate and shortening the amortization period of the existing bonds. The refunding resulted in a net present value savings of \$159,708.

University of New Orleans

In August 2014, The University of New Orleans Research and Technology Foundation issued \$36,000,000 Louisiana Public Facilities Authority (LPFA) Revenue Refunding Bonds, Series 2014. The bonds were issued for the purpose of refunding the LPFA Revenue Bonds, Series 2006, originally issued for financing, planning, designing, constructing, furnishing, and equipping residence facilities for use by the University of New Orleans. The refunding resulted in an overall savings of \$5,456,855.

14. INTEREST RATE SWAP AGREEMENTS

The NSU Facilities Corporation is reported under FASB accounting standards, the requirements of which differ from the requirements of GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments* and GASB Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions - an amendment of GASB Statement No. 53*.

NSU Facilities Corporation

The Louisiana Local Government Environmental Facilities and Community Development Authority (Authority) issued its \$32,380,000 Revenue Bonds (Nicholls State University Student Housing/NSU Facilities Corporation Project) Series 2007B Bonds (Bonds), the proceeds of

which were loaned to the NSU Facilities Corporation (Corporation). The Bonds were issued as variable rate securities and bear interest at the variable rate in effect from time to time. On December 16, 2010, the Bonds were converted to a different variable-rate mode, from auction rate to a variable-rate demand bond secured by the existing Assured Guaranty bond insurance with liquidity provided by a Regions Bank stand-by bond purchase agreement confirmed by a Federal Home Loan Bank-Atlanta letter of credit. The necessity of this conversion was due to the disruption in the auction rate market place.

Objective of the interest rate swap: In order to hedge interest rate exposure on the Bonds at the request of the Corporation, the Authority entered into an interest rate swap (the “Swap”) with Morgan Keegan Financial Products, Inc. (the “Provider”). The Swap was originally effective as of August 15, 2007, and was subsequently amended on June 20, 2008, as more fully described in the Master Agreement, Schedule to the Master Agreement, Replacement Transaction Agreement and Confirmation dated August 15, 2007, and the Amended Confirmation dated June 20, 2008, (the “Swap Documents”). The Corporation is liable to the Authority to make Swap payments and Bond debt service payments pursuant to the terms of the transaction documents. Any amounts owed by the Authority to the Provider of the Swap are obligations of the Corporation.

Terms: Under the terms of the Swap since July 1, 2010, the Authority pays a fixed rate of 4.122%, and the Provider pays a rate equal to 70% of the London Interbank Offered Rate (LIBOR) beginning July 1, 2010, through June 1, 2039, as more fully described in the Swap Documents.

Fair Value: The fair value of the Swap agreement as of June 30, 2015, which is not reported in the financial statements, was \$10,364,000 in favor of the Provider. The fair value was provided by Sisung Securities Corporation.

Credit Risk: Credit risk is the risk that the counterparty will not fulfill its obligations. At June 30, 2015, the Authority is not exposed to credit risk because the Swap has a negative fair value. However, should interest rates change and the fair value of the Swap becomes positive, the Authority would be exposed to credit risk in the amount of the Swap’s fair value.

Basis Risk: Basis risk is the risk that arises when variable rates on a swap and the associated debt are based on different indexes. The interest rates for the Swap are based on LIBOR, and the interest rates for the bonds are based on the Securities Industry and Financial Markets Association Swap Index (SIFMA); therefore, the Authority is subject to basis risk.

Termination Risk: The Authority or the counterparty may terminate the Swap if the other party fails to perform under the terms of the contract. The swap agreement may be terminated if either party fails to make payment, when due, under the swap agreement; breaches the agreement; made or repeated or deemed to have made or repeated a misrepresentation; bankrupts; or merges without assumption or commits an illegality. If the Swap is terminated, the variable-rate bond would no longer carry a synthetic interest rate. Also, if at the time of termination the Swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the Swap’s fair value.

Rollover Risk: Rollover risk is the risk that the Swap does not extend to the maturity of the associated debt. The Authority is not exposed to rollover risk, because the Swap terminates in conjunction with the maturity of the associated bond. The Swap terminates on June 1, 2039, and the bonds mature on June 1, 2039.

Interest Rate Risk: Interest rate risk is the risk that the interest rate will change over some interval while the bonds are outstanding. The Authority has entered into this fixed-rate swap agreement to mitigate interest rate risk associated with the underlying variable rate bonds.

15. REVENUE USED AS SECURITY FOR REVENUE BONDS

Pledged revenues are specific revenues that have been formally committed to directly collateralize or secure debt of the pledging government, or directly or indirectly collateralize or secure debt of a component unit. Pledged revenues must be disclosed for each period in which the secured debt remains outstanding and for each secured debt issued.

Louisiana Tech University

Refunding Revenue Bonds Series 2009

Revenue pledged for this bond includes all auxiliary fund revenues. The original issue of the bonds was \$3,975,000, and the bonds were issued for the installation of a turbine generation system. The debt secured by the pledge is \$2,900,000. The approximate remaining amount of the pledge is \$3,142,412. The term of commitment is October 24, 2012, through April 1, 2022. For the year ended June 30, 2015, the requirements for principal and interest were \$380,000 and \$67,240, respectively. The amount of pledged revenues recognized for fiscal year 2015 was \$6,783,159.

McNeese State University

McNeese State University Field House Revenue Bonds Series 2009

The pledged revenues for the Board of Supervisors for the University of Louisiana System Revenue Bonds (McNeese State University Field House Project) Revenue Bonds Series 2009 include (1) a university student self-assessed fee in the amount of \$10 per semester obligated and dedicated to the Field House Project and the maintenance and operations; (2) the entirety of the university's portion of the monies in the Calcasieu Parish Higher Education Improvement Fund from the 1% hotel motel occupancy tax; (3) revenues received by the university's athletic department budget from a \$2 increase in ticket sales that began with the 2008 football season, the total dedication not to exceed \$100,000 annually from the university's budget; and (4) all funds and accounts held pursuant to the Bond Resolution, except any fund created to hold monies pending rebate to the United States for payment of costs of issuance of bonds. Pledged revenues shall not include funds appropriated to the board or the university by the legislature of the state from time to time. The bonds were originally issued for \$6,000,000. As of June 30, 2015, the

principal and interest outstanding totaled \$4,900,000 and \$1,582,415, respectively. The revenues are pledged for the period July 2009 through June 2030.

The debt secured by the revenues pledged was for renovation and expansion of the university's athletic field house, including adding a second floor to the facility, funding a debt service reserve fund, funding a maintenance reserve fund and paying the costs of issuance of the bonds.

For the year ending June 30, 2015, the requirements for principal and interest were \$240,000 and \$197,286, respectively. Pledged revenues recognized for the period were \$1,067,825.

Northwestern State University

Wellness, Recreation, and Activity Center Bonds, Series 2011

Specific pledged revenue is student self-assessed fees approved for the project by the students of Northwestern State University in the amount of \$75 per semester. The debt secured by the pledged revenue was \$4,500,000, the original bond issue. The approximate remaining amount of the pledge is \$4,006,520 at June 30, 2015, representing \$3,340,000 in principal and \$666,250 in interest. The term of commitment was 25 years beginning in October 1999 and ending in April 2024. The general purpose for the debt secured by the pledge was the planning, acquisition, construction, and equipping of the university's Student Wellness, Recreation, and Activity Center. The dedicated revenues are pledged 100% annually up to the current amount due for principal and interest. For the year ended June 30, 2015, the requirements for principal and interest were \$310,000 and \$138,700, respectively. The amount of pledged revenues recognized for fiscal year 2015 was \$1,333,093.

Southeastern Louisiana University

Board of Supervisors for the University of Louisiana System Revenue Refunding Bonds (Southeastern Louisiana University Student Recreation and Activity Center Project) Series 2011

Revenue pledged for this bond includes all revenue related to the Student Recreation and Activity Center, including student fees, membership fees, and other miscellaneous revenue related to the Recreation Center. The bond was originally issued for \$3,650,000. As of June 30, 2015, principal and interest outstanding was \$2,165,000 and \$209,750, respectively. The revenue was pledged for the purpose of this bond through June 2020.

The debt secured by the revenue pledged was for the purpose of providing funds to refund the \$4,100,000 outstanding Board of Trustees for State Colleges and Universities, State of Louisiana Revenue Bonds (Southeastern Louisiana University Student Recreation and Activity Center Project), Series 1998; to fund a debt service reserve fund, if necessary; and to pay the costs of issuance of the bonds. Pledged revenue related to this bond includes all revenue derived by the university from the levy and collection of the pledged student fee; any other student fees levied and collected to pay for the Recreation Center pledged to the payment of bonds from time to time; and membership fees imposed by the university from time to time on Recreation Center

users other than Southeastern Louisiana University students. The pledged student fee is equal to \$25 per student per regular semester and \$12.50 per student per summer semester.

For the year ending June 30, 2015, principal and interest requirements were \$395,000 and \$79,081, respectively. Pledged revenues recognized for the period were \$1,311,038.

University of Louisiana at Lafayette

Lease Revenue Refunding Bonds, Series 2006 - Cajundome Convention Center Project

The Convention Center adjacent to the Cajundome is owned by the Board of Supervisors for the University of Louisiana System and the University of Louisiana at Lafayette. The Convention Center is leased to and operated by the Cajundome Commission. In consideration for use and possession of the Convention Center and the issuance of bonds by the Board, the Commission has entered into a lease agreement dated June 10, 1997, with the Board. Under the terms of the agreement, the Commission pays rentals for the facility in the amount of debt service of the bonds issued by the Board, including any penalties or premiums, and any and all expenses related to the trustee for the bonds. Rental payments are payable only from pledged revenues, which consist of a hotel/motel tax, which is subject to annual appropriation by the legislature, and excess revenues after deduction of operating expenditures of the Convention Center for each fiscal year of operation. Rental payments under the lease agreement during the fiscal year ended 2015 totaled \$931,002, which consisted of the bond principal and interest payments.

University of New Orleans

Revenue Bond Series 2012, Recreation and Wellness Center

Revenue pledged for these bonds includes per semester student charges and other fees imposed on users of the fitness center. The original issue of the bonds was \$9,700,000, and the bonds were issued for refunding of Series 1998 bonds and the construction of the student fitness center. The debt secured by the pledge is \$9,700,000. The approximate remaining amount of the pledge is \$10,212,132. The term of commitment is August 2012 through October 2027. For the year ended June 30, 2015, the requirements for principal and interest were \$530,000 and \$261,027, respectively. The amount of pledged revenues recognized for the fiscal year 2015 was \$1,406,942. These revenues are also pledged for the Series 2015 Recreation and Wellness Center bonds.

Revenue Bond Series 2015, Recreation and Wellness Center

Revenue pledged for these bonds includes per semester student charges and other fees imposed on users of the fitness center. The original issue of the bonds was \$2,990,000, and the bonds were issued to refund the Series 1998 bonds, originally issued for the construction of the student fitness center. The debt secured by the pledge is \$2,990,000. The remaining amount of the pledge is \$4,459,545. The term of commitment is February 2015 through October 2030. For the year ended June 30, 2015, the requirements for principal and interest were \$0 and \$9,799, respectively. The amount of pledged revenues recognized for the fiscal year 2015 was

\$1,406,942. These revenues are also pledged for the Series 2012 Recreation and Wellness Center bonds.

Revenue Bonds Series 2015, Auxiliaries

Revenue pledged for these bonds includes student housing, food and vending services, the student union, and other miscellaneous auxiliaries. The original issue of the bonds was \$3,580,000, and the bonds were issued for refunding of the auxiliary portion of the Series 2004B bonds. The debt secured by the pledge is \$3,580,000. The remaining amount of the pledge is \$4,224,396. The term of commitment is May 2015 through May 2026. For the year ended June 30, 2015, there were no requirements for principal and interest payments. The amount of pledged revenues recognized for the fiscal year 2015 was \$9,710,184.

16. RESTATEMENT OF BEGINNING NET POSITION

20. CONTINGENT LIABILITIES AND RISK MANAGEMENT

Losses arising from judgments, claims, and similar contingencies such as guaranty of mortgage loans on sorority and fraternity houses are considered state liabilities and paid upon appropriation by the legislature and not the university. Therefore, the System, through its respective universities' legal advisors, estimates that potential claims not covered by insurance would not materially affect the financial statements. In addition, the System had not incurred any claims and/or litigation cost in the current year. Other losses of the System arising from judgments, claims, and similar contingencies are paid through the state's self-insurance fund operated by the Office of Risk Management, the agency responsible for the state's risk management program, or by appropriation from the state's General Fund. The Office of Risk Management insures all of these lawsuits.

21. ON-BEHALF PAYMENTS FOR SALARIES AND FRINGE BENEFITS

On-behalf payments for salaries and fringe benefits are direct payments made by one entity to a third-party recipient for the employees of another legally separate entity. On-behalf payments include pension plan contributions, employee health and life insurance premiums, and salary supplements or stipends. For example, a nongovernmental fundraising foundation affiliated with a governmental university may supplement salaries of certain university employees. Those payments constitute on-behalf payments for purposes of reporting by the System.

The amount of on-behalf payments for salaries and fringe benefits included in the accompanying financial statements for the fiscal year ended June 30, 2015, was \$2,078,836.

22. DONOR RESTRICTED ENDOWMENTS

If a donor has not provided specific instructions, state law permits the University of Louisiana System Board of Supervisors to authorize expenditure of the net appreciation (realized and unrealized) of the investments of endowment funds. Any net appreciation that is spent is required to be spent for the purposes for which the endowment was established.

At June 30, 2015, net appreciation of donor-restricted endowments is equal to \$58,397,601, which is available to be spent for restricted purposes. The System limits endowment spending to the income earned in a given year for purposes specified by donors. The donated portion of the endowments is reported in restricted net position - nonexpendable in the Statement of Net Position; the endowment income is reported in restricted net position - expendable.

23. FOUNDATIONS

The accompanying financial statements do not include the accounts of the following foundations:

- Grambling University Athletic Foundation
- Grambling University Foundation, Inc.
- Louisiana Tech University Foundation
- Louisiana Tech University Alumni Association
- McNeese State University Foundation
- McNeese State University Alumni Association
- Nicholls State University Foundation
- Nicholls Alumni Federation
- PRO NSU
- Northwestern State University Foundation
- Southeastern Athletic Association
- Southeastern Development Foundation
- Southeastern Louisiana University Alumni Association
- The University of Louisiana at Lafayette Alumni Association
- The University of Louisiana at Monroe Foundation
- The University of Louisiana at Monroe Athletic Scholarship Foundation
- The University of Louisiana at Monroe Alumni Association
- University of New Orleans Alumni Association

These foundations are separate corporations whose financial statements are subject to audit by other independent certified public accountants.

Certain universities of the System have contracted with their respective foundations to invest the universities' Endowed Chair/Professorship Program endowment funds in accordance with the Board of Regents for Higher Education's investment policies. The Endowed Chair endowment funds are established for \$1,000,000 each, with \$600,000 of private contributions and \$400,000 of state matching portion allocated by the Board of Regents for Higher Education. The Endowed Professorship Program endowment funds are established for \$100,000 each, with \$60,000 of private contributions and \$40,000 of state matching portion allocated by the Board of Regents

for Higher Education. At June 30, 2015, the foundations held in custody \$220,347,066 of Endowed Chair and Endowed Professorship Program funds. Amounts invested by private foundations for the System are included as investments held by private foundations in external investment pools in the disclosures in note 3.

24. DEFERRED COMPENSATION PLAN

Certain employees of the System participate in the Louisiana Public Employees' Deferred Compensation Plan adopted under the provisions of the Internal Revenue Code Section 457. Complete disclosures relating to the Plan are included in the separately issued audit report for the Plan, available on the Internet at www.la.la.gov.

25. ALTERNATIVE FINANCING AGREEMENTS

Grambling State University (Grambling)

On October 1, 2006, Black and Gold Facilities, Inc., entered into a loan agreement with the Louisiana Public Facilities Authority (LPFA) to obtain financing for the demolition of existing residential facilities; the acquisition of existing apartments and related parking facilities; and the planning, designing, constructing, furnishing, and equipping of residence facilities for use by Grambling. The project also includes the conversion of an existing bookstore to a student food-service and conference facility. Financing for the project is through the issuance of \$61,405,000 of LPFA Revenue Bonds, Series 2006 A and C.

Pursuant to the terms of the ground lease agreement, the corporation will lease from the Board the land upon which the new student housing will be built and food service facilities that will be renovated. The corporation will contract with Ambling, Inc., to manage the residential facilities and with Aramark to manage the food services upon completion. The board's right to obtain title to the facilities is set forth in the facilities lease agreement. The rental income derived from the facilities lease will be used to pay the bonds.

On December 5, 2007, Black and Gold Facilities, Inc., entered into a loan agreement with the LPFA to obtain financing for the acquisition, design, development, equipping, renovation, reconstruction and/or construction of new residence hall facilities, related parking facilities, related sewer and water lines, and the demolition of existing facilities. Financing for the project is through the issuance of \$41,925,000 of LPFA Revenue Bonds, Series 2007 A and B.

Pursuant to the terms of the ground lease agreement, the corporation will lease from the Board the land upon which the new residence halls will be built. The Board's right to obtain title to the facilities is set forth in the facilities lease agreement. The rental income derived from the facilities lease will be used to pay the bonds.

Louisiana Tech University (Tech)

On July 1, 2003, the Louisiana Local Government Environmental Facilities and Community Development Authority agreed to issue revenue bonds totaling \$21,840,000 for the Innovative Student Facilities Inc., a nonprofit corporation, for constructing student housing and related facilities for the Board of Supervisors of the University of Louisiana System. In June 2014, the corporation refunded the Series 2003 bonds and issued Refunding Revenue Bonds Series 2013 totaling \$19,065,000.

Pursuant to the terms of the ground lease agreement, the corporation will lease from the Board the land upon which the facilities will be built. The new facilities will be leased by the corporation to the Board in accordance with the provisions of an agreement to lease (facilities lease). In accordance with the facilities lease, the corporation will construct student housing facilities and lease back the facilities to the board for use by students, faculty, and staff of Tech. The rental income derived from the facilities lease will be used to pay the bonds.

On September 26, 2007, the Louisiana Local Government Environmental Facilities and Community Development Authority agreed to issue revenue bonds totaling \$51,670,000 for the corporation for acquiring land to be purchased by the Board of Supervisors for the University of Louisiana System and financing the development, design, construction, renovation, and equipping of certain student housing and recreational facilities, including all furnishings, fixtures, and equipment necessary for the completion of the projects.

Pursuant to the terms of the ground lease agreement, the corporation will lease from the Board the land upon which the facilities will be built. The new facilities will be leased by the corporation to the Board in accordance with the provisions of an agreement to lease (facilities lease). In accordance with the facilities lease, the corporation will construct student housing facilities and lease back the facilities to the board for use by students, faculty, and staff of Tech. The rental income derived from the facilities lease will be used to pay the bonds.

On April 10, 2014, the Louisiana Local Government Environmental Facilities and Community Development Authority agreed to issue revenue bonds totaling \$9,000,000 for the corporation to pay the costs of issuance of the revenue bonds and to finance the design, development, construction, renovation and equipping of certain athletic and student facilities on the Louisiana Tech University campus, along with all necessary furnishings, fixtures, and equipment.

Pursuant to the terms of the ground lease agreement, the corporation will lease from the Board the land upon which the facilities are to be built. The Board will lease the new facilities from the corporation in accordance with the provision of an agreement to lease (facilities lease). In accordance with the facilities lease, the corporation will construct the athletic and student facilities and lease back the facilities to the Board for use by students, faculty, and staff of Louisiana Tech University. The rental income derived from the facilities lease will be used to pay the bonds.

McNeese State University (McNeese)

On May 31, 2001, Cowboy Facilities, Inc., entered into a loan agreement with the Calcasieu Parish Public Trust Authority to obtain financing for constructing student housing facilities on the McNeese campus. Financing for the project is through the issuance of \$21,120,000 of University Student Lease Revenue Bonds, Series 2001. On December 7, 2011, the Calcasieu Parish Trust Authority issued \$18,655,000 of nontaxable University Student Lease Revenue Refunding Bonds Series 2011. The purpose of this issue was to refund the University Student Lease Series 2001 Bonds.

Pursuant to the terms of the ground lease agreement, the corporation leases from the Board the land upon which three residential facilities have been constructed. McNeese will lease the facilities from Cowboy Facilities, Inc., for 33 years, after which the facilities become McNeese's property (McNeese has contracted with Ambling, Inc., to manage the facilities). The Board's right to obtain title to the facilities is set forth in the facilities lease agreement. The rental income derived from the facilities lease will be used to first pay the bonds, then to pay building maintenance, and then to pay management fees.

On April 1, 2005, Cowboy Facilities, Inc., entered into a loan agreement with the Calcasieu Parish Public Trust Authority to obtain financing for purchasing scoreboards on the McNeese campus. Financing for the project is through the issuance of \$1,900,000 of Revenue Bonds, Series 2005.

Pursuant to the terms of the ground lease agreement, the corporation leases the facilities from the Board upon which the scoreboards are installed. The property is leased by the corporation to the Board in accordance with the provisions of the lease agreement. The Board's right to obtain title to the scoreboards is set forth in the facilities lease agreement. The rental income derived from the facilities lease will be used to pay the bonds.

On December 28, 2011, Cowboy Facilities, Inc., entered into a loan agreement with the Louisiana Local Government Environmental Facilities and Community Development Authority to obtain financing for the construction of a new parking garage. Financing of the project is through the issuance of \$13,850,000 of Revenue Bonds, Series 2011.

In April 2011, McNeese students approved a \$75 per semester self-assessed fee. The self-assessed fee will generate sufficient income to fund the annual principal and interest payments.

Nicholls State University (Nicholls)

On May 1, 2006, NSU Facilities Corporation entered into a loan agreement with the Louisiana Local Government Environmental Facilities and Community Development Authority to obtain financing for street and parking lot improvements along with renovations to the cafeteria on the Nicholls campus. Financing for the project is through the issuance of \$8,320,000 of Series 2006 A tax exempt bonds and Series B taxable bonds.

Pursuant to the terms of a ground lease agreement, the corporation leases from the Board the land on which the improvements to the streets, parking lots, and facilities will take place. In return, the university leases the facilities from the corporation for use by university students, faculty, and staff and others. The university has agreed to make lease payments to the corporation in amounts sufficient to allow the corporation to pay the debt service and related bond expenses.

On August 23, 2007, NSU Facilities Corporation entered into a loan agreement with the Louisiana Local Government Environmental Facilities and Community Development Authority to obtain financing for the demolition of four existing housing facilities; the renovation of existing facilities; and the development and construction of new student housing, including parking improvements; and the construction of a convenience store. Financing for the project is through the issuance of \$50,060,000 of tax-exempt Series 2007 A and B bonds.

Pursuant to the terms of the ground lease agreement, the corporation leases from the Board the land on which the additional facilities will be located, the existing facilities are located, and certain other land. In return, the university leases the facilities from the corporation for use by university students, faculty, and staff. Proceeds of the rental payments will be used to pay the debt service and related bond expenses.

On December 1, 2010, NSU Facilities Corporation entered into a loan agreement with the Louisiana Local Government Environmental Facilities and Community Development Authority to obtain financing for the construction of a student recreation center. Financing for the project is through the issuance of \$10,860,000 of Series 2010 tax exempt bonds.

Pursuant to the terms of a ground lease agreement, the corporation leases from the Board the land on which the construction will take place. In return, the university leases the facilities from the corporation for use by university students, faculty, and staff and other persons who are participants in any other activities related to the mission of the university. The university has agreed to make lease payments to the corporation in amounts sufficient to allow the corporation to pay the debt service and related bond expenses.

Southeastern Louisiana University (SLU)

On August 13, 2004, University Facilities, Inc. (UFI), entered into a loan agreement with the Louisiana Local Government Environmental Facilities and Community Development Authority to obtain financing for the acquisition, construction, renovation, and furnishing of student housing and demolishing existing housing; to provide working capital; to fund interest on the Series 2004 bonds; and to repay certain indebtedness of the corporation. Financing for the project is through the issuance of \$76,910,000 of Revenue Bonds, Series 2004(A), Series 2004(B), and Series 2004(C). On November 13, 2013, the Louisiana Local Government Environmental Facilities and Community Development Authority issued \$40,910,000 of nontaxable Student Housing Refunding Bonds, Series 2013 to refund a portion of the Series 2004 bonds. The original bonds were issued for and constructing student housing, intermodal parking, stadium, and other related facilities on the campus of Southeastern Louisiana University.

Pursuant to the terms of the ground lease agreement, the corporation leases from the Board the land upon which the new facilities will be built. The new facilities are leased by the corporation to the board in accordance with the provisions of the lease agreement. The Board's right to obtain title to the facilities is set forth in the facilities lease agreement. The rental income derived from the facilities lease will be used to pay the bonds.

On March 14, 2007, UFI entered into a loan agreement with the Louisiana Local Government Environmental Facilities and Community Development Authority to obtain financing of \$8,035,000 for a new intermodal transit facility to be located on the SLU campus. This project is a continuation of the improvements and construction on the SLU campus that were financed with Revenue Bonds, Series 2004.

Pursuant to the terms of the ground lease agreement, the corporation will lease the land from the Board. The new parking facility will be leased back to and operated by the Board in accordance with the provisions of an agreement to lease with option to purchase by and between the Board and UFI. Revenues from auxiliary operations and student fees will be used to pay the bonds.

On November 3, 2010, UFI entered into a loan agreement with the Louisiana Local Government Environmental Facilities and Community Development Authority to obtain financing of \$31,255,000 for demolishing certain existing facilities and renovating, developing, and constructing the Student Union, the Center for Student Excellence, Student Health Center, Food Services Areas, the Bookstore, and other related facilities on the campus of Southeastern Louisiana University.

Pursuant to the terms of the ground lease agreement, the corporation will lease the land from the Board. The student union and related facilities will be leased back to and operated by the Board in accordance with the provisions of an agreement to lease with option to purchase by and between the Board and UFI. Revenues derived from the facilities lease will be used to pay the bonds.

University of Louisiana at Lafayette (ULL)

On October 1, 2002, the Lafayette Public Trust Financing Authority agreed to issue revenue bonds totaling \$19,065,000 for the Ragin' Cajun Facilities, Inc., for constructing a student apartment complex, food service facility, and child care facility including parking and other infrastructure on land owned by the Board of Supervisors of the University of Louisiana System on behalf of ULL. In October 2012, the Ragin' Cajun Facilities, Inc., issued \$14,740,000 of non-taxable refunding revenue bonds through the Lafayette Public Trust Financing Authority. The purpose of the issue was to refund the Series 2002 revenue bonds of the corporation.

Pursuant to the terms of the ground lease agreements, the corporation leases the land from the Board. The new facilities are leased by the corporation to the Board in accordance with the provisions of an agreement to lease (facilities lease). In accordance with the facilities lease, the corporation has constructed and equipped student housing facilities and leased the facilities back to the Board for use by students, faculty, and staff of ULL. The rental income derived from the facilities lease will be used to pay the bonds.

On April 14, 2009, the Lafayette Public Trust Financing Authority agreed to issue revenue bonds totaling \$12,500,000 for the Ragin' Cajun Facilities, Inc., for demolishing certain facilities and the development, design, construction, and equipping of a student parking complex, including parking and other infrastructure at ULL.

Pursuant to the terms of the ground lease agreement, the corporation will lease the land required for the project from the Board. The new student parking complex will be leased back to the Board by the corporation in accordance with the provisions of an agreement to lease (facilities lease). The income derived from parking fees will be used to pay the bonds.

On November 15, 2010, the Lafayette Public Trust Financing Authority agreed to issue revenue bonds totaling \$22,200,000 for the Ragin' Cajun Facilities, Inc., for demolishing certain facilities and the development, design, expansion, and renovation of the existing ULL student union.

Pursuant to the terms of the ground lease agreement, the corporation will lease the land required for the project from the Board. The new student union will be leased back to the Board by the corporation in accordance with the provisions of an agreement to lease (facilities lease). The income derived from rental revenues will be used to pay the bonds.

On December 1, 2010, the Lafayette Public Trust Financing Authority agreed to issue revenue bonds totaling \$100,050,000 for the Ragin' Cajun Facilities, Inc., for demolishing certain facilities and the development, design, construction, and equipping of student housing facilities and certain other facilities at ULL.

Pursuant to the terms of the ground lease agreement, the corporation will lease the land required for the project from the Board. The new student housing facilities will be leased back to the Board by the corporation in accordance with the provisions of an agreement to lease (facilities lease). The income derived from rental income will be used to pay the bonds.

On November 21, 2013, the Lafayette Public Trust Financing Authority agreed to issue revenue bonds totaling \$25,205,000 for the Ragin' Cajun Facilities, Inc., for the design, development, equipping, and construction of a parking facility and related facilities for students, faculty, staff and the public on the University of Louisiana at Lafayette campus.

Pursuant to the terms of the lease agreement, the parking garage will be leased back to and operated by the Board. The income derived from the rental payments will be used to pay the bonds.

On November 26, 2013, the Lafayette Public Trust Financing Authority agreed to issue revenue bonds totaling \$23,605,000 for the Ragin' Cajun Facilities, Inc., for the (1) design, development, equipping, renovation, construction of an addition to the indoor athletic practice field and the addition of 5,900 seats in the football stadium; and (2) other athletic facilities on the University of Louisiana at Lafayette campus.

Pursuant to the terms of the ground lease agreement, the corporation will lease the land required for the project from the Board. The new athletic facilities will be leased back to the Board by the corporation in accordance with the provisions of an agreement to lease (facilities lease). The income derived from rental income will be used to pay the bonds.

University of Louisiana at Monroe (ULM)

On June 30, 2004, the Louisiana Local Government Environmental Facilities and Community Development Authority agreed to issue revenue bonds totaling \$35,210,000 for the University of Louisiana Monroe Facilities, Inc., for paying prior debt and constructing student housing, a student union, a student health center, and other facilities for the Board of Supervisors of the University of Louisiana System.

Pursuant to the terms of the ground lease agreement, the corporation leases the land from the Board. The new facilities are leased by the corporation to the Board in accordance with the provisions of an agreement to lease (facilities lease). In accordance with the facilities lease, the corporation constructed student housing facilities, a student health center, and other student facilities and leased the facilities back to the Board for use by students, faculty, and staff of ULM. The rental income derived from the facilities lease will be used to pay the bonds.

On December 8, 2004, the Louisiana Local Government Environmental Facilities and Community Development Authority agreed to issue revenue bonds totaling \$33,680,000 for the University of Louisiana Monroe Facilities, Inc., for demolishing existing dormitories on the campus; to design, develop, and construct new student housing and a student union; and to refurbish existing on-campus student housing.

Pursuant to the terms of the ground lease agreement, the corporation leased the land from the Board. The new facilities are leased by the corporation to the Board in accordance with the provisions of an agreement to lease (facilities lease). In accordance with the facilities lease, the corporation constructed student housing facilities and leased the facilities back to the Board for use by students, faculty, and staff of ULM. The rental income derived from the facilities lease will be used to pay the bonds.

On November 7, 2006, the Louisiana Local Government Environmental Facilities and Community Development Authority agreed to issue revenue bonds totaling \$1,500,000 for the University of Louisiana Monroe Facilities, Inc. Bond proceeds will be used for constructing and equipping an intermodal transit facility and improving existing parking lots or constructing new parking lots for students, faculty, staff, and the public on the ULM campus.

Pursuant to the terms of the ground lease agreement, the corporation will lease the land required for the project from the Board. The new facilities/parking lots will be leased back to the Board by the corporation in accordance with the provisions of an agreement to lease with option to purchase (facilities lease). The income derived from parking fees will be used to pay the bonds.

On October 25, 2007, the Louisiana Local Government Environmental Facilities and Community Development Authority agreed to issue revenue bonds totaling \$2,045,000 for the University of

Louisiana Monroe Facilities, Inc., for demolishing and renovating certain existing buildings and developing, constructing, and equipping a student learning enhancement facility and related facilities.

Pursuant to the terms of the loan and assignment agreement, the corporation transferred, assigned, and pledged to the Authority all right, title, and interest of the corporation in, to, and under the agreement to lease with option to purchase, and all rents, issues, receipts, and profits derived related to the learning center.

On June 30, 2014, the Louisiana Local Government Environmental Facilities and Community Development Authority agreed to issue revenue and refunding bonds totaling \$1,845,000. The purpose of the issue was to refunding the prior rate, the proceeds of which were loaned to the University of Louisiana Monroe Facilities, Inc., to finance capital expenditure projects consisting of the installation of scoreboards at the football, baseball, soccer and softball fields, replacement of chair-back seating at the football stadium, and the construction of dugouts at the soccer and softball fields; financing the football field improvements; paying the costs of issuance of the bonds.

Pursuant to the terms of the loan and assignment agreement, the bonds will be secured by the revenues pledged and assigned by the Indenture to secure that payment. Those payments include those required to be made by the University of Louisiana Monroe Facilities, Inc., under the loan agreement; revenues received by the University of Louisiana Monroe Facilities, Inc., under the facilities lease; and all other moneys and investments received in accordance with the provisions of the indenture.

University of New Orleans (UNO)

On August 8, 2006, the University of New Orleans Research and Technology Foundation entered into a loan agreement with the Louisiana Public Facilities Authority (Authority) to obtain financing for financing, planning, designing, constructing, furnishing, and equipping residential facilities for use by UNO. Financing for the project is through the issuance of \$38,500,000 of Authority Revenue Bonds, Series 2006. On August 28, 2014, the Series 2006 bonds were refinanced through the issue of \$36,000,000 of Authority Revenue Bonds, Series 2014.

Pursuant to the terms of the ground lease agreement, the corporation leases from the Board the land upon which the facilities will be built. The Board's right to obtain title to the facilities is set forth in the facilities lease agreement. The rental income derived from the facilities lease will be used to pay the bonds.

26. COOPERATIVE ENDEAVOR AGREEMENTS

University of Louisiana at Lafayette

General

In August 2014, the Ragin' Cajun Facilities Corporation entered into a cooperative endeavor agreement (CEA) with; the state of Louisiana (State), the Louisiana Department of Economic Development, the University of Louisiana at Lafayette, the Lafayette Economic Development Authority, and CGI Federal, Inc., in order to induce CGI Federal, Inc., to relocate to Lafayette, Louisiana to establish and operate an information technology center of excellence. The other parties to the CEA agreed to provide an operational cost grant, a facility cost grant, a land lease grant and a University of Louisiana at Lafayette (ULL) grant and other considerations.

Obligations

Pursuant to the CEA, Ragin' Cajun Facilities, Inc., is a party to the facility cost grant portion of the facility agreement, which provides for a grant of \$13.1 million for facility cost reimbursements by the state through the Louisiana Office of Economic Development. As part of the agreement, Ragin' Cajun Facilities will own and operate the facility through the term of the agreement and lease the facility to CGI Federal, Inc., at a cost of \$7 per square foot per year for the first 10 years, with provisions for two five-year extensions. ULL will lease the facility site to Ragin' Cajun Facilities at \$1 per year during the construction phase and for the terms of the facility lease agreement.

The university is funding the construction costs incurred by Ragin' Cajun Facilities, Inc., as a funding mechanism until such costs are reimbursed by the state. Through June 30, 2015, project payments totaling \$2,900,303 were paid and reimbursed by the state for the project. At June 30, 2015, Ragin' Cajun Facilities, Inc., had no costs paid by the university that had not been reimbursed by the state and had not been remitted to the university. At June 30, 2015, the project had outstanding payables for the facility totaling \$1,226,919, which will be submitted for reimbursement when the invoices are paid.

University of New Orleans Research and Technology Foundation (Foundation)

University of New Orleans/Avondale Maritime Technology Center of Excellence (Avondale)

General

Avondale, a subsidiary of Huntington-Ingalls, donated certain property to the University of New Orleans (University), which is leased to the Foundation pursuant to the terms of a ground lease. A ship design facility (facility), including a laboratory and support area for the UNO School of Naval Architecture and Marine Engineering, has been built on such property by the Foundation and is sub-leased to Avondale.

Obligations

The Foundation has equipped the facility and leased such equipment to Avondale. Avondale agreed that it will use the facility for the design and construction of vessels pursuant to the Navy LPD-17 contract and other contracts. Furthermore, Avondale agrees that it will provide support to the UNO School of Naval Architecture and Marine Engineering by providing a right-of-use of space to UNO constituting 21,000 square feet in the Facility subleased by Avondale from the Foundation.

On May 16, 1997, the Foundation and Avondale entered into a sub-lease agreement, for a term of 50 years, which provides for Avondale to lease from the Foundation the land located in Jefferson Parish together with the facilities to be constructed on the land, the facility equipment and the right of uninterrupted access to and from all streets and roads adjoining the land.

**National Center for Advanced Manufacturing/NASA
Facilities Modifications and Equipment Acquisition***General*

Effective July 15, 2007, the state of Louisiana (the State), the University, the Foundation, and NASA's George C. Marshall Space Flight Center entered into a Cooperative Endeavor Agreement (the Agreement) for an initial term of 10 years with options for four additional five-year periods.

The Agreement provides for the use of State appropriations to fund an approximately \$20 million expansion of the National Center for Advanced Manufacturing (NCAM) located in NASA's Michoud Assembly Facility in New Orleans (MAF), to include the purchase of new equipment by the State and the completion of facilities modifications made by the Foundation to MAF to accommodate installation and operation of the new equipment. The facilities modifications were transferred to NASA during the year ended December 31, 2014.

**National Center for Advanced Manufacturing
MAF Research Administration Building***General*

On December 18, 2007, the State, the Foundation, and NASA entered into another Cooperative Endeavor Agreement for a period of 30 years.

The Agreement provides for the use of State funds to pay approximately \$40 million of project costs associated with the planning, design, construction and equipping of a new NASA Research and Development Administration Building to be built at MAF. The building will be used collaboratively by the Foundation and NASA for research and development administration, production work on the Orion Project, education, training and related matters for NASA, its contractors, the University, other federal and state agencies, other higher educational institutions, and private industry. The additional investment from this agreement will retain critical research

and engineering skills and capacity in Louisiana necessary to support NASA's mission, attract high-technology companies, and provide educational and training opportunities generally improving the state's economy and recovery of the New Orleans metropolitan area from Hurricane Katrina.

At December 31, 2011, the Agreement for this project was on hold until further notice. The Foundation has a balance of \$705,896 in construction-in-progress as of December 31, 2014, related to the Agreement. Management will reassess this project annually to determine if such costs are impaired. As of December 31, 2014, no impairment has been recognized by the Foundation.

Memorandum of Understanding related to National Center for Advanced Manufacturing

General

In a memorandum of understanding dated October 25, 2012, the Foundation agreed to receive a portion of the state of Louisiana's recovery costs associated with the NCAM consortium, subject to an annual cap of \$30,000 for administrative costs associated with serving as fiscal agent for the University of New Orleans.

Obligations

The Foundation shall seek support for NCAM activities from appropriate public and private sources, and work with NASA to develop a long-term agreement for the NCAM/Michoud Assembly Facility to accommodate University of New Orleans access for NCAM education and outreach activities.

27. SUBSEQUENT EVENTS

Board of Supervisors for the University of Louisiana System

On November 20, 2015, Dr. Sandra Woodley, System President, announced her resignation, to be effective December 31, 2015. Dr. Woodley will remain with the System in a transitional role until March 31, 2016.

At its December 10, 2015, meeting, the Board of Supervisors selected Dr. Daniel Reneau to serve as Interim President for the System until a new president is selected.

Effective January 14, 2016, Dr. Karla Hughes, System Executive Vice President and Provost, has resigned her position to accept a position with a university outside Louisiana.

Louisiana Tech University (LA Tech)

On October 15, 2015, the Board of Supervisors for the University of Louisiana system approved LA Tech's request to issue approximately \$100 million in bonds to refund the LA Tech's Series

2007 bonds (principal outstanding at June 30, 2015, totaled \$47,690,000) and to provide approximately \$44,139,000 for construction of housing and parking on campus.

University of Louisiana at Lafayette (ULL)

In February 2015, the Louisiana Bond Commission approved the issuance of up to \$20,000,000 of bonds to fund improvements to ULL's Cajundome Facility. The bonds issued for the project will be used for designing, renovating, constructing, furnishing and/or equipping certain improvements for the Cajundome, including seating replacement and improvements to the concession stand, storage, elevators, kitchen, lobby, roof, and lighting. On August 18, 2015, \$18,500,000 of bonds were issued for the project.

On September 18, 2015, Ragin' Cajun Facilities, Inc. exercised its lease option to buy the Ander's bookstore property by securing a loan through Mid-South Bank for \$1,300,000. The bookstore is located on 210 East St. Mary Boulevard.

University of New Orleans (UNO)

On August 31, 2015, the UNO President, Dr. Peter Fos, announced his retirement to be effective January 31, 2016.

REQUIRED SUPPLEMENTARY INFORMATION

Schedule of the System's Proportionate Share of the Net Pension Liability

Schedule 1 is required supplementary information that presents certain specific data regarding the proportionate share of the net pension liability.

Schedule of System Contributions

Schedule 2 is required supplementary information that presents required employer contributions to the retirement systems, as well as covered payroll amounts.

Schedule of Funding Progress for the Other Postemployment Benefits Plan

Schedule 3 presents funding progress is required supplementary information that presents certain specific data regarding the funding progress for the Other Postemployment Benefits Plan, including the unfunded actuarial accrued liability.

Teachers Retirement System of Louisiana					
2015	\$88,336,007	\$88,336,007	NONE	\$360,842,983	24.5%

*Amounts presented were determined as of the end of the fiscal year.

This schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

Notes to Required Supplementary Information

Changes of Benefit Terms include:

- A. A 1.5% COLA, effective July 1, 2014, provided by Act 102 of the 2014 Louisiana Regular Legislative Session; and,
- B. Improved benefits for certain members employed by the Office of Adult Probation and Parole within the Department of Public Safety and Corrections as established by Act 852 of 2014.

**UNIVERSITY OF LOUISIANA SYSTEM
STATE OF LOUISIANA**

**Schedule of Funding Progress for the
Other Postemployment Benefits Plan
Fiscal Year Ended June 30, 2015**

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Projected Unit Cost (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll [(b-a)/c]
July 1, 2012	NONE	\$858,155,190	\$858,155,190	0.0%	\$337,942,506	254%
July 1, 2013	NONE	\$889,696,439	\$889,696,439	0.0%	\$345,205,228	258%
July 1, 2014	NONE	\$932,643,066	\$932,643,066	0.0%	\$323,840,500	288%

Factors contributing to the increase in the Office of Group Benefits plan were:

1. A change in the retiree benefit plans for those retiring past 3/31/15
2. A change in the mortality tables used
3. An update to the retirement and termination assumptions
4. A change in the different age graded claim curve and updated per capita health claim costs

Factors contributing to the increase in the LSU System Health Plan were:

1. A change in the demographics of the population as there are fewer actives subject to the LASERS criteria and fewer actives overall compared to the last valuation
2. An update to the retirement and termination assumptions for both TRSL and LASERS
3. A change in the mortality tables used
4. A change in the discount rate from 4.25% to 4%

(Both the Office of Group Benefits Plan and the LSU System Health Plan actuarial valuations were completed by a different actuary than in the prior year.)

OTHER REPORT REQUIRED BY
GOVERNMENT AUDITING STANDARDS

Exhibit A

The following pages contain our report on internal control over financial reporting and on compliance with laws, regulations, and other matters as required by *Government Auditing Standards*, issued by the Comptroller General of the United States. The report is based solely on the audit of the financial statements and includes, where appropriate, any significant deficiencies and/or material weaknesses in internal control or compliance and other matters that would be material to the presented financial statements.

LOUISIANA LEGISLATIVE AUDITOR
DARYL G. PURPERA, CPA, CFE

December 11, 2015

Report on Internal Control over Financial
Reporting and on Compliance and Other Matters Based on an
Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards*

Independent Auditor's Report

UNIVERSITY OF LOUISIANA SYSTEM
STATE OF LOUISIANA
Baton Rouge, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and discretely presented component units of the University of Louisiana System (System), a component unit of the state of Louisiana, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the System's basic financial statements, and have issued our report thereon dated December 11, 2015. Our report was modified to include emphasis of matter paragraphs regarding actuarial assumptions and financial statement comparability.

Our report includes a reference to other auditors who audited the financial statements of the Black and Gold Facilities, Inc.; Innovative Student Facilities, Inc.; Cowboy Facilities, Inc.; Nicholls State University Facilities Corporation; University Facilities, Inc.; Ragin' Cajun Facilities, Inc.; University of Louisiana at Monroe Facilities, Inc.; and University of New Orleans Research and Technology Foundation, Inc., which are nonprofit corporations included as blended component units in the basic financial statements of the System. Other auditors also audited the financial statements of the University of Louisiana at Lafayette Foundation, Inc., and University of New Orleans Foundation, which are discretely presented component units in the basic financial statements of the System as described in our report on the System's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Black and Gold Facilities, Inc., Nicholls State University Facilities Corporation; University Facilities, Inc.; and University of Louisiana at Monroe Facilities, Inc., which were audited by other auditors, were audited in accordance with auditing standards generally accepted in the United States of America but not in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the System's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing opinions on the effectiveness of the System's internal control. Accordingly, we do not express an opinion on the effectiveness of the System's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the System's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Other Reports

Other external auditors audited the Black and Gold Facilities, Inc.; Innovative Student Facilities, Inc.; Cowboy Facilities, Inc.; Nicholls State University Facilities Corporation; University Facilities, Inc.; Ragin' Cajun Facilities, Inc.; University of Louisiana at Monroe Facilities, Inc.; and University of New Orleans Research and Technology Foundation, Inc., which are blended component units included in the System's basic financial statements for the year ended June 30, 2015. In addition, other external auditors audited the University of Louisiana at Lafayette Foundation, Inc., and University of New Orleans Foundation, which are discretely presented component units included in the basic financial statements of the System. To obtain copies of those reports, refer to note 1-B to the basic financial statements for mailing addresses.

As a part of our audit of the System's basic financial statements for the year ended June 30, 2015, we performed certain procedures on campuses within the System. Our reports on those procedures for those campuses are listed as follows:

Campus	Audit Type	Issued	Finding Title
Grambling State University	Management Letter	December 2, 2015	Untimely Determination of Students' Withdrawal Dates
Louisiana Tech University	Management Letter	November 25, 2015	None
Nicholls State University	Management Letter	November 25, 2015	Information Technology Control Weaknesses
Northwestern State University	Management Letter	November 30, 2015	Inappropriate System Access
Southeastern Louisiana University	Management Letter	December 16, 2015	Inadequate Controls over the PeopleSoft System
University of Louisiana at Lafayette	Management Letter	December 14, 2015	Misappropriation of Assets by Contractor Untimely Federal Reporting Failure to Provide Proper Student Loan Notice Error in Federal Reporting Noncompliance over Return of Title IV Funds
University of New Orleans	Management Letter	December 21, 2015	None

These reports contain compliance and internal control findings, where applicable, relating to those universities. Management's responses are also included in those reports. Management's responses are not audited. Copies of those reports are available for public inspection at the Baton Rouge office of the Legislative Auditor, and those reports can also be found on the Internet at www.lla.la.gov.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Respectfully submitted,

Daryl G. Purpera, CPA, CFE
Legislative Auditor
