## Dining & Catering

Students have more options for dining than ever before with the addition of four new restaurants at the Student Union, along with the UL Dining Services' Cypress Lake Dining Room. Students and visitors to the Union can enjoy up to three meals a day in the Cypress Lake Dining Room on the second floor of the Student Union, overlooking scenic Cypress Lake through the plate glass windows or on the balcony dining area.

Get your caffeine fix with a Starbucks coffee at The Brew, our new cafe located just across from the Rose Garden residence halls, and stay to study in the attached lounge with convenient charging stations for your devices. For a delicious sandwich, soup or potato, stop by McAllister's Deli.

Student Union restaurants and hours of operation are listed below. Visit the [UL Lafayette Dining Services website](#) to see daily menus and buy a meal plan.

*All restaurants in the Student Union accept Declining Balance (DB), in addition to traditional forms of payment. Please visit our [Housing](#) for more information about [available meal plans](#).*
