# Sign Up for Emergency Alerts

As a UL Lafayette student or employee, you are required to periodically verify and update your phone number(s), email, and address for the Emergency Notification System.

New students and employees must add emergency notification contact information to receive alerts for threats which pose an immediate risk. Emergency alerts are sent by email, telephone and text message.

The contact information you enter will only be used for emergency notification purposes. It will not be distributed outside of the University or used for any other reason.

Follow the instructions below to verify or add information to your emergency notification profile.

## Students

Students may update their profiles via the Campus Services tab in a box titled "Safety and Emergency Notification System" in ULink. There is a link to "Update your ENS email addresses" and a link to "Update your ENS phone and address information."

## Employees

University faculty and staff may update their profiles from the Employee tab in a box titled "Safety and Emergency Notification System" in ULInk. There is a link to "Update your ENS email addresses" and a link to "Update your ENS phone and address information."

## Add or Update Emergency Notification Information

The University's Emergency Notification System allows students and employees to list multiple phone numbers. You are encouraged to add the phone numbers of those closest to you, such as parents or a spouse, as your secondary phone numbers.

Click on the "Update Your ENS Phone & Address Information" link in the "Safety and Emergency Notification System" box on the Campus Services or Employee tabs.

Other email addresses that the University has on file for you may show here, such as your University email, a personal email, and an additional personal email. If you have an emergency notification email in your profile, it will show as "Emergency Notification Email 1" or "Emergency Notification Email 2." These two emails are the only ones you may edit on this page.

Employees wishing to update other email addresses that appear here should email Human Resources at humanresources@louisiana.edu.

Students wishing to update other email addresses should download the "Address Change Request Form." Complete the ULID, name, email, signature, and date fields and email the document to ourrecords@louisiana.edu. If you do not have two emergency notification email addresses listed, follow the instructions below to "Add Emergency Notification Email Addresses." If you do have emergency notification email addresses listed and would like to update or change them, follow the instructions to "Update Emergency Notification Email Addresses."

### Add Emergency Notification Email Addresses
