Provided, however, when an academic teaching employee covered by this Act retires, or whenever any such employee dies before retirement and while holding membership in any retirement system to which the state contributes in whole or in part, leaving a surviving spouse or dependent or both, who are entitled to benefits from the retirement system, the unused days shall be added to the employee's membership service in the same manner and to the same extent as if the employee had continued in state service until the time such number of unused days have elapsed, dating from the date of the employee's death.

Such release shall be dependent upon acceptable repayment arrangements being made by the defaulted student borrower.
