

Interim Dean Ahmed Khattab, College of Engineering, served as the Associate Dean for the College and is an Associate Professor in the Department of Industrial Technology and a graduate faculty in the Department of Mechanical Engineering, University of Louisiana at Lafayette. He started his appointment with UL Lafayette in January 2007. His research focuses on understanding the fundamental knowledge of the processing-structure-performance relationships of composite materials which is required in order to tailor material properties to meet the needs of a specific application. He holds a B.S. (1990) and M.S. (1998) in Mechanical Engineering from Alexandria University, and a Ph.D. in Mechanical Engineering from the University of Missouri (2005).
