Hi Robert,

Following is the announcement of the first Early Career Faculty mentoring session this Spring. If you need them all, or are looking for past schedules, I can provide it. Please let me know what level of detail you are looking for.

Thanks,

Carl

Subject: Junior Faculty Mentoring Session

Dear tenure-track faculty:

I hope you had a good break and a smooth beginning of the spring semester!

As in the past, the college is organizing mentoring sessions to help you get started and acquainted with the university, procedures, and to answer questions in general. This spring, the Dean's office will organize three Wednesday luncheon meetings (lunch is provided). The first one is coming up in two weeks (2/13/2019) with guests from the Office of Research and Sponsored Programs.

Location: Oliver Hall Auditorium Room 112 at 11.45 - 1 pm.

Please mark your calendars.

The mentoring sessions are optional for those of you that have been longer than two years at the university, as you may already be familiar with some of the topics.

Best wishes and a good start of the FA18 semester!

Carl
