University Assessment Council

The charge of the University Assessment Council (UAC) is to support the process of research-based, ongoing, integrated, institution-wide systematic planning, evaluation and continuous improvement across campus. Its primary function is in an advisory/supportive capacity to academic programs, service/support departments, and all other institutional units with respect to the assessment process. Therefore, the UAC:

- provides assistance and consultation in formulating and implementing assessment plans;
- annually reviews assessment documents submitted and provides feedback for improvement purposes; and
- provides an annual report to the President, Provost, and University Council describing strengths and weaknesses of the University's overall effort in assessment.
