MISSION – University College provides an academic environment to facilitate the matriculation of a diverse population of intellectually-capable undergraduate students: wishing to pursue a unique and coherent interdisciplinary program of study in an area in which there does not exist an established curriculum; who initially selected a major for which they lack the interest or preparation necessary for success, but possess a specific and attainable career development plan; or who are transitioning into other colleges and pursuing the academic requirements necessary for admission into their preferred major. In meeting the needs of these students, University College promotes retention at the University of Louisiana at Lafayette, collaborates with other colleges to elevate to the collective quality of campus learning, and enables and empowers students to achieve success in their chosen field of graduate study and/or occupation. Indeed, a distinguishing characteristic of the college is its program of intensive developmental initiatives geared toward enhancing student accomplishment.

VISION – To become a college of choice for incoming freshmen desiring to pursue an individualistic multidisciplinary curriculum founded in a strong core of liberal education that imbues students with broad knowledge, transferable skills, and a strong sense of civic duty.

| | Direct - Student Data (Other) | Has the criterion 50% of all participants served by the SSS-Teacher Prep project will persist from one academic year to the beginning of the next academic year or graduate. been met yet? Met | At the end of the 2015-16 academic year, 89% of project participants reported in the Annual Performance Report (APR) persisted from one academic year to the beginning of the next year. This criterion was accomplished through effective research based persistence activities (Tinto, 1997). Project participants engaged in tutoring and Praxis I and II study sessions to foster academic achievement. Peer-tutor mentoring enabled students to connect with peers in the field to collaborate on education projects and engage students in the field. | | - Assessment Process: Continuous monitoring: Persistence continues to be the first step towards assessing problems that SSSTP participants have and monitoring for enrollment each semester is a critical step in the assessment process. |

Reflection (Due 9/15/17)

Reflection

1) How were assessment results shared in the unit?

Please select all that apply. If "other", please use the text box to elaborate.

Distributed via email

Presented formally at staff / department / committee meetings (selected)

Discussed informally (selected)

Other (explain in text box below)

2) How frequently were assessment results shared in the unit?

Frequently (>4 times per cycle)

Periodically (2-4 times per cycle) (selected)

Once per cycle

Results were not shared this cycle

3) With whom were assessment results shared?

Please select all that apply.

Department Head (selected)

Dean / Asst. or Assoc. Dean (selected)

Departmental assessment committee

Other faculty / staff (selected)

4) What were the measurable or perceivable effects on your current (2016-2017) findings based on prior action plans (created in 2015-2016)?

Graduation data revealed that students who completed bachelor degrees in education were highly engaged in project activities. Project activities include: tutoring, Praxis workshops, academic coaching, peer mentoring, and service learning.

5) What has the unit learned from the current assessment cycle?

The SSS-Teacher Prep unit has learned that student engagement has the most impact on student completion of an education degree. Annual Performance Report (APR) data continues to drive program activities specifically in the number of graduates completing education degrees.
