Current Undergraduate Tuition & Fees

Use this schedule to estimate how much your tuition costs will be as an undergraduate student this semester. Your tuition cost is based on how many credit hours you're taking and whether you're an in-state (Resident/US Citizen), out-of-state (Non-Resident/US Citizen), or International student (as a Resident or Non-Resident). Schedules are subject to change. Additional fees may apply.

See enrollment status to determine if you qualify for full or part-time status.

How do I determine how many credit hours I am taking?

Most courses are 3 credit hours, however, it depends on the courses taken. Check the course catalog in order to be sure.
