Study Groups

Want to expand your knowledge on a specific academic subject?

The Learning Center offers several group tutoring sessions for a variety of academic subjects. TLC Study Groups provide an opportunity for students to explore course content and to practice essential skills presented in class. The groups are led by students who have taken the class and excel in the topic area.

TLC Tutors work with professors to develop materials and examples that will enhance a student's understanding of the subject. Tutors also share successful approaches to learning the material and performing on tests.

This service is **FREE** to all UL Lafayette students and takes place at The Learning Center located on the 2nd floor in Lee Hall. Stop in, **NO APPOINTMENT NEEDED!**

STUDY GROUPS are sessions where you can ask questions, work out problems, and seek advice from tutors who have previously passed the course.

Please sign-in with your tutor when you attend a session. Do not worry about showing up late, come and go as you please! ... performing on tests.
