

Information Technology

The Office of Information Technology at the University of Louisiana at Lafayette supports all aspects of the University, from email to online security to student records.

ABOUT US

Information Technology

The Office of information Technology touches all aspects of the University—from wi-fi to phones to security and records. We provide, support, and enhance the University's computing network facilities to serve the academic and administrative needs of the institution.

Learn more about what we do, including our services and our departments.
