Grade & Discipline Appeals

University Ombudsman

The Ombudsman's office is an independent and confidential place where you can go for advising and direction. The ombudsman is often an intermediary between students and the services that the University provides. Additionally, the Ombudsman is a student advocate during the discipline and grade appeals processes. Faculty, staff, and administrators can refer students to the Ombudsman for any of these matters. Learn more about the Ombudsman in the Student Code of Conduct.

All students are welcome to come by without referral during posted office hours or by appointment.
