How to Update Equivalents for Students

SHATAEQ *Transfer Articulation Evaluation*: where a student's transcript with equivalents is posted. You will need a student's ID number and school code to look at the student's record if it has already been posted. If you only have the ID number, you can use the search function and click the "View Student Institutions" to see what school(s) are posted.

From here you can choose the school you want to look at or need to update.

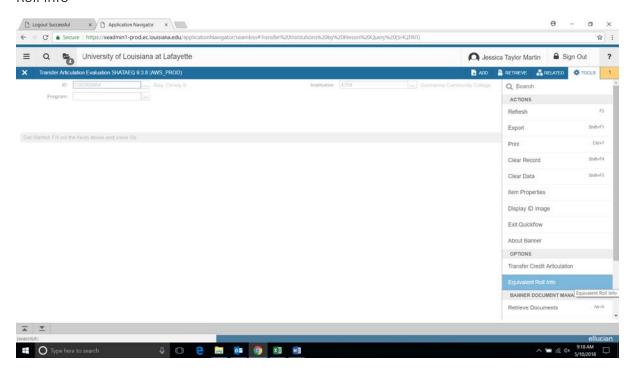

If the record has already been "rolled to history", you will get an error message and need to "delete from history" to see it in this screen.

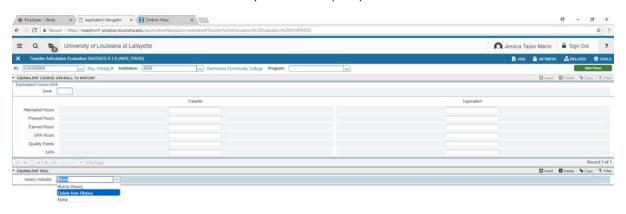

To "delete from history", you will click "TOOLS", and under "OPTIONS" you will click "Equivalent Roll Info"

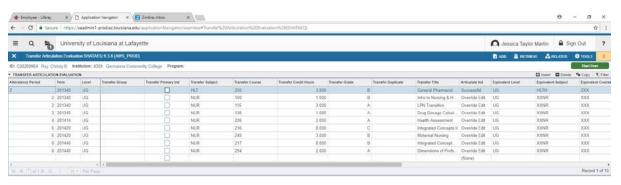

You will then click "delete from history" and save (F10).

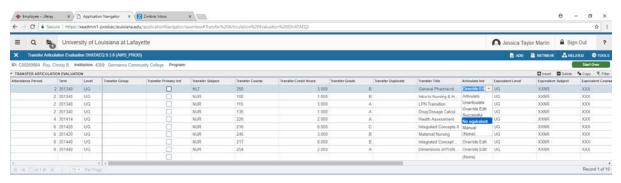

Once the record has been deleted from history, you can see the transfer courses, as well as the equivalent courses. If the record has not been rolled to history, when you click "GO", you will go straight to this screen.

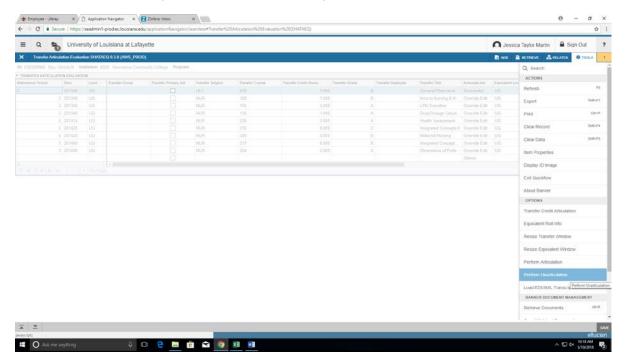

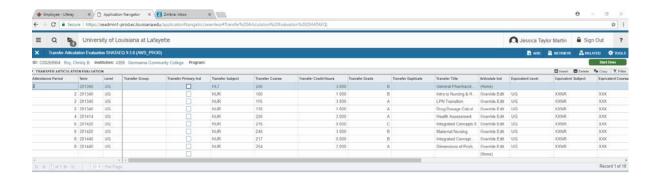

When re-rolling, or re-articulating courses, you will use the Articulation Indicator dropdown to change it from "Override Edit" to "No Equivalent" and save (F10). When you save, the status will change to "Successful".

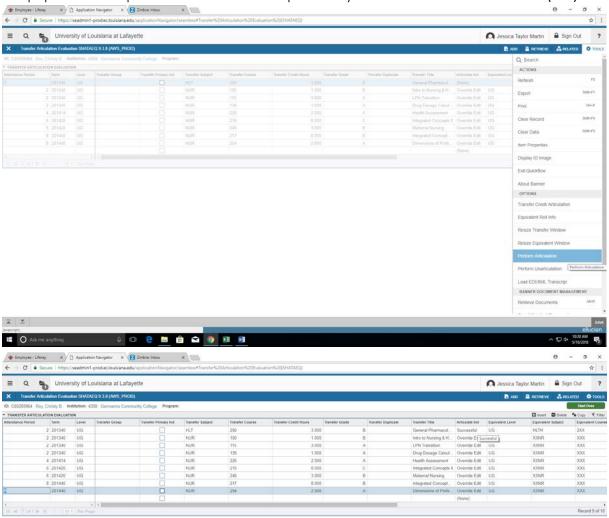

Then you will go to TOOLS under options and click "Perform Unarticulation" and save (F10). This will remove the dummy course and make the equivalent side blank.

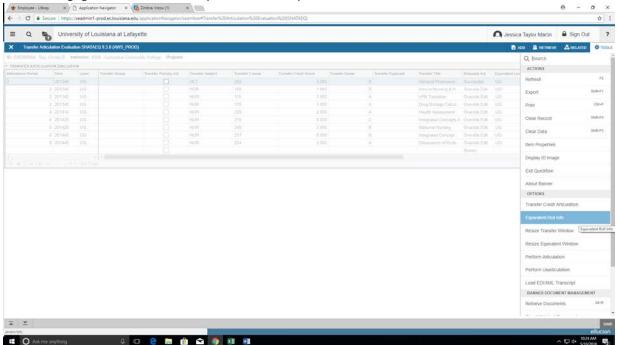

After you save, you will then go into TOOLS under Options and click "Perform Articulation" which will populate the equivalent course that has previously been entered in Banner. Save (F10).

After saving, go to TOOLS under Options, click "Equivalent Roll Info".

Check to make sure the hours and GPA match. Then use the History Indicator dropdown to "Roll to History" and save(F10). Once it's rolled to history, the academic advisors and students can see the record. If it's not rolled to history, they will not be able to see it.
