Dear Ms. Murr:

I am in receipt of your inquiry about the New Iberia Research Center.

Please note that the New Iberia Research Center is a unit of the University of Louisiana at Lafayette. The Board of Regents does not have jurisdiction over the day-to-day operations of public colleges and universities in the state. I am forwarding your concerns to Dr. Dan Reneau, Interim President of the University of Louisiana System, which has management authority over the University of Louisiana at Lafayette. I have also copied this information to Dr. Joseph Savoie, President of University of Louisiana at Lafayette. I am confident that they will review the information and respond appropriately.

If you have any additional questions, please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard A. Lipsey".

Dear Chair Lipsey:
All chimps at the New Iberia Research Center should be retired to a certified sanctuary. Their continued confinement and use as experimental subjects is not justifiable in view of their self-awareness and capacity for physical and psychological suffering. Please do your part to retire them to a better life.
Sincerely,
Bobbee Murr, retired teacher
