## Mission (due 12/4/17)

### University Mission

The University of Louisiana at Lafayette offers an exceptional education informed by diverse worldviews grounded in tradition, heritage, and culture. We develop leaders and innovators who advance knowledge, cultivate aesthetic sensibility, and improve the human condition.

### University Values

We strive to create a community of leaders and innovators in an environment that fosters a desire to advance and disseminate knowledge. We support the mission of the university by actualizing our core values of equity, integrity, intellectual curiosity, creativity, tradition, transparency, respect, collaboration, pluralism, and sustainability.

### University Vision

We strive to be included in the top 25% of our peer institutions by 2020, improving our national and international status and recognition.

### College / VP and Program / Department Mission

#### Mission of College or VP-area

*Provide the mission for the College or VP-area in the space provided. If none is available, write "None Available in 2017-2018."*

We provide high-quality, cost-effective services in support of the research, education, and service missions of the University of Louisiana at Lafayette.

The Division is responsible for the University's physical environment and business operations that contribute to providing exceptional experiences for our students, faculty, staff, and visitors.

#### Mission of Program / Department

*Provide the program / department mission in the space provided. The mission statement should concisely define the purpose, functions, and key constituents. If none is available, write "None Available in 2017-2018."*

It is our mission to implement, monitor, manage, and maintain information technology resources (such as the campus data network, telephone system, computer systems, computer labs, and servers) at the University of Louisiana at Lafayette in support of the primary University functions of instruction, research, and public service. Additionally, we offer centralized support, training, and consulting services related to the technology provided to our campus community.

The Office of Information Technology is one of the primary divisions at the University of Louisiana at Lafayette reporting to the Vice President for Administration and Finance. Its' more than 60 employees in four departments includes programmers, systems analysts, consultants, system and network administrators, operators, and service support personnel.

#### Attachment (optional)

The primary purpose of assessment is to use data to inform decisions and improve programs (student learning) and departments (operations); this is an on-going process of defining goals and expectations, collecting results, analyzing data, comparing current and past results and initiatives, and making decisions based on these reflections. In the space below, describe the program's or department's overall plan for improving student learning and/or operations (the "assessment plan"). Consider the following:

- 1) What strategies exist to assess the outcomes?
- 2) What does the program/department expect to achieve with the goals and objectives identified above?
- 3) How might prior or current initiatives (improvements) influence the anticipated outcomes this year?
- 4) What is the plan for using data to improve student learning and/or operations?
- 5) How will data be shared within the Program/Department (and, where appropriate, the College/VP-area)?
